Acknowledgements

This report was funded by Justice Assistance Grant (JAG) grant number 24DB19642 from the U.S. Department of Justice, Bureau of Justice Assistance, Colorado Division of Criminal Justice, and obtained with approval by the Colorado JAG Board. We are grateful for the support of the JAG Board over many years.

We would like to thank the many researchers who contributed to this report. Without the data analyzed and published by criminal justice researchers across the state and nation, this report would be slim indeed. In particular, we are grateful for the work of our colleagues at the Bureau of Justice Statistics in the U. S. Department of Justice. We are also grateful to research staff from following agencies: the Division of Probation Services in the Judicial Branch; Division of Youth Corrections (DYC); Department of Corrections (DOC); Colorado Bureau of Investigations (CBI); the Colorado Integrated Criminal Justice Information System (CICJIS); the Office of Adult and Juvenile Justice Assistance, Division of Criminal Justice; and the Office of Community Corrections, Division of Criminal Justice. We would also like to thank Dominique Simons for contracting with us to work on this report.

We are most grateful to John Patzman and Bill Webster of 1000 Robots Design for their hard work and creative graphic design.

We would like to thank our Division Director, Jeanne Smith, for her support of our work. We are also very grateful for the support of the Executive Director of the Department of Public Safety, Peter Weir.

Despite all the assistance and support we have received, we alone are responsible for this report and any omission or errors that remain.
