FISCAL YEAR 2008

MANUAL

SECTION V:

CICP ENABLING LEGISLATION

EFFECTIVE: JULY 1, 2007

Colorado Statutes
TITLE 25.5 HEALTH CARE POLICY AND FINANCING
ARTICLE 3 INDIGENT CARE

25.5-3-101. Short title.

This part 1 shall be known and may be cited as the "Colorado Indigent Care Program".

25.5-3-102. Legislative declaration.

- (1) The general assembly hereby determines, finds, and declares that:
 - (a) The state has insufficient resources to pay for all medical services for persons who are indigent and must therefore allocate available resources in a manner that will provide treatment of those conditions constituting the most serious threats to the health of such medically indigent persons, as well as increase access to primary medical care to prevent deterioration of the health conditions among medically indigent people; and
 - (b) Such allocation of resources will require the prioritization of medical services by providers and the coordination of administration and delivery of medical services.
- (2) The general assembly further determines, finds, and declares that the eligibility of medically indigent persons to receive medical services rendered under the conditions specified in subsection (1) of this section exists only to the extent of available appropriations, as well as to the extent of the individual provider facility's physical, staff, and financial capabilities. The general assembly also recognizes that the program for the medically indigent is a partial solution to the health care needs of Colorado's medically indigent citizens. Therefore, medically indigent persons accepting medical services from such program shall be subject to the limitations and requirements imposed in this part 1.

25.5-3-103. Definitions.

As used in this part 1, unless the context otherwise requires:

- (1) It is the purpose of this section to implement the provisions of amendment 3 to article V of the Colorado constitution, adopted by the registered electors of the state of Colorado at the general election November 6, 1984, which prohibits the use of public funds by the state of Colorado or its agencies or political subdivisions to pay or otherwise reimburse, directly or indirectly, any person, agency, or facility for any induced abortion.

- (b) However, such services may be performed in other than a licensed health care facility if, in the medical judgment of the attending physician, the life of the pregnant woman or her unborn child is substantially threatened and a transfer to a licensed health care facility would further endanger the life of the pregnant woman or her unborn child. - (4) (a) Any physician who renders necessary medical services pursuant to subsection (2) of this section shall report the following information to the state department:

 - (III) The presence of a psychiatric condition which represents a serious and substantial threat to the life of the pregnant woman if the pregnancy continues to term. In such case, unless the pregnant woman has been receiving prolonged psychiatric care, the attending licensed physician shall obtain consultation from a licensed physician specializing in psychiatry confirming the presence of such a psychiatric condition. The attending physician shall report the findings of such consultation to the state department.
- (c) "Necessary medical services" means any medical procedures deemed necessary to prevent the death of a pregnant woman or her unborn child due to life-endangering circumstances.
- (7) If any provision of this section or application thereof is held invalid, such invalidity shall not affect other provisions or applications of this section which can be given effect without the invalid provision or application and, to this end, provisions of this section are declared severable.
- (8) Use of the term "unborn child" in this section is solely for the purposes of facilitating the implementation of section 50 of article V of the state constitution and its use shall not affect any other law or statute nor shall it create any presumptions relating to the legal status of an unborn child or create or affect any distinction between the legal status of an unborn child and the legal status of a fetus.
