APPLICATION IS STILL IN PROCESS, PLEASE
CALL (303) 239-4447**

**Sex Offender Treatment Board
Colorado Department of Public Safety
Division of Criminal Justice
700 Kipling St., Suite 1000
Denver, CO 80215**

**Phone: (303) 239-4447
FAX: (303) 239-4491**

BACKGROUND:

In 1992, the Colorado General Assembly passed legislation¹ which created a Sex Offender Treatment Board to develop standards for the evaluation, treatment and behavioral monitoring of adult sex offenders. The Board issued the document "*Standards and Guidelines for the Assessment, Evaluation, Treatment and Behavioral Monitoring of Adult Sex Offenders*" (hereafter Standards) in January of 1996. The Standards have been revised and will be published in April 1998. A copy of the Standards is available on request by calling (303) 239-4447.

State statute² prohibits the Department of Corrections, the Judicial Department, the Division of Criminal Justice of the Department of Public Safety, or the Department of Human Services from employing or contracting with, or allowing a convicted sex offender to employ or contract with providers unless they meet these Standards.

APPLICATION PROCESS:

Since 1996, the Board has been working to process the applications of treatment providers, evaluators, plethysmograph examiners, and clinical polygraph examiners to create a list of these providers who meet the Standards. Application materials may be obtained by calling (303) 239-4447.

WHAT THE LIST MEANS:

When a provider is listed in the list, it means that he/she (1) has met the education and experience qualifications established in the Standards and (2) has provided sufficient information for a determination that services appear to be provided according to the Standards. In addition, each provider agrees in writing to provide services in compliance with the standards of practice outlined in the Standards.

Being on the list is neither licensure nor certification of the provider. It does not imply that all providers offer exactly the same services. The List also does not create an entitlement for referrals from the Criminal Justice System.

HOW TO USE THE LIST:

The list is organized in two parts: (1) alphabetically by county of business address of the provider, and (2) alphabetically by last name within the categories below.

Section 16-11.7-101 through Section 16-11.7-107 C.R.S.
Section 16-11.7-107 C.R.S.

DEFINITIONS:

Treatment Provider - Full Operating Level: In addition to meeting all the other applicable Standards, a treatment provider at the full operating level has accumulated at least 1000 hours of clinical experience with sex offenders in the last five years, and may practice without supervision.

Treatment Provider - Associate Level: In addition to meeting all the other applicable Standards, a treatment provider at the Associate Level has accumulated at least 500 hours of clinical experience with sex offenders in the last five year, and must receive regular supervision from a provider at the Full Operating Level.

Evaluator - Full Operating Level: In addition to meeting all the other applicable Standards, an evaluator has conducted at least 40 sex offense-specific evaluations of sex offenders in the last five years.

Evaluator - Associate Level: In addition to meeting all the other applicable Standards, an evaluator at the Associate Level has conducted fewer than 40 sex offense-specific evaluations to date and is receiving supervision from an evaluator at the Full Operating Level.

Clinical Polygraph Examiner: In addition to meeting all the other applicable Standards, a clinical polygraph examiner has conducted at least 150 criminal specific-issue exams, of which at least 50 shall have been conducted with suspected or convicted sex offenders.

Intern Clinical Polygraph Examiner: In addition to meeting all the other applicable Standards, an intern clinical polygraph examiner is working under the guidance of a qualified clinical polygraph examiner to complete at least 150 criminal specific-issue exams, of which at least 50 shall have been conducted with suspected or convicted sex offenders.

Plethysmograph Examiner: In addition to meeting all the other applicable Standards, a plethysmograph examiner has received qualified training in the use of the instrument and the interpretation of test results, and has agreed to comply with the "Guidelines for the Use of the Penile Plethysmograph" published by the Association for the Treatment of Sexual Abusers.

NOTE: Unless otherwise noted, providers are at the full operating level.

The revisions to the Standards, to be published in April 1998 will result in the following changes to these definitions:

Evaluator - Full Operating Level: To be initially placed on the list as an Evaluator at the full operating level, the individual must be on the list as a Treatment Provider at the full operating level.

Evaluator - Associate Level: To be initially placed on the list as an Evaluator at the associate level, the individual must be on the list as a Treatment Provider at either the full operating level or the associate level.

Clinical Polygraph Examiner: A Clinical Polygraph Examiner has conducted at least 150 criminal specific-issue exams, of which at least 50 shall have been clinical polygraph examinations conducted with suspected or convicted sex offenders. The 50 clinical exams shall be in a 12 month period and at least 20 of the exams must be disclosure exams and 20 more must be maintenance or disclosure exams.

Intern Clinical Polygraph Examiner: Will change to **Associate Level Clinical Polygraph Examiner.** A Clinical Polygraph Examiner at the associate level is working under the Supervision of a Clinical Polygraph Examiner at the full operating level to complete at least 150 criminal specific-issue exams, of which at least 50 shall have been conducted with suspected or convicted sex offenders in a 12 month period as required for Clinical Polygraph Examiners at the full operating level.

Plethysmograph Examiner: A Plethysmograph Examiner will be required to be on the list as a Treatment Provider under the Standards.
