CATALOG FOR THE
1972-73 ACADEMIC YEAR

FORT LEWIS COLLEGE is accredited by the
North Central Association of Colleges and Secondary Schools.

Discrimination on the grounds of race, color, religion, sex, or national origin is contrary to the purposes and policies of Fort Lewis College and violates the spirit and intent of both state and national Civil Rights Laws.

Students interested in admission to Fort Lewis College are referred to page 11 of this catalog.

ACADEMIC CALENDAR 1972-1973

SUMMER, 1972

First Session	April 24—May 26
Special Project Month	May 1—May 26
Second Session	June 5—July 7
Third Session	July 10—August 11

FALL, 1972

August 11	Friday	Deadline for accepting Applications
September 5 & 6	Tuesday & Wednesday	Faculty Workshop
September 7	Thursday	Freshmen arrive on campus
September 8	Friday	Freshman counseling and registration
September 9	Saturday	Upperclass registration
September 11	Monday	Classes begin
November 1	Wednesday	Mid-term grades due
November 22-26	Wednesday-Sunday	Thanksgiving break
November 27	Monday	Classes resume
December 20	Wednesday	Term ends

WINTER, 1973

January 8	Monday	Registration
January 9	Tuesday	Classes begin
March 2-5	Friday-Monday	Long weekend vacation
March 6	Tuesday	Classes resume
April 14	Saturday	Graduation
April 20	Friday	Term ends

The State Board of Agriculture reserves the right to change these dates.

THE COLLEGE

Fort Lewis College is a State-supported liberal arts college accredited by the North Central Association of Colleges and Secondary Schools. The College became a four-year institution of higher learning in the fall of 1962 with a charge from its Board to develop a program of high quality in the image of the more outstanding undergraduate institutions in the nation. The College is one of Colorado's newest senior colleges, although its tradition dates back to the settlement of the San Juan Basin and its establishment as an army post called Fort Lewis in 1878. It has been successively an Indian School, a secondary school, a two-year branch of Colorado State University, a state-supported junior college, and finally a degree-granting, liberal arts college. In its present status it is cast in the role of an experimental college. The College operates on a modified trimester academic calendar.

ENROLLMENT

A steady pattern of growth and development has occurred at the College since 1962, both in enrollment and in financial resources. In 1962, the enrollment was 720 students. In the fall of 1971 the enrollment was over 2300.

PHYSICAL PLANT

The College, originally located 16 miles southwest of Durango, moved to its present location in 1956; none of the buildings are older than that date.

A library-classroom building and six new residence halls were opened for use in 1967. A new student center was completed in 1968 and a life science addition to the academic building in 1969. A new physical education building and a new humanities-fine arts building were completed in 1971. In addition to these new buildings, there is an academic building, fine arts building, gymnasium, student center, chapel, health center, married student apartments, and seven residence halls.

THE FACULTY

The faculty of the College consists of over 100 full-time teachers. One of the strong convictions prevailing at Fort Lewis is that every member of the academic faculty must be an excellent and dedicated teacher. Special advantages immediately accrue to students in a college whose faculty is primarily concerned with teaching and counseling and where students can receive personal attention.

THE PHILOSOPHY

The liberal arts program at Fort Lewis College is designed to help the student to live a complete, useful and satisfying life, whatever may be his individual interests or goals. The aim of a liberal arts education is to put each person as fully as possible in command of himself, so that he may make use of his abilities and training to the best interests of himself and of society. The College expects its students to be broadly educated in the liberal arts, so that they may take best advantage of their special training in a particular discipline.

The goal of the College is the education of people to enjoy life, to assume willingly the responsibilities of democracy in the world of today, and to make a living through employment of their talents and skills in ways satisfying to themselves and to society.

The main business of the College is teaching—teaching first of all in the classroom and in the laboratory; and secondly through continued out-of-class contact among individual faculty members, administrative personnel, and students. The College attempts to cultivate an atmosphere of informality and friendliness.

The Fort Lewis program includes the following characteristics that mark the liberal arts nature of the College:

— Each student, regardless of his major area of interest, is required to complete satisfactorily 41 semester hours of “general studies.”

— Each student, regardless of his major area of interest, is required to complete as electives a considerable number of courses outside his primary academic field of study.

— The curriculum consists of a limited number of courses which has the effect of concentrating rather than fragmenting the knowledge acquired over the centuries.

— The College stresses the importance of student and professor exchanges, international experience, and field work under the concept that a modern liberal education unites the practical with the theoretical and attempts to extend the experiences of the members of the College community to many parts of the world.

The Fort Lewis College graduate must be aware of and have a basic knowledge of science, even though his major may be humanities or English, and, conversely, the science major is given a basic knowledge and appreciation of the humanities and the social sciences.

MODIFIED TRIMESTER CALENDAR

With the beginning of Senior College status in 1962, Fort Lewis adopted the trimester calendar. The College continues on a modified trimester plan. The Fall and Winter Trimesters are 15 weeks each. The Summer period is made up of 15 weeks but divided into three 5-week sessions. Credit hours earned in each of the three trimesters of an academic year equals those acquired in the normal semester.

At Fort Lewis, the Fall Trimester begins early in September and ends before the beginning of the Christmas vacation in December. The Winter Trimester begins early in January and ends in late April. The Summer terms begin about the first of May and end in mid-August.

Students who choose to attend Fort Lewis year around will find they can graduate in two and two-thirds calendar years.

SPECIAL PROJECT MONTH

In May of 1971 an experimental program was launched concurrent with the first five-week Summer Term. To encourage innovative and field projects, May has been designated *Special Project Month*. Projects are full-time courses carrying four semester hours of credit. Students freed from the competition of other courses for their time are able to concentrate on one course only. Also this permits the work to be conducted on or off campus as the best interest of the course dictates.

THE LIBRARY

The library is a major unit of the institution, serving primarily as a teaching instrument in which all of the materials and activities are channeled to accomplish these objectives:

1. To supplement and enhance instruction.
2. To encourage the extra-curricular use of library materials by students with a view toward facilitating the life-long process of self education.

The library collection includes more than 85,000 volumes and nearly 650 magazine subscriptions. In addition, the library has some 34,000 microforms, including 20,000 microbooks, 6,600 reels of microfilm, and 7,400 microfiche panels. Audiovisual materials also provide a wealth of resources. Some 1,700 individually cataloged recordings and a broad collection of films, filmstrips, and overhead projection transparencies comprise this component of the library holdings.

The modern library building provides reading space for more than 300 students, with the majority of the seating at individual stations. It is also designed for expansion as future growth of the institution occurs. Excellent audio-visual facilities, including listening rooms, preview rooms, and television equipment are available. The stacks are open and the featured areas include a bibliographic and reference section, several browsing areas centered around an attractive fireplace, seminar rooms, facilities for reading microfilm, listening to recorded information, and a Southwest special collection room.

As a further service, all students and members of the academic faculty have the privilege of borrowing materials from other libraries throughout the Rocky Mountain region.

CENTER OF SOUTHWEST STUDIES

The Center of Southwest Studies serves a three-fold purpose: it makes possible the gathering into one place the widely-scattered records of the development of the Southwest; it provides an enrichment to the entire academic program of the College through the materials collected and the faculty members directly involved in the program; and the focus on Southwest Area Studies affects a close and desirable integration of several otherwise separate academic disciplines within the College.

The holdings of the Center include books, magazines, newspapers, separates, photographs, and records of all kinds. At the present time, the materials on the American Indians are among the largest in the entire western portion of the United States. Mining, railroad, and military records and early Colorado newspapers comprise other significant holdings. Most of the collection is housed in the Southwest Room of the Library and the materials are available for students in all disciplines and other interested persons to use in research projects of all types.

COMPUTER CENTER

Fort Lewis College has a new computer center built around a medium sized, third-generation computer. This facility provides for students and faculty an important tool for creative work in independent study as well as in many regular courses in sciences, mathematics, business, and social sciences.

THE FORT LEWIS COLLEGE FOUNDATION

The Fort Lewis College Foundation was established for the purpose of soliciting, receiving, managing, and disbursing gifts to Fort Lewis College. The Foundation operates only for the welfare of Fort Lewis College and is a non-profit, tax-exempt foundation. Donors may earmark gifts for specific programs of the College or designate their contributions for general college use. The Foundation is managed by 17 trustees from southwestern Colorado. For further information, please contact the Office of the President, Fort Lewis College.

ADMISSION

Fort Lewis College selects for admission those applicants who appear to be best qualified to benefit from and contribute to the educational environment of the College.

Students may apply for admission to Fort Lewis College any time after completion of their junior year of high school. An application should be submitted as early as possible and at least one month prior to registration. The required application form usually will be available at the office of any Colorado High School counselor. It can always be obtained from the College.

FRESHMEN

A high school student should:

Obtain an application blank from the high school counselor or from Fort Lewis College.

Fill out Part One of the application and mail it with a \$10 application fee to the office of Admissions and Records. Have his high school principal or counselor fill out Part Two. (This report is to be forwarded directly to the College.)

Take the *American College Test* and have the results sent to Fort Lewis College. Complete information regarding the test may be secured from the high school counselor or principal, or by writing to Registration Department, American College Testing Program, P.O. Box 414, Iowa City, Iowa 52240.

The entering freshman class is selected from applicants who by their records from high school and American College Test results show promise of profiting from the educational opportunities offered by Fort Lewis College.

The Director of Admissions and Records and his advisers base their judgment on the high school record, the rank in class, the American College Test results as well as recommendations and other pertinent information.

Those admitted are normally high school graduates (grades 9-12) who have completed 15 acceptable secondary school units, with preference being given to students who have followed a strong college preparatory program. Of the 15 units, at least 10 must be chosen from these academic fields: English, foreign languages, mathematics, science, and social studies, and include not fewer than 3 units of English.

In keeping with the theme of academic excellence at Fort Lewis College, an Honors at Entrance program has been established for superior freshmen students. Each year a limited number of entering freshmen will be awarded Honors at Entrance.

TRANSFERS FROM OTHER COLLEGES OR UNIVERSITIES

A college student wishing to transfer to Fort Lewis College should:

Request a transfer student application form from the Office of Admissions and Records.

Complete the application and send it to the Office of Admissions and Records at Fort Lewis College with a \$10 application fee.

Request that an official transcript be forwarded to Fort Lewis College to the attention of the Director of Admissions and Records from each college or university attended. Generally, American College Test results are not required for transfer students.

Request the Dean of Students or appropriate personnel officer at the previously attended college or university to forward a completed Part II of the Transfer Application form to the Director of Admissions and Records.

Transfer students who have completed less than one full successful academic year in college should also have a high school transcript forwarded to the Director of Admissions and Records.

Applicants with a cumulative scholastic average of "C" and honorable dismissal from other colleges and universities may be admitted at the beginning of any term. College course credits that fulfill the requirements for a degree program at Fort Lewis College will ordinarily be acceptable for transfer.

Normally a maximum of 66 semester hours or equivalent from a junior college may be applied toward a degree. Ordinarily, credit in upper-division courses from junior colleges will not be accepted as upper-level work at Fort Lewis College. An effort will be made to bring college transfer students into the Fort Lewis College program without loss of previously earned credits.

RESUMPTION OF STUDIES BY FORMER STUDENTS

Former students of the College returning after an absence of more than one trimester must petition to resume studies. If the student has attended other collegiate institutions in the interval, he must file complete transcripts of all work taken.

ADMISSION OF STUDENTS FROM FOREIGN COUNTRIES

Fort Lewis College has been approved by the United States Department of Justice as an institution of higher learning for non-quota students.

In general, applicants from foreign countries are required to qualify for admission as other applicants do. A brief statement concerning the admission policies for foreign applicants may be obtained from the Office of Admissions and Records.

ADMISSION OF UNCLASSIFIED STUDENTS

Under special circumstances individuals may be permitted to register for certain courses without having been admitted formally to the College. Usually these are adults whose objectives may be realized by taking a few courses rather than by pursuing a degree. The privilege of re-registering may be withdrawn at any time when the accomplishments of a student are not deemed satisfactory. Satisfactory performance as an unclassified student may qualify one for regular admission.

EARLY ADMISSION

ADMISSION AS FULL-TIME STUDENTS

Since 1959, Fort Lewis College has offered a limited program in early admission for a selected number of well qualified high school students. Under this program an outstanding scholar who has completed 14 acceptable units in high school may apply for admission as a regular freshman full-time student at Fort Lewis College.

For further information the Office of Admissions and Records should be contacted.

HIGH SCHOOL SENIORS AS PART-TIME STUDENTS

Superior high school seniors who attend a high school within commuting distance of the campus or extension centers may be admitted as part-time freshmen students in order to take one or two courses. Such students are required to meet early admission requirements and have the approval of the high school administration.

Students wishing to participate in this program should obtain further information from the Office of Admissions and Records or the high school counselor.

ADMISSION OF AMERICAN INDIAN STUDENTS

Fort Lewis College is privileged by Colorado Revised Statutes as follows:

124-14-1. *Legislative declaration.* The general assembly hereby finds, determines, and declares: That Fort Lewis College had its beginnings on land originally set aside by the federal government as an Indian School; that a sizeable Indian student population on the campus of Fort Lewis College is desirable; that the state will continue and improve the outstanding Indian education program now in existence at Fort Lewis College; that although this article is intended to establish the obligation of the state of Colorado in this regard, the state intends to pursue all other possible sources of funding for program development and student aid for the Indian education program . . .

124-14-5. Tuition fees — Indians. (1) The state Board of Agriculture shall fix tuition, in accordance with the level of appropriations set by the general assembly for the college, subject to the restriction that all qualified Indian pupils whose domicile lies within the geographic boundaries of the state of Colorado, who qualify for in-state tuition under article 18 of this chapter, and who are not otherwise able to pay tuition, shall at all times be admitted to such school free of charge for tuition and on terms of equality with other pupils.

(2) Special programs may also be offered to assist Indian pupils to prepare for, begin, or continue their college education at Fort Lewis College. Indian pupils whose domicile lies within the geographic boundaries of the state of Colorado, who qualify for in-state tuition under article 18 of this chapter, and who are not otherwise able to pay tuition, shall not be charged tuition for such programs. The size of any special programs offered pursuant to this subsection (2) shall be limited by the facilities and revenues available and by the level of appropriations set therefor by the general assembly. Indian pupils whose domicile lies within the geographic boundaries of the state of Colorado shall have preference over all other pupils for admission to such programs.

Fort Lewis College adheres to the following definition: "The term Indian shall include all persons of Indian descent who are members of any recognized Indian tribe now under Federal Jurisdiction, and all persons who are descendants of such members who were, on June, 1934, residing within the present boundaries of any Indian reservation, and shall further include all persons of

one-half or more Indian blood. Eskimos and other aboriginal people of Alaska shall be considered Indians . . ." (United States Code, 1964 Edition Vol. 6, Title 25, Chapter 14, Section 479, Page 4, 897.)

While the Colorado statutes quoted above offer tuition-free education to those Indians who qualify for in-state classification, many other Indian students attend Fort Lewis College. Other kinds of financial aid are available to help needy out-of-state Indians. Such students should apply for admission as any other student and write the Office of Financial Aid for information on help available to them.

ADVANCED PLACEMENT PROGRAM

Fort Lewis College participates in the Advanced Placement Program of the College Entrance Examination Board. Under this plan outstanding secondary school students may take certain college-level courses in their own high school. Satisfactory scores on an examination administered and graded by the College Board are forwarded to Fort Lewis and may serve as a basis for credit and/or advanced placement. The decision of the College in such cases is final.

Anyone interested in additional information may consult his high school guidance counselor or write to the College Entrance Examination Board, Box 592, Princeton, New Jersey.

ANY QUESTIONS ABOUT ADMISSION NOT ANSWERED
HERE SHOULD BE ADDRESSED TO:

OFFICE OF ADMISSIONS AND RECORDS
FORT LEWIS COLLEGE
DURANGO, COLORADO 81301

COSTS AND FINANCIAL AIDS

COSTS

Costs for students attending Fort Lewis College will vary in accordance with the number of trimesters they attend. The cost for the Colorado resident who attends two trimesters, an academic year, will amount to approximately \$1,450, which includes tuition, fees (including 12-month health and accident insurance coverage), room, and twenty meals per week. Out-of-state students will pay approximately \$2,250.

Personal expenses, such as clothing, travel, social activities, books and supplies will depend upon the individual and are in addition to the above expenses. The State Board of Agriculture, governing body for Fort Lewis College, reserves the right to change any charges at any time without prior notice. Reference should be made to the current Schedule of Fees card for a listing of all charges and payment or refund policies.

FINANCIAL AID

Fort Lewis College offers a complete financial aids program of scholarships, grants, loans, and part-time employment for its students. All students are eligible for consideration when they have been accepted for admission or are in attendance and in good standing. Every effort is made by the Office of Financial Aid to provide the best type of aid or combination of aid to assist deserving students in completing a college education. A student's demonstrated financial need and academic record are prime factors considered in making awards.

The awards which are not based entirely upon financial need are Recognition of Merit Grants, Music Grants, Speech-Drama Grants, and Athletic Grants. A limited number of part-time jobs are available on a no-need basis.

Most awards are made on the basis of financial need. The Office of Financial Aid follows a procedure which assures each applicant consideration for all types of awards based on the information supplied in the student's application for financial aid.

How to Apply — When to Apply

Students may initiate an application for financial aid by filing the family financial statement of the American College Testing Service (ACT), application forms available in the Colorado High Schools, or by requesting a form from the College. Directions for completion are supplied with the forms. Normally, applications should be completed by June 1 for complete consideration for all awards for the next academic year. Inquiries should be addressed to the Office of Financial Aid, Fort Lewis College.

SERVICES TO STUDENTS

ACTIVITIES AND ORGANIZATIONS

The intent of Fort Lewis College is to equip students to live purposefully and effectively in a complex world. This is accomplished by faculty, staff, and students working together. The coordination of these activities is the function of the Office of the Dean of Students.

ATHLETICS AND RECREATION

INTERCOLLEGIATE ATHLETICS. Fort Lewis College has a comprehensive men's intercollegiate athletic program and sponsors teams in the following sports: football, basketball, wrestling, skiing, golf, tennis, and track. All Raider teams compete against four-year colleges in the Rocky Mountain and Southwestern areas. Facilities include six tennis courts, two gymnasiums, football stadium, 440 yard track, and ice skating pond. Located adjacent to the campus are the municipal golf course and a ski hill. Fort Lewis is a member of the Mountain Division of the Rocky Mountain Athletic Conference, National Association of Intercollegiate Athletics, and the National Collegiate Athletic Association.

INTRAMURAL ATHLETICS. An excellent intramural athletic program is offered at Fort Lewis College. The following activities are provided: flag football, baseball, softball, basketball, track and field, tennis, golf, volleyball, badminton, wrestling, and a women's intercollegiate program.

RECREATION AND PHYSICAL EDUCATION. The physical education program for both men and women at Fort Lewis College emphasizes individual and dual sports. Facilities and equipment for golf, tennis, badminton, bowling, archery, weight training, ice skating, and skiing are available.

RELIGIOUS AFFAIRS

One of the standing committees, the Religious Affairs Committee, concerns itself with religious organizations and activities of the students. The College encourages a student to pursue the religion of his choice. Active organized groups on campus are the Newman Club, Baha'i, Raider Christian Fellowship, Student Association of the Church of Jesus Christ of Latter Day Saints (LDSSA), and the Campus Crusade for Christ.

STUDENT ORGANIZATIONS

STUDENT GOVERNMENT

The **STUDENT SENATE** of Fort Lewis College is the central agency for student policy, planning, coordinating, and budgeting for all College organizations. The Senate consists of fifteen senators elected at large by the student body. One-third of the senate members are elected each trimester for terms of one year. Many of the diverse responsibilities of the Student Senate are delegated to various standing committees and numerous temporary committees. Two of the largest committees in scope and in membership are the Student Union Board (SUB) and the Clubs and Organizations Activities Council (COAC).

The **STUDENT UNION BOARD** formulates policies for the operation of the Student Centers and coordinates and schedules events occurring in the Student Centers. Chaired by the Student Body President, this committee lists as permanent members the three student body vice presidents and three senators, as well as the Director of Student Activities.

The **CLUBS AND ORGANIZATIONS ACTIVITIES COUNCIL (COAC)** membership consists of representatives of all clubs, classes, and organizations chartered or constituted through the Student Government and the College. Budgets prepared by the member groups are reviewed by COAC before being presented to the Senate Budget Committee.

The executive branch of the student government at Fort Lewis College is unique in Colorado Colleges because it consists of a Student Body President, an Executive Vice President, a Publicity Vice President, and an Activities Vice President.

The **STUDENT BODY PRESIDENT** coordinates the efforts of the legislative and executive branches and provides communication between the faculty, administration, and students.

The **EXECUTIVE VICE PRESIDENT** chairs the senate meetings and is responsible for preparing the agenda.

The **PUBLICITY VICE PRESIDENT** is responsible for overseeing the budget committee and other committees. He is also responsible for submitting reports as directed by the President.

The **ACTIVITIES VICE PRESIDENT** presides over COAC and along with the other members of the executive branch plays a major role on the Student Union Board.

The STUDENT COURT has three Court Justices. One Court Justice is elected each trimester for a term of one year, and the senior member serves as Chief Justice. Adjudication of student affairs that cannot be settled elsewhere are brought before the court by petition for a decision.

CLUBS AND ORGANIZATIONS

The CLUBS AND ORGANIZATIONS ACTIVITIES COUNCIL (COAC) is composed of all clubs and organizations on campus which serve a wide variety of student interests from writing to skiing and from history to acting. Any student who does not find an organization already formed that relates to his particular interests may start one. The possibilities are unlimited.

GUIDANCE AND PLACEMENT

CAREER COUNSELING AND PLACEMENT SERVICE

The College has a full time placement and career counseling service. The placement service is located in the Office of Auxiliary Services. In addition to the Auxiliary Services personnel, faculty members are available for career counseling. Faculty advisors and department chairmen actively assist students and alumni seek career opportunities. The placement office works closely with the Cooperative Education Program.

It is suggested that students register with the Placement Office upon completion of their junior year.

Interviews with representatives of business, industry, government agencies as well as schools are arranged for students through the Placement Office. The Placement Office also tries to assist students in securing summer jobs as well as part time positions during the school year.

ALUMNI ASSOCIATION

The Alumni Association of Fort Lewis College is now duly constituted and incorporated by the State of Colorado as a non-profit organization. Every effort is being exerted to maintain an up to date mailing list.

Regular quarterly newsletters are planned starting in 1972-73. Correct addresses and current news of all former students are needed for a more complete and inclusive letter. Please drop us a line if you are an alumnus or have news of our former students.

COUNSELING SERVICES

The counseling service at Fort Lewis College offers the student the opportunity to explore and consider his problems that evolve from vocational, educational, and social concerns. The counseling services' offerings include individual sessions with a professionally trained counselor; availability and use of standardized tests of interests, aptitudes, and personality characteristics; assistance in choosing an appropriate occupational field; and help in study techniques and adjustment to college life. The counseling process, individualized for each student, is designed to help him meet his particular needs as he gains a greater sense of self-understanding, effectiveness, and a sense of direction. All information gathered during the counseling process is confidential and may be released only with the student's consent.

STUDENT CONDUCT

STUDENT CONDUCT CODE

Fort Lewis College believes that learning and day-to-day living cannot be separated. They go hand in hand. Therefore, student behavior which seriously threatens the individual or the community will not be tolerated. For these reasons and for their own human and social value, high standards of personal conduct are expected of students both on and off campus. Any student who is unwilling or unable to meet these standards may be asked to leave the College. There are no voluminous rules and regulations published concerning student conduct. The College relies instead on good taste and maturity of college students and on their assumption of full adult responsibility for the consequence of their behavior.

Fort Lewis College acknowledges the fact that most students recognize the importance of self-discipline and the expectations of a mature citizen in the College community. However, the complexity of College regulations frequently confuses those students who are unfamiliar with existing rules and regulations. For this reason it is necessary to point out that a demonstrated sense of responsibility and conformity to high standards of behavior in accordance with College, City, State, and Federal regulations is expected of all students.

Any student of Fort Lewis College, who by his or her conduct in the residence halls, cafeteria, classroom, or elsewhere on or off campus demonstrates a lack of regard for the established standards by which respected citizens of the community live, will be referred to appropriate officials for such corrective action as is deemed necessary.

The Fort Lewis College Student Handbook which is published annually includes specific College policies, rules, and regulations. It also includes the policies and procedures of the Committees on Student Life and Student Discipline which informs students of their rights and responsibilities to insure due process. The Student Handbook is provided to each student and may be secured in advance of arrival on campus from the Office of the Dean of Students.

TERMINOLOGY

WARNING. In addition to other penalties, disciplinary agencies may give a warning for minor infractions. These warnings are cumulative and are considered official College actions. When a student has completed his academic program, his previous warnings are null and void.

PROBATION. Probation is a middle status between good standing and suspension or dismissal. The student remains enrolled but under stated conditions according to College policies. Probation covers a stated trial period during which it is determined whether the student is returned to good standing, having met the stated requirements, or dismissed or suspended at the end of the probation period for failure to meet the stated requirements.

SUSPENSION. Suspension is an involuntary separation of the student from the College, but it differs from dismissal in that it implies and states a time limit when return will be possible. Thus suspension may extend for one trimester or until a specified date or a stated condition is met.

DISMISSAL. Involuntary separation of the student from the College is implied by the term dismissal. It may not be a permanent separation but neither is a definite time set when return is expected. Terms having the same meaning which seem less commonly used and which could be replaced by dismissal are involuntary withdrawal, requested withdrawal, disqualification, expelled, or expulsion.

POLICY ON GUNS AND WEAPONS

Guns and other lethal weapons are not allowed on the Fort Lewis College campus. Because of accidents that have occurred, and the failure of students to comply with the policy on storage of guns on campus, this regulation is deemed necessary. Students are reminded that it is also against school policy to store guns in their cars.

POLICY ON PEACEFUL ASSEMBLY

The policy in regard to demonstrations is really a reaffirmation of the commitment of the College to the principles of a democratic society in which each individual is entitled to the rights and privileges guaranteed him by the Constitution of the United States, including the right of peaceful assembly and that of free speech.

The primary purpose of Fort Lewis College is to provide facilities for obtaining an education to its students. Any peaceful demonstration by groups exercising the right of peaceful assembly and free speech will receive the full protection of any and all administrative personnel and staff. Any student who attempts to interfere with the exercise of these rights will be subject to College disciplinary action. Conversely, if an individual participating in a demonstration impedes the freedom of movement of other individuals, or if he in any way obstructs the normal use of a building or other facility, or interferes with the normal academic processes of the College, then he too will be subject to College discipline.

All students at all times are expected to behave in accordance with the Student Conduct Code which calls for a high standard of personal behavior governed by good taste and maturity. This code warns that any student behavior which seriously threatens the individual or the community will not be tolerated.

DEAN OF STUDENTS

The Dean of Students is officially charged with encouraging and promoting high standards of conduct by all students. Through his own initiative, or through referrals made by members of the faculty, staff, or others, he considers all cases of misconduct and, to insure due process, will refer those of an especially serious nature to an appropriate committee for advice.

STUDENT HEALTH SERVICE

Student Health Service endeavors to maintain good student health through a program of preventive and therapeutic medicine. Every effort is made by the College physicians and nurse to serve the individual needs of students.

Student Health Service, an out-patient treatment center, is located near the center of the campus and residence halls. A registered nurse is on duty during the daytime hours and on call evenings and nights. The campus hours of the College physicians are posted in the Student Health Center. One of the College physicians is on call after Student Health Center hours.

Student Health Center provides general medical care and minor surgical procedures. It issues certificates of exemptions from or limitations to any required physical education program for health reasons.

All medical records are confidential. No release of information is possible without the written consent of the individual involved except in cases of public health matters in which certain reports of contagion may be required by public health officials.

Accident and sickness (hospitalization) insurance is available to all students.

A complete physical examination is only required for participation in intercollegiate athletics.

A physician's statement of approval for participation in intramural athletics is required. In the case of a serious, chronic illness or medical problem the family physician should provide a detailed statement to Robert C. Pivonka, M.D., Health Center, Fort Lewis College.

HOUSING

The residence halls at Fort Lewis College provide a physical environment designed to further the academic, cultural, and personal development of the student. The College assumes the responsibility of providing housing for nearly half of the student enrollment.

All residence halls are financed in such a manner that they are paid for by the students who occupy them. Because the College has a considerable financial investment in these facilities, it is necessary to manage them efficiently under the terms of a policy established by the State Board of Agriculture that assures a level of occupancy enabling Fort Lewis College to meet its financial obligation.

PROMINENT WITHIN THIS POLICY IS THE REQUIREMENT THAT ALL SINGLE STUDENTS WHO ARE UNDER 21 YEARS OF AGE WILL LIVE ON CAMPUS UNLESS THEY ARE LIVING AT HOME WITH THEIR PARENTS. Exceptions to this are very rare and the responsibility of the Dean of Students Office.

In order to gain exemption, a student and his parents should communicate with the Dean of Students Office well in advance of the student's arrival on campus stating the reasons under which exemption is sought. No requests will be considered on days of registration. All residence hall space is assigned on a space-available basis. The College Housing Office assists those unable to secure on-campus accommodations.

Fort Lewis College may be characterized as somewhat conservative or traditional in its approach to residence hall living policies. Women residents, except those upper division students in the Bader Complex, are required to observe closing hours of 11 p.m. Sunday through Thursday and 1 a.m. on Friday and Saturday. There are no coeducational living accommodations on campus. Alcoholic beverages are not permitted on campus. The use, possession, or distribution of narcotic or dangerous drugs is not permitted on campus. Each residence complex is staffed by a Head Resident and Student Assistants. It is their responsibility to promote a living environment conducive for study and wholesome living. They are there as added resources for the student as he adjusts to collegiate living at Fort Lewis College in pursuit of a successful academic career. The Student Services Staff also attempt to stimulate supplementary social activities to aid in the personal growth and development of the individual. All living is a learning experience; the Fort Lewis College residence halls program is predicated on this principle, carried out in an educationally directed manner, and dedicated to providing safe, healthy, relaxed places for all students to live. The administration does not believe that such principles are best served through elaborate facilities or completely open facilities.

The RESIDENCE HALL ASSOCIATION (RHA) includes all students, both male and female living on campus. Each of the thirteen residence halls has a council of officers who coordinate the hall activities. RHA traditionally sponsors Residence Hall Week and the Intramural Sports Program.

Students admitted to Fort Lewis College should realize they are expected to follow the housing policies as a condition of their admission to the College.

SNACK BAR

A snack bar is provided for the student body in the New Student Union. The hours vary according to demand and are posted.

STUDENT UNION

Open from 12:00 noon to 10:00 p.m. 7 days a week.

COLLEGE BOOK STORE

The campus bookstore, called The Sutler's Shop, is located in the basement of the New Student Union Building. In addition, to all textbooks and supplies for all classes, the bookstore sells candies, tobaccos, jewelry, greeting cards, stationery, Fort Lewis jackets and shirts, magazines, toiletries, and various other sundries. The bookstore is designed to serve the students' needs, especially those who live on campus. The hours are 8 a.m. to 5 p.m., Monday through Friday.

IDENTIFICATION CARDS

Identification and activity cards are required of all students and are available in helping a student establish his identification for cashing checks and for admission to many campus events.

MAIL SERVICE

A post office is maintained in the New Student Union for the convenience of the students. Students living on campus have their mail delivered to the residence halls. **STUDENTS LIVING OFF CAMPUS SHOULD OBTAIN A POSTAL BOX AT THE COLLEGE POST OFFICE UNLESS THEIR PERMANENT ADDRESS IS DURANGO.**

MOTOR VEHICLES

All students are permitted to have their cars on campus, although freshmen often find that the ready availability of a car has been a contributing factor to a poor academic record. The student faculty advisor, the Academic Standards Committee, or the Dean of Students may restrict the use of an automobile if excessive use appears to be resulting in poor grades or other misuse.

Students and all Fort Lewis College personnel must register and pay the scheduled fees for all automobiles with the Campus Security Officer during the official registration period. Campus traffic and parking regulations are distributed at the time of registration.

Currently the registration fee is \$12. Students using campus parking lots are assessed this fee to pay for the construction and maintenance of parking lots, since it is the policy of the State of Colorado not to build parking lots with state funds. All parking sticker permits are pro-rated at the rate of \$1.00 per month from the time of the student's first registration until August 31 of the academic year.

ACADEMIC INFORMATION

PROGRAMS OF STUDY

The academic program is organized in three schools and one center: Arts and Sciences, Business Administration, Education, and the Center of Southwest Studies.

The School of Arts and Sciences offers work in Agriculture, Anthropology, Art, Biology, Chemistry, Engineering, English, Forestry, French, Geology, German, History, Industrial Arts, Latin, Mathematics, Music, Philosophy, Physics, Political Science, Sociology, Spanish, and Theater, as well as interdisciplinary work in the Humanities and the Physical Sciences. The School of Business Administration offers work in Accounting, Business Administration, Business Education, Economics, and Secretarial Science. The School of Education handles the professional preparation of teachers, both elementary and secondary; it also offers work in Psychology and Physical Education.

The Center of Southwest Studies is a unique part of Fort Lewis, providing for area studies in the Southwestern part of the United States and its relation to Latin America. The course work for this program is drawn mostly from Anthropology, Spanish, and History.

BACHELOR'S DEGREE

The College offers a number of programs leading to the bachelor's degree. When the College was first organized as a senior college in 1962, it began with seven degree majors; a number of new majors have been added recently, bringing the total now to twenty-one. The Bachelor of Science Degree is offered in Biology, Chemistry, Geology, and Physical Sciences. The Bachelor of Arts Degree is granted in all other four-year programs offered. Except for the major field, all requirements are the same for both bachelors degrees.

Suited to a wide variety of student needs, Fort Lewis programs prepare students for employment in business and industry, for graduate school, for teaching, and for professional schools such as law, dentistry, and medicine. Graduate school is recommended for those who plan to teach at the college or university level, as well as for certain positions in government work, business, and social service.

ASSOCIATE OF ARTS DEGREE

The College offers a program leading to the Associate of Arts degree in Secretarial Science, offered by the School of Business Administration. The requirements for this degree are given with the course listings under Business Education.

PROGRAMS IN COOPERATION WITH OTHER INSTITUTIONS

Since Fort Lewis College was at one time a branch of Colorado State University and is still under the same board of control, a fine relationship continues between the two institutions. Because of this relationship, Fort Lewis is able to offer programs in agriculture, forestry, and engineering. In these fields a student may take two years of work at Fort Lewis; if he follows the prescribed program and maintains a "C" average, his work will be accepted in a block toward these programs as a junior transfer to Colorado State University. (Of course these programs are transferable to other schools as well but on a course-by-course evaluation.) In the case of engineering, Fort Lewis also offers the student a 3-2 cooperative plan. In this case a student takes three years at Fort Lewis followed by two years at Colorado State University. At the end of the period he receives a degree from Fort Lewis in mathematics and a degree from Colorado State University in engineering.

The Biology Department also has arranged a cooperative medical technology program with two Colorado teaching hospitals.

ELEMENTARY AND SECONDARY TEACHING

The Fort Lewis School of Education offers programs leading to certification in elementary education and a wide variety of secondary teaching fields. The programs of study have been approved by the Colorado State Board of Teacher Education.

THE INTERCULTURAL PROGRAM

Fort Lewis College is operating a special program for college students of bilingual and bicultural backgrounds. Referred to as the Intercultural Program, its purpose is to assist students in overcoming difficulties encountered at the college level due to culturally related circumstances.

Operating primarily in behalf of American Indian, Spanish American, and foreign students, the Intercultural Program has a staff specializing in the areas of bilingual English and mathematics. A non-credit intensive English course is provided for students extremely deficient in the English language. For students who need help in acquiring the fluency expected in college-level English, a credit course in Modern English language is offered. Help sessions and extended class times, as needed, are provided the students in the beginning courses of the college mathematics program.

Counseling and advisory services are available regarding personal problems, selection of courses, and other matters pertaining

to the personal and academic needs of the students. Tutorial help is offered in nearly all of the major subject areas in cooperation with the college instructors.

During the summer months a six-week pre-college orientation program is held on campus for 100 selected college-bound students for the purpose of familiarizing the students with and preparing them for entrance into the college or university of their choice. Intensive non-credit courses in English, mathematics, and orientation to college are given the students. Particular attention is focused on the development of good study habits during this pre-college experience.

STUDENT AND FACULTY EXCHANGES: INTERNATIONAL AND FIELD EXPERIENCES

Fort Lewis College is aware that some of the most valuable educational experiences in the lives of students and professors come from study abroad or in another part of the United States. Facts and theories learned on campus can also be illumined by field trips to geological sites, Indian reservations, or community institutions.

The College has made a start in these matters by entering formal exchange arrangements with Concordia College, Moorhead, Minnesota, and Virginia Union University, Richmond, Virginia. Students in limited numbers can study with complete exchange of credits on the other campus. Joint, team-taught intensive seminars are also part of the exchange. The seminar on *American Indian Culture* in May, 1972, on the Fort Lewis Campus and similar seminars at the same time on the Virginia Union and Concordia campuses are examples. Special projects in May are another example.

A faculty-student committee seeks to guide and encourage such activities. Further information may be obtained from the office of the Dean of Faculty.

COOPERATIVE EDUCATION

Cooperative Education is a program whereby the College obtains career-related or career-exploratory employment for a student for a semester. In this program the student learns on the job for a term and then returns to campus for further classroom learning. Job placements are arranged by the College, with co-operating employers throughout the Southwest and are designed to compliment classroom instruction in order to help the student see relevance in his education and better define career goals.

Co-operative Education is open to students in good standing from all disciplines after completing two semesters in residence. Regular college tuition is paid by the student during the co-op term. Academic credit is awarded on a pass/fail basis evaluated on the student's employer performance rating and written project based on the work experience. Students generally receive 10 degree credits and 5 non-degree credits during the co-op trimester. A brief outline of the co-op experience appears on the student's permanent record.

The supervision, reports and personal interest of many thoughtful individuals in business, industry, and government make such an educational alternative possible. In 1971-72 over 50 employers co-operated with the College, by providing co-op employment. These employers included:

American Standard Metals Mine, Silverton, Colorado
B.I.A. Schools, Shiprock and Santa Fe, New Mexico
Cecil Cooper, C.P.A., Durango, Colorado
City Market, Inc., Durango, Colorado
Collbran Job Corps Center, Collbran, Colorado
Colorado Dept. of Game and Fish
Colorado Division of Youth Services, Walsenberg and Golden,
Colorado
Colorado Macco Construction Co., Steamboat Springs,
Colorado
Cuba School System, Cuba, New Mexico
D.N.A., Legal Services, Navajo Nation, Arizona
Denver Post, Denver, Colorado
Durango Ski Corporation, Durango, Colorado
Federal Forestry Institute of Switzerland, Geneva
J. C. Penney Co., Durango, Colorado
Jewish Research Hospital, Denver, Colorado
La Plata County District Attorney, Durango, Colorado
La Plata County Sheriff's Office, Durango, Colorado
Mercy Hospital, Durango, Colorado
National Center for Atmospheric Research, Boulder, Colorado
Navajo Nation Tribe, Window Rock, Arizona
Office of Economic Opportunity, Washington, D.C.
Papago Tribe School System, Sells, Arizona
Public Health Service Hospital, Shiprock, New Mexico
Sheltered Workshop, Durango, Colorado
Social Security Administration, Denver, Colorado
Swedish Hospital, Denver, Colorado
U.S. Civil Service Commission, Denver, Colorado
U.S. Forestry Service
U.S. Office of Education, Denver, Colorado
Ute Mountain Tribe, Ignacio, Colorado
White Mtn. Apache Tribe, White River, Arizona

The office of Co-operative Education works closely with the student's faculty adviser, department chairman and school director in planning the co-op trimester to insure proper evaluation and crediting of the experience. Course requirements may be waived based on the student's experience. In many circumstances, credit is awarded as undistributed elective in a field related to the work. The student may select to co-op during the Fall, Winter, or the entire Summer trimester and may participate in the program a maximum of three trimesters during his degree studies. A number of the employers hire co-op students as a means of recruiting permanent employees after graduation from the college. Therefore, a student may select to return with an employer for a second co-op trimester.

Co-operative Education is one of the new directions Fort Lewis College is exploring in the continuing development of opportunities for students to devise programs of study which combine experience and the classroom to make education more relevant, varied, stimulating, and useful.

CONTINUING EDUCATION

Education as a continuing process is a belief firmly entrenched at Fort Lewis College. The Continuing Education Program endeavors to fill the needs and demands of people in the San Juan Basin. Through night classes it can help the employed to complete courses for graduation, the interested to attain worthwhile leisure time activities, the busy housewife to better understand her community or her environment, and the unemployed to equip himself for gainful employment. Many courses are offered as an aid to teachers to meet certification requirements or to keep up with new developments in their fields; when possible, Fort Lewis College in cooperation with other Colleges and Universities will attempt to make graduate courses available, both on and off Campus. Fort Lewis College will offer specialized or hobby courses in diverse fields providing sufficient interest exists. Inquiries concerning Continuing Education should be addressed to the Assistant Dean of Faculty.

REQUIREMENTS FOR GRADUATION

GENERAL REQUIREMENTS

Each student works out his program of study in cooperation with his faculty adviser at the beginning of each semester to assure that the courses selected make for progression toward a degree. The student receives help and advice in selecting the courses required for a degree, but he has the responsibility for meeting the graduation requirements.

Each candidate for graduation must complete a minimum of 128 credit hours, a minimum cumulative grade-point average of 2.0, and a minimum grade-point average of 2.0 for those courses accepted to meet the requirements for his major course of study.

Candidates for bachelors degrees have three basic parts to their program: general studies, a major, and electives. Each candidate must complete a minimum of 41 credit hours in the general studies program to be chosen as outlined below, and 30 credit hours minimum in a field of specialization, called the major. The balance of the 128 hours required for graduation are called electives. The student has wide latitude in selecting these, although some of them may be specified in certain programs as auxiliary to the major or for teacher certification.

In addition, each candidate for graduation must complete a minimum of 28 credit hours in upper-division courses on campus. Among the 128 credit hours required for the degree, no more than 28 credit hours will be accepted for work completed by correspondence, extension, and broadcast educational television.

A course offered in substitution of a required course and the request that a requirement be waived must have the approval of the faculty adviser, the School Director, and the Dean of Faculty.

A student who already holds a bachelor's degree, and for special reasons desires to secure an additional bachelor's degree, must earn 28 hours at Fort Lewis College beyond any other bachelor's degree he now holds, and fulfill all general graduation requirements and the specific requirements for the major chosen.

GENERAL STUDIES

As a liberal arts college, Fort Lewis requires a broad background of general studies of all candidates for the bachelor's degree. Students have a variety of choices but they are specified by general categories in order to assure breadth of education in addition to the specialization required in the major. Each student will be aided by a faculty adviser in choosing a general studies program best suited to his own needs and interests.

I. SKILLS REQUIREMENTS

Every beginning freshman will take a freshman seminar in each of his first two semesters at Fort Lewis. (Freshmen in the Intercultural Program may postpone their first seminar for one or two semesters if this is recommended by their advisers.) The two seminars are to be chosen from different fields. They are offered in a wide variety of fields and are intended to develop at the beginning of a student's college career both research and communication skills.

II. THE LIBERAL ARTS DISTRIBUTION REQUIREMENTS

The groups below indicate the number of courses required in each group. There are many choices. The listing is by academic field in most cases, and any course in the field may be chosen with the exceptions noted in parentheses. However, some courses will be recommended by the departments above others, and any course with a prerequisite may not be taken without first fulfilling the prerequisite. Furthermore, courses of less than three hours' credit will not meet these requirements, except where there are laboratory activities related to other courses taken at the same time or previously.

Group A. VALUE STRUCTURE

Three courses must be chosen, at least one from each sub group.

1. English (except Engl 189, Engl 208, and courses numbered below Engl 125.)
Foreign Language
2. Art (except Art 203)
Industrial Arts 220, 221
Music (except Mu 314, Mu 315, Mu 316)
Theatre (except Thea 121)

Group B. QUANTITATIVE AND NATURAL SCIENCE

Three courses required; at least one must be a natural science with laboratory; the three must be chosen from at least two different fields.

Biology
Chemistry
Geology
Physics
Mathematics

The following individual courses outside these fields may also be chosen:

Statistics (BA 251, 252)
Logic (Phil 271)
The Physical Sciences (Phy Sc 105)

Group C. FOUNDATIONS OF SOCIETY

Two courses required.

History
Philosophy (except Phil 271)
Anthropology

Group D. SOCIAL STRUCTURE AND BEHAVIOR

Two courses required.

Economics
Political Science
Psychology (except Psych 218)
Sociology

SPECIAL STIPULATIONS FOR DISTRIBUTION REQUIREMENTS

1. At least one course used to meet the distribution requirements must be a non-Western or Latin American course. Such courses may be found in the following academic fields: Literature, Art, Music, Economics, Political Science, Sociology, Anthropology, History, and Philosophy. A list of specific courses will be published at registration time.* Also, a semester or more of appropriate foreign experience whether or not it is in a non-Western country will meet the requirement.
2. No course may count for both the Distribution Requirements and the major except in cases of majors having courses covering more than one academic field.

III. PHYSICAL EDUCATION

Two activity courses of one credit hour each required; the two must be in different activities.

MAJORS

All students seeking baccalaureate degrees must select a major area of study for specialization. The College now offers majors in Biology, Chemistry, Geology, Physical Sciences, Anthropology, Art, English, History, Humanities, Mathematics, Music, Political Science, Spanish, Accounting, Business Administration, Business Education, Economics, Elementary Education, Physical Education, Psychology, and Southwest Studies. In addition to these regular majors the College has established a procedure whereby a student with a special purpose may construct his own major. This ordinarily will be of an interdisciplinary character and should be worked out with an adviser and submitted to the Curriculum Committee for approval not later than the end of the sophomore year.

*At publication time the latest list included the following courses: Anth 211, Primitive Cultures; Anth 215, Primitive Religions; Anth 231, Archaeology of the SW; Anth 321, Topics in Ethnography; Anth 361, The North American Indian; Anth 259, Field Training in Archaeology; Anth 331, Archaeology of the SW; Engl 276, Folklore of the SW; FL 321 and FL 322, Survey of Hispanic American Lit I & II; FL 427, Hispanic American Novel and Poetry; FL 429, Mexican Literature; Hist 120 & 121, Social & Political History of Indians of SW I & II; Hist 170, Survey of Eastern Civilization I & II; Hist 270, Survey of Latin American Hist I & II; Hist 340, Studies in Near Eastern and African History; Hist 350, Studies in Asiatic History; Hist 370, Studies in Latin American History; PS 287, Comparative Governments.

ELECTIVE COURSES

The third part of a student's program of study consists of additional courses, called "electives," selected by him in accordance with his ability, interest, and purpose. The courses permit a student to become acquainted with other areas of knowledge to broaden his education, to supplement his major area of concentration, to meet specific requirements of a graduate school, to take professional teacher certification courses, or to add a second teaching field.

LIMITATION ON REPEATABLE COURSES

Certain courses are repeatable but have limits on the number of credits that can be counted toward graduation. The limit on Physical Activity courses is three semester hours. The limit on Concert Choir, Chamber Singers, and Band is four semester hours each. For purposes of maximum choir credit, Concert Choir and Special Choir are considered to be the same with a combined maximum of four hours permitted.

ACADEMIC PERFORMANCE

ATTENDANCE

Regular class attendance is expected. Each instructor keeps his own record of student absences and determines the extent to which absences affect final grades.

AUDITING PRIVILEGES

A student may audit courses with the permission of the instructor if he desires to attend classes regularly but does not wish to receive grades and credit.

Upon registration, the student must declare whether he wishes to take a course for audit or for credit. A student may not change from audit to credit basis, or vice versa, after the closing date for adding classes in each trimester. When registering, a student may take both audit and credit courses but the total should not exceed a normal load.

A student auditing courses is required to pay fees at the same rate as if enrolled for credit.

Students who wish to audit a course and later wish to obtain credit for it may do so by special examination.

REGULAR AND LATE REGISTRATION

Registration for each trimester immediately precedes the beginning of classes for that trimester.

Advanced registration periods and terminal dates for registration are announced each trimester. A fee is charged for late registration.

CHANGES IN PROGRAMS OF STUDY

The College reserves the right to cancel a class if enrollment in that class is not deemed sufficient.

Once a student has registered for a given set of classes, records are established, and no courses are dropped from, or added to, a student's official registration except on forms provided by the Office of Admissions and Records. Such changes are the responsibility of the individual student; he must make arrangements with the Office of Admissions and Records, with his faculty adviser, and with the instructors concerned. There is a fee charged for making changes.

With the consent of the adviser and the instructors, courses may be added during the first week and a half following registration.

With the consent of the adviser and the instructors, courses may be dropped at any time during the semester. However, a grade of W or F will be recorded at the discretion of the instructor. A student seeking to drop courses after the second week of the semester should inquire about his grade from the instructor before dropping a course.

A student who desires to withdraw from College entirely must go through an official withdrawal procedure starting with the Dean of Students' Office. Failure to do so leaves the student liable to a record of total failures for the semester.

CLASSIFICATION OF STUDENTS

A REGULAR STUDENT is one who has been admitted to the College and who has declared his intention to pursue the requirements for the baccalaureate or associate of arts degree.

Regular students are classified as follows according to semester hours completed:

Freshman	Less than 28 semester hours
Sophomore	28-59 semester hours
Junior	60-91 semester hours
Senior	92 or more semester hours

AN UNCLASSIFIED STUDENT is one who has been permitted to enroll but who does not intend to work toward a degree.

CREDIT FOR MILITARY SERVICE

Credit for military service may be allowed according to the recommendations established by the American Council on Education.

CREDIT THROUGH SPECIAL EXAMINATION

Credit for some courses may be earned by special examination. Application should be made to the chairman of the appropriate department.

The College Entrance Examination Board provides a group of standardized exams available in lieu of courses. These are called College Level Examination Program (CLEP) tests. Successful results are acceptable at Fort Lewis College for many of these. Students interested in credit by CLEP tests should inquire about details at the Office of Admissions and Records or the Dean of Faculty.

EXAMINATIONS

The number and type of examinations in any particular course are determined by the instructor. Separate days are set aside for the final examinations that come at the close of each trimester.

It is the student's responsibility to take all examinations or to arrange for exceptions directly with the instructor.

GRADING

The following grading pattern is used in the evaluation of academic work:

A	Excellent	D	Passing
B	Very Good	F	Failure
C	Satisfactory		

The grade of I means that the student's work is incomplete and additional time has been granted. It is the student's responsibility to make up the work in order to remove the grade of I. An appropriate grade will be recorded by the instructor if and when the work is completed.

The grade of X means the student has passed a course by special examination.

The grade of P means that the student has passed a course on a Pass-Fail basis.

The grade of W signifies that the student has withdrawn from the course while passing. Each instructor will determine the circumstances under which such a grade may be given.

The grade of S (Satisfactory) means that the student in Math 92 has successfully passed the course but that the credit earned does not satisfy any graduation requirement nor is the grade figured in the grade point average.

The grade of NC (No Credit) means that the student in Math 92 has not passed the course. No credit is given nor is the grade figured in the grade point average.

For a number of usages the quality of a student's work is appraised according to grade point averages. Fort Lewis uses the 4-point system, which assesses grade points as follows:

A	4 points	D	1 point
B	3 points	F	0 points
C	2 points		

The grade point average, carried to one decimal point, will be computed by dividing the total number of grade points by the total number of credit hours. Grades of P and W do not affect the grade point average.

When a student repeats a course the credit will count only once and only the last grade will be counted in the grade point average.

Grade reports are ordinarily mailed to the parents and guardians of students but may be received directly by self-supporting students upon request.

DEAN'S LIST

The Dean's List is published at the end of each semester honoring students of high scholastic achievement. Students who attain a grade point average of 3.2 or better on not less than 14 hours of graded credit and have completed all work for which they are registered by the end of the semester will be listed for that semester.

GRADUATION WITH HONORS

To be eligible for honors, the student must have earned in residence at Fort Lewis at least the same number of credit hours that are required for his major. Grade point averages required for honors are as follows:

Summa cum laude — Grade point average of 3.8 to 4.0.

Magna cum laude — Grade point average of 3.6 to 3.7.

Cum laude — Grade point average of 3.4 to 3.5.

INDEPENDENT STUDY

All major fields require either independent study or a seminar at the senior level.

Independent study may be undertaken in a field other than the student's major. To do so, a student must have the approval of his adviser, his Department Chairman, the Department Chairman in whose area the study will be made, and the professor who will supervise the study. However, independent study in the field outside the student's major cannot be substituted for the requirement of independent study or seminar in his major field.

No more than two independent studies outside of the student's major field may be taken for credit.

PASS-FAIL ELECTIVES

A student with at least a C cumulative average is permitted to take up to four Pass-Fail electives during his undergraduate career. The Pass-Fail basis is limited to elective courses only. Pass-Fail may not apply to General Studies requirements, departmental requirements, or teacher-education requirements. The student may take no more than one Pass-Fail elective in any one trimester and no more than 18 hours may be taken during the term he is carrying the Pass-Fail elective. A Freshman may not choose a course on this basis before his second term. The student taking a Pass-Fail elective must fulfill all necessary prerequisites for that course. Changes to or from Pass-Fail status after the beginning of a term are limited to the normal period for adding courses.

SATISFACTORY PROGRESS

Full-time students generally have two trimesters to make proper academic adjustment to college, but anyone not doing satisfactory academic work may receive a probation or warning notice earlier.

An over-all grade of "C" is considered to constitute satisfactory progress toward a degree. A grade-point average of less than "C" marks unsatisfactory progress and may result in a student being placed on probation or warned or suspended or dismissed from College. A student who has been suspended may petition for re-admission after completion of his suspension period. However, such petition does not guarantee readmission.

STUDY LOAD

The normal student load in a given trimester is 16 credit hours. A three-hour course will customarily be taught three hours per week, a five-hour course, five hours per week.

The maximum regular load is 18 hours in a trimester. If a student wants to take more than this he must obtain permission from his adviser and his School Director. A student should plan to spend a minimum of two hours of outside preparation for every hour of classroom or laboratory attendance.

TRANSCRIPTS

The first transcript (record of grades) for a Fort Lewis College student is supplied free of charge. A charge is made for additional transcripts. All accounts with Fort Lewis must be settled before a transcript may be issued.

EFFECTIVE CATALOG

Academic policies and regulations are changed by Fort Lewis College from time to time. Which set of regulations, as published in the catalog apply to a given student are determined by the following rule: All students intending to graduate from Fort Lewis College must meet the course requirements for graduation set forth in the catalog in effect at the time of their matriculation or the one in effect at the time of their graduation; students may choose between the two catalogs but may not combine them; regulations other than course requirements will apply according to the catalog in effect at the time of graduation except as new regulations have other effective dates specifically fixed. However, no catalog more than ten years old at the time of the student's graduation will be accepted as the source of graduation requirements. A student who matriculated earlier than ten years before graduation will meet the requirements of the catalog in effect at the time of graduation, or may petition the Dean of Faculty to be permitted to graduate under some intervening catalog not more than ten years old. Any student who is not registered at Fort Lewis College for any continuous period of two calendar years or more forfeits his claim to the catalog under which he entered and comes under the catalog in effect at the time he next returns to Fort Lewis College as a student. Such students will also have the right of appeal to the Dean of Faculty for use of an earlier catalog.

COURSES OF STUDY*

The figures after each course have the following meanings: the first figure in the parentheses refers to hours spent in lecture or seminar sessions each week, the second to hours spent in the laboratory or in practical work each week. The figure outside the parentheses refers to semester credit hours. Disciplines appear alphabetically according to school and the schools themselves are in alphabetical order beginning with the School of Arts and Sciences.

Courses are numbered on four levels. 100-199 indicate the courses with these numbers are intended primarily for freshmen. 200-299 primarily for sophomores, 300-399 primarily for juniors, and 400-499 primarily for seniors. However, a student may freely choose courses one level above or below his own classification if he has the proper prerequisites. He may choose a course more than one level removed from his own classification only with the consent of the instructor of the course. A few courses are numbered below 100. These do not count toward graduation. Courses numbered below 300 are called lower division courses while those 300 and above are known as upper division.

The courses offered are listed by Schools except that those listed below are not confined to any one School.

FS 101, 102 FRESHMAN SEMINAR

(4-0) 4

Freshman Seminars are offered in a variety of fields of study. They are problem-centered courses, the central purpose of which is to teach scholarly procedures and attitudes to students at the beginning of their college careers. The problem for research will vary from term to term. Each instructor will choose the problem for his seminar; he may consult his students on the choice. The seminars will emphasize both research techniques and communication skills. Students will write frequent papers and give and defend oral reports. These will be graded for English and oral presentation as well as content pertinent to the seminar problem. Each beginning freshman will take a seminar in his first semester at Fort Lewis College and a second in his next semester. These must be chosen from different disciplinary fields. Seminars have limited enrollments so that the individual student can express himself and can receive personal attention.

*Course offerings and requirements at all Colleges vary with time and demand. The administration of Fort Lewis College reserves the right to alter course listings as necessary without notice.

GENERAL STUDIES 200

(3-0) 3

Seminar in interdisciplinary studies. Offered on sufficient demand. May be repeated to a maximum of nine hours.

Prerequisite: Consent of instructor(s).

390 SPECIAL TOPICS

This is not a fixed course but is a designation to take advantage of special situations. It can be offered in any department with consent of the School Director and Dean of Faculty. Credit may vary from 1-6 hours, according to the topic.

299 INDIVIDUALIZED STUDY

1-3

Independent study for lower division and non-major students. Available in all disciplines offered at Fort Lewis College.

SCHOOL OF ARTS AND SCIENCES

“What we . . . aim at producing is men who possess both culture and expert knowledge in some special direction. Their expert knowledge will give them the ground to start from, and their culture will lead them as deep as philosophy and as high as art” [Alfred North Whitehead, **The Aims of Education**]

The School of Arts and Sciences

Director—Archie Jones

The Departments :

Anthropology and Sociology—John C. Ives, Chairman

Art and Industrial Arts—Stanton Englehart, Chairman

Biology, Agriculture, and Forestry—Herbert E. Owen,
Chairman

Chemistry—E. Merle Harrison, Chairman

English, Theatre, and Philosophy—Maynard Fox, Chairman

Foreign Languages—Maria Delaney, Chairman

Geology—Frank O. Bowman, Jr., Chairman

History and Political Science—Duane A. Smith, Chairman

Mathematics—Larry S. Johnson, Chairman

Music—Ralph A. Downey, Chairman

Physics and Engineering—Daniel E. Gibbons, Chairman

The various academic programs in the School are administered through the above structure, but for easy reference the separate curricula are listed alphabetically.

AGRICULTURE

Assistant Professor Robert Marquiss.

The agricultural program at Fort Lewis College offers the equivalent of the first two years at an agricultural college while also providing the student with a liberal arts background. This is not a terminal program, but it is possible for a student to transfer all of his credits to Colorado State University provided he has earned a C or better in each course. He may, of course, transfer to other agricultural schools as well.

BACHELOR OF ARTS DEGREE WITH A MAJOR IN ANTHROPOLOGY

General Studies	41
<i>Specific Departmental Requirements</i>	
Anth 151 Introduction to Anthropology	3
Anth 201 Physical Anthropology	3

<i>Electives</i>	55
TOTAL REQUIREMENTS FOR GRADUATION	128

COURSE OFFERINGS

Anth 151	INTRODUCTION TO ANTHROPOLOGY (3-0)	3
	A comprehensive study of general anthropology. Fall and Winter terms.	
Anth 201	PHYSICAL ANTHROPOLOGY, PART I: (3-2)	4
	HUMAN EVOLUTION A review of the fossil evidence for human evolution, human and infra-human primate anatomy. May be elected as a first course in Anthropology. Fall term.	
Anth 211	PRIMITIVE CULTURES (3-0)	3
	An ethnographic survey of the peoples and cultures of Africa, Eurasia, and Oceania and the New World. Fall term.	
Anth 215	PRIMITIVE RELIGION (3-0)	3
	A study of religious behavior in non-literate societies. Alternate years.	
Anth 231	ARCHAEOLOGY OF THE SOUTHWEST, (3-2)	4
	PART I: THE SAN JUAN PUEBLOS The development of the Pueblo dwelling peoples of the Four Corners Area. Fall term.	
Anth 259	FIELD TRAINING IN ARCHAEOLOGY (0-6)	6
	Actual excavation in the field with instruction in the various techniques of archaeology. The student will spend all day, five days a week, in the field. Due to the necessity of limiting enrollment, preference will be given to students who have taken Anth 231 and to students in their last year. The course is, however, open	

to and suitable for all students. Summers only.

- Anth 276 FOLKLORE OF THE SOUTHWEST (3-0) 3
See English 276. Winter term.
- Anth 301 PHYSICAL ANTHROPOLOGY, PART II: (3-2) 4
PRINCIPLES OF ON-GOING EVOLUTION
Man's adaptation to the physical environment as modified by man's culture and the range of human genetic variability. Winter term.
Prerequisite: consent of instructor.
- Anth 321 TOPICS IN ETHNOGRAPHY (3-0) 3
A survey of a particular culture area of the world. May be repeated for different topics. On demand.
- Anth 331 ARCHAEOLOGY OF THE SOUTHWEST, (3-2) 4
PART II: THE HOHOKAM & MOGOLLON CULTURES
The development of the Hohokam and Mogollon cultures in the southern Southwest. A study of archaeological interpretations and method as applied to the Southwestern United States. Winter term.
Prerequisite: Anth 231, or consent of instructor.
- Anth 341 PREHISTORY (3-0) 3
The development of Old World culture from the Old Stone Age through the Iron Age. Alternate years.
- Anth 361 THE NORTH AMERICAN INDIAN (3-0) 3
Archaeology, ethnology, and linguistic relationships of the Indians of North America. Alternate years.
- Anth 368 CULTURE AND PERSONALITY (3-0) 3
See Psych 368.
- Anth 401 ADVANCED TOPICS IN ANTHROPOLOGY 2-6
Various topics will be given. May be repeated for a different topic. On demand.
Prerequisites: Junior or Senior standing (unless by consent of instructor) and a minimum of two courses in Anthropology.
- Anth 451 SOCIAL ANTHROPOLOGY (3-0) 3
Contemporary theories of the social aspects of man's culture are emphasized. Problems of data gathering and analysis are considered. Alternate years.
Prerequisite: any course dealing with social or cultural anthropology, or consent of instructor.

- Anth 496 SEMINAR (2-0) 2
Students prepare and present library research papers.
On demand.
Prerequisite: Senior standing and permission of instructor.
- Anth 499 INDEPENDENT STUDY 1-3
Individual research is conducted under the supervision of a faculty member. On demand.
Prerequisite: approval of Department Chairman.

ART

Associate Professor Stanton Englehart; Assistant Professors
C. Gerald Wells, Mick Reber.

The Art Department attempts to increase the student's awareness and understanding of art and its relationship to society. The Art major prepares the student to be a practicing artist, to enter graduate school for further professional training, or to teach art on the elementary or secondary levels. The Department also serves majors from other disciplines who select art as a minor field. The department welcomes those students who wish to elect art courses as a means of achieving a greater sense of personal sensitivity and awareness.

There is a continuous schedule of student and professional shows for the benefit of the college and the general public. This department is of service to the general public through participation in the Adult Education program.

BACHELOR OF ARTS DEGREE WITH A MAJOR IN ART

<i>Electives</i>	55
TOTAL REQUIRED FOR GRADUATION ...	128
MINOR FOR SECONDARY TEACHERS	

Students desiring to teach will take the required education courses. If Art is selected as a minor area, the student will select 20 hours from the Art offerings.

COURSE OFFERINGS

- | | | |
|---------|---|---------|
| Art 101 | DRAWING | (0-6) 3 |
| | Practice in problems of technique, perspective, color, design, and basics of composition. Subject matter to deal with still life, landscape, animals, and the human figure. (Course work in this area offered at the beginning and advanced levels.) Fall and Winter terms. | |
| Art 102 | PAINTING | (0-6) 3 |
| | Instruction in various painting media. Students will concentrate on compositional and color problems while working from still life, landscape, and figures. (Course work in this area offered at the beginning and advanced levels.) Fall and winter terms. | |
| Art 104 | BASIC DESIGN | (0-6) 3 |
| | An elementary course in the principles of composition utilizing line, mass, and color theory with emphasis on space and formal design related to both art and industrial art. An introduction to the basic tools and materials of both areas. Fall and Winter terms. | |
| Art 105 | CERAMICS | (0-6) 3 |
| | Individual projects and forming of pottery of varied styles. Emphasis will be placed on expressive forms. Practice in ceramic procedures and use of materials: throwing, slab, molding, glazing, and firing. Fall and Winter terms. | |
| Art 111 | INDIAN ARTS AND CRAFTS | (0-8) 4 |
| | See SW 111. | |
| Art 112 | INDIAN ARTS AND CRAFTS | (0-8) 4 |
| | See SW 112. | |
| Art 201 | DRAWING | (0-6) 3 |
| | A continuation of Art 101 but with emphasis placed on drawings of the human figure. Fall and Winter terms.
<i>Prerequisite:</i> Art 101. | |

- Art 202 PAINTING (0-6) 3
A continuation of Art 102. Fall and Winter terms.
Prerequisite: Art 102.
- Art 203 ART FOR ELEMENTARY TEACHERS (3-0) 3
Contemporary and historical concepts, practices, and methods used in the elementary school art program. Fall and Winter terms.
- Art 204 TWO AND THREE DIMENSIONAL SCULPTURE (0-6) 3
A course in two-dimensional design in bas-relief. It consists of modeling in plastic materials as well as carving and shaping more rigid and resistant materials such as wood, metal, and stone. Fall term.
- Art 206 CERAMICS (0-6) 3
A continuation of Art 105. Fall and Winter terms.
Prerequisite: Art 105.
- Art 210 ART HISTORY TO THE RENAISSANCE (3-0) 3
History and appreciation of painting, sculpture, and architecture. These forms will be studied through their relationships to each other and to the societies which produced them. Fall term.
- Art 211 ART HISTORY FROM THE RENAISSANCE (3-0) 3
A continuation of Art 210. Winter term.
- Art 301 DRAWING (0-6) 3
A continuation of Art 201. Fall and Winter terms.
Prerequisites: Art 101, 201.
- Art 302 PAINTING (0-6) 3
A continuation of Art 202. Fall and Winter terms.
Prerequisites: Art 102, 202.
- Art 303 ADVANCED STUDIO (0-6) 3
Special Topics. Fall and Winter terms.
Prerequisite: consent of instructor.
- Art 307 ART: FORMS AND IDEAS (3-0) 3
Philosophical inquiry, by topic, into the formal nature of the visual arts and their meanings. Historical art forms will be compared with contemporary patterns of form and thought. Fall and Winter terms.
- Art 401 THEORY AND AESTHETICS (3-0) 3
Appreciation and understanding of various art forms through the study of aesthetics. Winter term.

Art 403	ADVANCED STUDIO Special Topics. Fall and Winter terms. <i>Prerequisite:</i> consent of instructor.	(0-6) 3
Art 404	ADVANCED STUDIO Special Topics. Fall and Winter terms. <i>Prerequisite:</i> consent of instructor.	(0-6) 3
Art 496	SEMINAR Students prepare and present library research papers. On demand. <i>Prerequisite:</i> consent of instructor.	(2-0) 2
Art 499	INDEPENDENT STUDY Individual research is conducted under the supervision of a faculty member. On demand. <i>Prerequisite:</i> approval of Department Chairman.	1-3

BIOLOGY

Professor Herbert E. Owen; Associate Professors James G. Erickson, Albert W. Spencer; Assistant Professors John E. Dever, Jr., Richard G. Keator; Instructor Lee P. Somers III.

The Biology curriculum is designed to fit the needs of many types of students. Although all of the tracks within the course structure lead to a Bachelor of Science degree in Biology, there are two major avenues, each with variations, leading to the degree: General Biology and Natural History. Students expecting to teach biology at the secondary school level, or entering pre-professional training for such areas as medicine, dentistry, and veterinary medicine, and students enrolled in the cooperative program in medical technology are expected to take the General Biology track.

The Natural History track is particularly valuable for those students who plan to work for the National Parks Service or some other such governmental agency. It may also be used by prospective secondary teachers, although usually the General Biology is better for this purpose.

There is a considerable demand from both government and industry for people trained in the biological sciences and for which a bachelor's degree is sufficient. Careers may be found in government service with the Food and Drug Administration and with a variety of conservation and recreation agencies. Laboratory and development work is available with the aerospace industry and with several government agencies. A few sales positions, especially for pharmaceutical houses, require a biology background. Many biologist positions require a graduate degree for which a liberal arts biology major is an excellent background.

GENERAL BIOLOGY CURRICULUM

A student selecting General Biology must complete the following courses:

General Studies 41

Specific Departmental Requirements

Bio 101 Laboratory Experiences in Biology	1	
Bio 101 General Biology	3	
Bio 102 General Botany	4	
Bio 103 General Zoology	4	
Bio 371 Genetics	4	
Other Biology courses	19	
Bio 496 Seminar or Bio 499 Independent Study	2	
	37	37

(At least two Biology courses in the 300 series [excluding Cooperative Education], and one in the 400 series, other than 496 and 499, must be taken.)

Auxiliary Requirements from Other Departments

Four courses in Chemistry 18-20 18-20

Electives 30-32

TOTAL REQUIRED FOR GRADUATION **128**

The student is strongly urged to take one year of German or French, Advanced Composition (Engl 263), Physics and Mathematics. Additional courses in Mathematics and the physical sciences will be useful in graduate school.

NATURAL HISTORY CURRICULUM

A student selecting Natural History must complete the following courses:

General Studies 41

Specific Departmental Requirements

Bio 100 Laboratory Experiences in Biology	1	
Bio 101 General Biology	3	
Bio 102 General Botany	4	
Bio 103 General Zoology	4	
Bio 201 Systematic Botany	4	
Bio 203 Field Zoology	5	
Bio 471 Ecology	5	
Bio 496 Seminar or Bio 499 Independent Study	2	
Other Biology courses	8	
	36	36

(At least two Biology courses in the 300 series [excluding Cooperative Education], and one in the 400 series, other than 496 and 499, must be taken.)

Auxiliary Requirements from Other Departments

Three courses in one of the following fields:

Anthropology, Chemistry, Geology, 9-12
 Mathematics, Physics

Electives 39-42

TOTAL REQUIRED FOR GRADUATION .. 128

SECONDARY EDUCATION

A student planning to enter the secondary education field in biology should take the General Biology curriculum and plan his biology electives in such a way as to insure that he has as broad a background in both botany and zoology as possible. He should also take the education courses required.

MINOR FOR SECONDARY TEACHERS

Bio 100 Laboratory Experiences in Biology 1
 Bio 101 General Biology 3
 Bio 102 General Botany 4
 Bio 103 General Zoology 4
 Approved Biology Electives 11

MEDICAL TECHNOLOGY

Fort Lewis College offers a Medical Technology program in affiliation with the Colorado State Hospital School of Medical Technology of Pueblo and St. Mary's Hospital of Grand Junction and a certificate in Medical Technology. Students spend six terms at Fort Lewis College, completing 90 hours and are then eligible to apply for a 12-month training program at Colorado State Hospital. Dr. James G. Erickson, Associate Professor of Biology, is the adviser for the program. Students entering this program must complete, in addition to the normal requirements for the General Biology curriculum, the following courses:

Bio 231 Comparative Anatomy 4
 Bio 431 Microbiology 4
 Approved course in Mathematics 3
 Physics—one course 5
 Biology—approved elective 1

PRE-MEDICAL, PRE-VETERINARY MEDICINE, AND PRE-DENTAL STUDIES

Most medical schools require a baccalaureate degree as an entrance requirement. So do many schools of veterinary medicine and dentistry. Many students preparing for these professions specialize in chemistry or in biology, but some major in totally different fields. Members of the Pre-Medical Committee (Drs. Dever, Erickson, and Harrison) should be consulted regarding course selection.

PREPARATION FOR GRADUATE SCHOOL

Students majoring in biology who plan to earn advanced degrees will be required to complete the general and departmental requirements for the bachelor's degree. In addition, their preparation for graduate school should include the following courses:

Inorganic and Organic Chemistry

Physics

One year of a foreign language, preferably German

Advanced Composition

Additional chemistry and mathematics will be useful in graduate school

Many graduate schools for study in zoology and botany require satisfactory scores on the Graduate Record Examination (GRE) as part of their admission requirements. Students planning to work for advanced degrees should take this examination during their senior year at least three months prior to graduation.

COURSE OFFERINGS

- | | | |
|---------|--|---------|
| Bio 100 | LABORATORY EXPERIENCES
IN BIOLOGY | (0-3) 1 |
| | This course is designed to accompany Bio 101 General Biology. It is optional for students not planning to take further biology courses; mandatory for students planning to continue in biology. Fall and winter terms. | |
| Bio 101 | GENERAL BIOLOGY | (3-0) 3 |
| | An introduction to the life sciences. The course is designed to introduce the student to some biological principles which are significant in everyday life and also to prepare him for the more specialized courses in biology. Fall and Winter terms. | |

- Bio 102 GENERAL BOTANY (3-3) 4
 Study of the development of the plant kingdom. Fall and Winter terms.
Prerequisite: Bio 101.
- Bio 103 GENERAL ZOOLOGY (3-3) 4
 Study of the development of the animal kingdom from the protozoans through the vertebrates. Winter term.
Prerequisite: Bio 101.
- Bio 121 HUMAN ANATOMY & PHYSIOLOGY (2-3) 3
 An introduction to the structure and function of the human body. This course is designed for those students wishing a better knowledge and understanding of their own bodies. Fall and Winter terms.
- Bio 201 SYSTEMATIC BOTANY (3-3) 4
 A study of the classification and relationship of the major flowering plant groups; use of plant keys and related terminology. Fall term.
- Bio 203 FIELD ZOOLOGY (4-3) 5
 Collection, identification, and museum preparation of the vertebrate animals of the region. Summer only.
- Bio 205 ENTOMOLOGY (2-3) 3
 A study of the general anatomy and physiology of insects, their identification and control. On demand.
- Bio 221 GENERAL PHYSIOLOGY (3-3) 4
 Studies of functions of animal and plant cells, tissues, organs, and whole organisms emphasizing the basic processes common to all organisms. Fall term.
Prerequisites: Bio 101 and concurrent enrollment in Chem 116 or 148.
- Bio 231 VERTEBRATE COMPARATIVE ANATOMY (2-6) 4
 A morphological study of the evolutionary development of vertebrate animals. Comparative dissections of representative animals will be done. On demand.
Prerequisite: Bio 103.
- Bio 232 VERTEBRATE EMBRYOLOGY (2-6) 4
 A detailed study of reproduction and development in representative vertebrates. Winter term.
Prerequisite: Bio 103.
- Bio 301 PLANT MORPHOLOGY (3-3) 4
 Study of structure, reproduction, modifications, and evolutionary development of vascular plants. Winter term.
Prerequisite: Bio 102.

- Bio 303 HISTOLOGY (2-3) 3
 Study of the microscopic anatomy of the vertebrate body. Fall term.
Prerequisite: Bio 103.
- Bio 343 PLANT PHYSIOLOGY (3-3) 4
 Study of growth and metabolism in plants: mineral nutrition, water relations, photosynthesis and other biosynthetic pathways, respiration, development, and responses to the environment. Fall term.
Prerequisites: Chem 231; concurrent enrollment in Chem 232; Bio 102; Bio 221.
- Bio 371 GENETICS (3-3) 4
 An investigation of inheritance with emphasis on the genetics of man, crops, and domestic animals. A discussion of the genetic basis of evolution is included. Fall term.
Prerequisite: Bio 103 or permission of instructor.
- Bio 431 MICROBIOLOGY (3-3) 4
 Studies of bacteria and related groups with emphasis on their functions, culture, and identification, including diseases of economically important plants. Winter term.
Prerequisites: Chem 231; concurrent enrollment in Chem 232; Bio 221.
- Bio 455 CELL STRUCTURE & PHYSIOLOGY (3-3) 4
 Examination of the ultrastructure of the cell: metabolic mechanisms are studied at the molecular, organelle, and cellular levels. Winter term.
Prerequisites: Chem 232; Biochemistry is strongly recommended; Bio 343; Bio 431.
- Bio 471 ECOLOGY (4-3) 5
 An introductory study of the relationships between animals, plants and their environment. Summer only.
- Bio 473 MAMMALIAN PHYSIOLOGY (3-3) 4
 Functions of the mammalian organ systems with emphasis on nutrition, metabolism, and reproduction. Winter term.
Prerequisite: Bio 221.
- Bio 475 BIOGEOGRAPHY (3-0) 3
 A study of the past and present distributions of plants and animals. Emphasis will be on seed plants and vertebrate animals. On demand.
Prerequisite: consent of instructor.

- Bio 496 SEMINAR (2-0) 2
Students prepare and present library research papers. Modern trends and literature are emphasized. On demand.
Prerequisite: Senior standing and permission of instructor.
- Bio 499 INDEPENDENT STUDY 1-3
Individual research conducted under the supervision of a faculty member. On demand.
Prerequisite: approval of Department Chairman.

CHEMISTRY

Associate Professors E. Merle Harrison, Martin E. Fuller; Assistant Professor Rodney D. Hamilton; Instructor Arlan K. Ross.

The Chemistry Department offers a major in chemistry to prepare students for graduate school, professional schools, teaching in secondary schools, or careers in industry. In keeping with the liberal arts philosophy of the College, the student majoring in chemistry can take a number of elective courses in chemistry, in related fields, and in areas outside the physical sciences. Accordingly, the student can suit his degree to his own needs and interests. Most chemistry majors will elect to take chemistry courses beyond the required minimum, but the particular courses taken will depend upon the goals of the student.

The objective of the department is to offer a sound undergraduate degree wherein students gain a thorough knowledge of the fundamental fields of modern chemistry.

BACHELOR OF SCIENCE DEGREE WITH A MAJOR IN CHEMISTRY

General Studies		41	
<i>Specific Departmental Requirements:</i>			
Chem 147 and 148 (or Chem 115 and 116)		10	
Chem 231 and 232 Organic Chemistry		10	
Chem 358 Physical Chemistry		4	
One of the following three courses:		4	
Chem 359 Physical Chemistry			
Chem 364 Inorganic Chemistry			
Chem 365 Analytical Chemistry			
At least one course numbered above 400		4	
Chem 496 Seminar or Chem 499			
Independent Study		2	
Minimum total hours in Chemistry		34	34

Auxiliary Requirements from Other Departments

Mathematics through Math 222	13
Phys 217 and 218 (or Phys 117 and 118)	10
Two trimesters of either German, French, or Computer Science	6-8 29-31 29-31
<i>Electives</i>	22-24
TOTAL REQUIRED FOR GRADUATION	128

MINOR FOR SECONDARY TEACHERS

Chem 115-116 or 147-148

At least three courses numbered above 148,
preferably Chem 231, 358, and 364.

COURSE OFFERINGS

- Chem 115 GENERAL CHEMISTRY (4-3) 5
An introduction to chemistry, including atomic and molecular theory, the periodic table, bonding, stoichiometry, gases, solutions, and chemical equilibria. A student will not receive credit toward graduation for both this course and Chem 147. Fall and Winter terms.
- Chem 116 GENERAL CHEMISTRY (4-3) 5
A continuation of Chem 115. A student will not receive credit toward graduation for both this course and Chem 148. Winter term.
Prerequisite: Chem 115.
- Chem 147 PRINCIPLES OF CHEMISTRY (4-3) 5
A quantitative, physical approach to chemistry including electronic structure of atoms and molecules, solutions and states of matter, chemical thermodynamics and equilibrium, reaction kinetics, and electrochemistry. The recommended beginning course for science majors. A student will not receive credit toward graduation for both this course and Chem 115. Fall term.
Prerequisite: one year of high school chemistry and two years of high school mathematics. Concurrent enrollment in mathematics is recommended.

- Chem 148 PRINCIPLES OF CHEMISTRY (3-6) 5
 A continuation of Chemistry 147. A student will not receive credit toward graduation for both this course and Chemistry 116. This course is recommended for chemistry majors. Winter term.
Prerequisite: Chem 147, or Chem 115 and permission of instructor.
- Chem 231 ORGANIC CHEMISTRY (4-3) 5
 Nomenclature, structure, reactions and spectroscopy of aliphatic and aromatic compounds. The laboratory is designed to acquaint the student with fundamental separative and preparative techniques. Fall term.
Prerequisite: Chem 116 or Chem 148.
- Chem 232 ORGANIC CHEMISTRY (3-6) 5
 Advanced studies in aromatic substitution and condensation reactions, stereochemistry, and kinetics. The laboratory acquaints the student with advanced techniques gained through more independent work. Winter term.
Prerequisite: Chem 231.
- Chem 310 BIOCHEMISTRY (4-3) 5
 The basic principles of biochemistry. The structure and function of proteins, carbohydrates, lipids, and nucleic acids; the metabolic processes occurring within living organisms; and biochemical genetics. The laboratory is designed to acquaint the student with basic biochemical techniques. Winter term.
Prerequisite: Chem 231.
- Chem 320 MODERN PHYSICS (3-0) 3
 See Physics 320. Fall term—alternate years.
- Chem 358 PHYSICAL CHEMISTRY (3-3) 4
 The quantitative aspects of laws governing chemical and physical phenomena. Includes thermodynamics, chemical potential, kinetics, phase rule discussions, and relationships of properties of substances to their molecular structures. Fall term.
Prerequisites: Chem 116 or Chem 148, 1 year of college physics, and Math 222 concurrently.
- Chem 359 PHYSICAL CHEMISTRY (3-3) 4
 A continuation of Chem 358. Winter term.
Prerequisite: Chem 358.

- Chem 364 INORGANIC CHEMISTRY (3-3) 4
 Modern concepts of inorganic chemistry, modern methods of synthesis and instrumentation involving major group elements, coordination chemistry, and organometallic chemistry. Alternate years.
Prerequisite: Chem 358 recommended.
- Chem 365 ANALYTICAL CHEMISTRY (2-3) 3
 Modern analytical theory and methods, including electrical, optical and chromatographic techniques. Alternate years.
Prerequisite: Chem 358 recommended.
- Chem 370 HEAT AND THERMODYNAMICS (3-0) 3
 See Physics 370. Winter term.
- Chem 420 QUANTUM MECHANICS (4-3) 5
 See Physics 420. On demand.
- Chem 454 ADVANCED TOPICS IN CHEMISTRY 1-4
 Advanced material in various areas of chemistry. During the course, material from one specific area will be treated. Class schedules will indicate the area. The time spent in the classroom and in the laboratory will vary with the topic. On demand.
Prerequisite: the 200 or 300 series course(s) in the specific subject area.
- Chem 464 ORGANIC QUALITATIVE ANALYSIS (0-9) 3
 Identification of a series of unknown organic compounds by instrumental means as well as by the preparation of derivatives. Designed to acquaint the student with the laboratory techniques involved in identifying organic compounds. On demand.
Prerequisite: Chem 232.
- Chem 496 SEMINAR (2-0) 2
 Students prepare and present library research papers. On demand.
Prerequisite: Senior standing and permission of instructor.
- Chem 499 INDEPENDENT STUDY 1-3
 Individual research is conducted under the supervision of a faculty member. On demand
Prerequisite: approval of Department Chairman.

ENGINEERING

Assistant Professor Otto Rohde; Instructor Rodney A. Perala.

The engineering program offers the equivalent of the first two years of college engineering. It also provides the engineering student with a liberal arts background and the strong mathematical foundation necessary for pursuing upper-level classes and graduate studies in engineering.

Fort Lewis College participates in a cooperative engineering program with Colorado State University at Fort Collins, Colorado. Two options are available to the student. One option is the 3-2 program in which a student attends Fort Lewis College for six terms (equivalent to three academic years); then he spends two years at Colorado State University in the College of Engineering. During his enrollment at Fort Lewis College, the student completes the requirements for the first two years of the engineering curriculum and most of the requirements for a major in mathematics. At Colorado State University he completes the remaining requirements for a Bachelor of Arts Degree in Mathematics awarded by Fort Lewis College and the requirements for an engineering degree from Colorado State University.

The second option provides for two years' attendance at Fort Lewis College during which the student completes the engineering requirements for the first two years at Colorado State University. Successful completion of courses with an average grade point of 2.0 is sufficient for the collective transfer of the courses as a block to Colorado State University and for advanced standing as a junior in that institution.

Although the above specifically pertains to the agreement with Colorado State University, the courses offered are accepted for credit toward comparable courses in other engineering institutions.

3-2 PROGRAM

Specific Departmental Requirements

Engr 104	Engineering Principles I	3	
Engr 105	Engineering Principles II	3	
Engr 201	Electric Networks I	3	
Engr 202	Electric Networks II	3	
+Engr 205	Elementary Surveying	(3)	
*Engr 206	Advanced Surveying	(3)	
Engr 217	Statics	3	
Engr 221	Dynamics	3	
Engr 276	Fluid Mechanics	3	21

Auxiliary requirements from other departments

FS 101, 102 Freshman Seminars	8	
Mathematics (Math 221, 222, 223, 327) (for Math degree, additional courses above Math 301)	16	
Chem 147, 148 Principles of Chemistry	10	
Phys 217, 218 Physics	10	
PE 101, 102 Physical Activity	2	
General Studies — College requirements from Groups A, C, and D.	21	
Math 496 Seminar or Math 499 Independent Study	2	
	80	80
		101

+Requirement for Agricultural Engineering, taken
in lieu of an elective.

*Requirement for Civil Engineering, taken in
lieu of electives.

BLOCK TRANSFER PLAN

Specific Departmental Requirements

Engr 104 Engineering Principles I	3	
Engr 105 Engineering Principles II	3	
Engr 201 Electric Networks I	3	
Engr 202 Electric Networks II	3	
+Engr 205 Elementary Surveying	(3)

Engr 276 Fluid Mechanics	3	21

Auxiliary requirements from other departments

FS 101, 102 Freshman Seminars	8	
Mathematics (Math 221, 222, 223, 327)	16	
Physics 217, 218 Physics	10	
Chem 147 Principles of Chemistry	5	
General Studies — From Group A, C, or D (Humanities and Social Sciences)	3	
PE 101, 102 Physical Activities	2	
	44	44
		65

+Requirements for Agricultural Engineering, taken
in lieu of an elective.

*Requirement for Civil Engineering, taken in
lieu of electives.

Engl 496 Seminar or Engl 499 Independent Study	
Other courses bringing the total to 34 hours	34

Auxiliary courses especially recommended:

- a. For students preparing for graduate study in English: Two or more courses in a college foreign language 6-8
- b. For students preparing for secondary school teaching: Ed 461 Diagnostic and Remedial Reading 3 3-8

<i>Electives</i>	45-50
------------------------	-------

(Those who wish to teach in the secondary schools must take the required Education courses. See "Secondary Education Program" listed under the Department of Teacher Education. Recommended electives for English teachers include Thea 151 and other Speech and Theater courses, work on the student newspaper, as well as Ed 461, indicated above.)

TOTAL REQUIRED FOR GRADUATION	128
--------------------------------------	------------

MINOR IN ENGLISH FOR SECONDARY TEACHERS:

At least 24 hours distributed among the same areas listed above for the English major and restricted to the same courses as those listed for the minimal 34 hours in the English major.

COURSE OFFERINGS

PREPARATORY ENGLISH

- Engl 019 INTENSIVE ENGLISH (5-0) 0
An intensive course in English as a second language, designed for students without sufficient grasp of basic English structure and vocabulary to communicate ideas orally and/or in writing. Course work is tailored to individual student needs. Primarily for bi-lingual students. Fall and Winter terms.
- Engl 100 DEVELOPMENTAL READING (0-3) 1
A course designed to increase the student's reading rate and comprehension level. Primarily for bi-lingual students. Fall and Winter terms.

- Engl 334 ENGLISH LITERATURE, 1850-1914 (3-0) 3
A study of the literature of England of the Victorian and Edwardian periods. Emphasis on poetry and non-fictional prose. Winter term.
- Engl 335 THE ENGLISH NOVEL (3-0) 3
A study of the development of the English novel from its beginnings to World War I. On demand.
- Engl 342 LITERATURE OF THE AMERICAN RENAISSANCE (3-0) 3
A study of such writers as Hawthorne, Emerson, Thoreau, Melville, Whitman, and Emily Dickinson. Fall term.
- Engl 371 DRAMATIC LITERATURE (4-0) 4
A study and analysis of plays exclusive of Shakespeare. Alternate years.
- Engl 411 CONTEMPORARY ENGLISH AND AMERICAN POETRY (3-0) 3
A study of contemporary poetry from 1914 to the present. Winter term.
- Engl 412 CONTEMPORARY ENGLISH AND AMERICAN FICTION (3-0) 3
A study of selected modern English and American writers, concentrating on the novel. Fall term.
- Engl 431 CHAUCER (3-0) 3
A study of the writings of Geoffrey Chaucer. Winter term.
- Engl 432 SHAKESPEARE (3-0) 3
A study of Shakespearean drama. Fall term.

ENGLISH LANGUAGE AND COMPOSITION COURSES APPLICABLE TO THE MAJOR

- Engl 263 ADVANCED COMPOSITION (3-0) 3
An advanced writing course with emphasis on the common forms of writing used by educated adults. Fall and Winter terms.
Prerequisite: Freshman Seminar 102.
- Engl 364 CREATIVE WRITING (3-0) 3
An advanced writing course with concentration in such writing areas as poetry, short stories, and magazine articles. Fall and Winter terms.
Prerequisite: approval of instructor.

- Engl 461 HISTORY OF THE ENGLISH LANGUAGE (3-0) 3
A study of the development of English from Indo-European sources to the present. Winter term.
- Engl 462 ENGLISH LINGUISTICS (3-0) 3
A study of English linguistic theory and grammar. Fall and Winter terms.

CAPSTONE COURSES APPLICABLE TO THE MAJOR

- Engl 496 SEMINAR (2-0) 2 or (3-0) 3
Students prepare and present library research papers. On demand.
Prerequisite: senior standing and permission of instructor.
- Engl 499 INDEPENDENT STUDY 1-3
Individual research is conducted under the supervision of a faculty member. On demand.
Prerequisite: approval of Department Chairman.

FOREIGN LANGUAGES

Associate Professor Maria Delaney; Assistant Professors Lucienne DeSimplaire, Manuel A. Rodriguez; Instructors Odilie A. Cantillano, James G. Fitzgerald.

The Department of Foreign Languages offers work in French, German, Latin, and Spanish as an important element in any student's achievement of a well-rounded liberal education and as preparation for life in the modern inter-related world. A Bachelor of Arts degree with a major in Spanish is offered. (See statement under SPANISH below.)

A minor for secondary teachers is offered in French, German, and Spanish. At present approximately 24 hours are required to teach foreign languages in the secondary schools. Students intending to take a minor for teaching purposes must take the necessary 24 hours plus the education courses required for certification. Students can acquire additional credit hours in French and German by independent studies in order to enable them to teach the languages in the secondary schools.

FL 325 MASTERPIECES OF GERMAN (3-0) 3
 LITERATURE
 Topics will vary; may be repeated for a different topic.
 On demand.

LATIN

FL 109 INTRODUCTORY LATIN I (4-0) 4
 An introduction to the Latin language. Fall term.

FL 110 INTRODUCTORY LATIN II (4-0) 4
 A continuation of FL 109. Winter term.
Prerequisite: FL 109 or equivalent.

SPANISH

Fort Lewis College offers a major in Spanish. It provides students with proficiency in spoken Spanish and an insight into Spanish-American culture and prepares students for professional employment and graduate work. Students desiring to teach will take the required education courses. Incoming students with some knowledge of Spanish are placed in appropriate courses.

BACHELOR OF ARTS DEGREE WITH A MAJOR IN SPANISH

General Studies 41

Specific Departmental Requirements

FL 311 and FL 312 Survey of Spanish Literature I & II or		
FL 321 and FL 322 Survey of Hispanic American Literature I & II	6	
FL 496 Seminar or FL 499 Independent Study	2	
	8	8

Other Departmental Requirements

12 hours from the remainder of the Spanish offerings numbered above 300	12	
<i>For those who need it:</i>		
FL 115 and FL 116 Elementary Spanish	8	
FL 215 and FL 216 Intermediate Spanish	6

Electives 47

TOTAL REQUIRED FOR GRADUATION 128

century emphasizing the Mexican Revolution and contemporary Spanish American writers will be included. Winter term.

Prerequisite: FL 216 or equivalent.

FL 425 LITERATURE OF THE GOLDEN AGE IN SPAIN (3-0) 3

Reading the masterworks of Spain's Golden Century, with emphasis on Miguel de Cervantes, writings of the Spanish mystics, and the picaresque novel. Alternate years.

FL 426 TWENTIETH CENTURY SPANISH LITERATURE (3-0) 3

A course on the novels, plays, essays, and poetry of the 20th Century Spanish authors. Emphasis on Unamuno, Baroja, Garcia Lorca, Gironella, literature of the Spanish Civil War, and contemporary authors publishing in Spain today. Alternate years.

FL 427 HISPANIC AMERICAN NOVEL AND POETRY (3-0) 3

A course dealing with the novels of the Pampa, the Llanos, the Jungle, the Sierra, and the City as well as the poetic masterworks of Spanish America. Also included are the contemporary psychological novel and the novels of social and political reform as well as the poems of the modernist movement and other contemporary poetic works. Alternate years.

Prerequisite: FL 216 or equivalent.

FL 429 MEXICAN LITERATURE (3-0) 3

A survey of Mexican literature with emphasis on the works of the Revolution of 1910 and contemporary Mexican authors. Alternate years.

FL 495 TRANSLATION OF HISTORICAL DOCUMENTS (3-0) 3

Translation of Spanish documents concerning the American Southwest. On demand.

Prerequisite: consent of instructor.

FL 496 SEMINAR IN SPANISH (2-0) 2

Students prepare and present library research papers. On demand.

Prerequisite: senior standing and permission of instructor.

FL 499 INDEPENDENT STUDY IN SPANISH, FRENCH, OR GERMAN 1-3

Individual research conducted under the supervision of a faculty member. On demand.

Prerequisite: approval of Department Chairman.

FORESTRY

Professor Herbert E. Owen; Assistant Professor Richard G. Keator.

This program is designed for those students planning to transfer to Colorado State University or other institutions offering degrees in forestry. It is not a terminal curriculum. The student should plan to enter the summer forestry camp session immediately at the end of his second year at Fort Lewis College if the school to which he is transferring has a summer camp program. The term "forestry" is used here for all related areas; e.g., game and fish management, range management, etc., as well as forest management.

COURSE OFFERINGS

- | | | |
|-----------|--|---------|
| For 101 | FORESTRY AND ALLIED PROFESSIONS (1-0) 0
Professional responsibilities, advantages, disadvantages, job characteristics, training, and educational requirements for the profession. Fall term. | |
| For 211 | DENDROLOGY
Classification, identification, silvical characteristics, economic importance, and distribution of the broad-leaved and coniferous trees of the United States. Fall term.
<i>Prerequisite:</i> Biology 102. | (3-3) 4 |
| For 259 | RANGE AND FORAGE PLANTS
Distribution, growth habits, ecological requirements, and importance of range plants in relationship to their use by big game and domestic animals. Winter term.

GEOLOGY

Professors Frank O. Bowman, Jr., Donald Lee Baars; Assistant Professor Jack A. Ellingson.

The Department offers a Bachelor of Science degree with a major in geology. Laboratory and field equipment and geology

holdings in the College Library facilitate the necessary research and reading. The study of geology at Fort Lewis College is enhanced by the College's remarkable location amidst the unsurpassed geological phenomena in the southern Rocky Mountains and adjacent areas of the Southwest. The Grand Canyon, the Goose Necks of the San Juan River, Monument Valley, and Shiprock are representative of the classical geological localities nearby. The numerous outcrops and mine workings in the vicinity are sources of valuable geological specimens for the student. Also, the essentially continuous sequence of rocks in the Animas River valley represents literally hundreds of millions of years of erosion and deposition; such a sequence is invaluable in the study of the principles of sedimentation and stratigraphy.

BACHELOR OF SCIENCE DEGREE WITH A MAJOR IN GEOLOGY

General Studies		41

<i>Electives</i>		28-24 28-24
TOTAL REQUIRED FOR GRADUATION		128

- Geol 401 **NATURAL RESOURCES AND THE ENVIRONMENT** (3-0) 3
 A critical study of the need for development of fossil fuel and industrial mineral deposits and the need to preserve regions in their natural state. Alternate years.
Prerequisite: Geol 113 or permission of the instructor.
- Geol 409 **ECONOMIC MINERAL DEPOSITS** (2-2) 3
 Geologic occurrence of metallic and non-metallic mineral deposits. Alternate years.
Prerequisites: Geol 352 and Geol 334 or permission of instructor.
- Geol 433 **MICROPALEONTOLOGY** (3-3) 4
 The study of fossil micro-organisms with regard to their morphology, classification, paleoecology, and chronostratigraphy, with emphasis on the foraminifera, ostracodes, and algae. Alternate years.
Prerequisites: Geol 233 and Geol 361. or consent of instructor.
- Geol 441 **FIELD GEOLOGY** 6
 The fundamental procedures and practices in geologic field mapping. Summer only.
Prerequisite: Math 92, or equivalent, and 24 hours of Geology.
- Geol 451 **FIELD STUDIES IN IGNEOUS AND METAMORPHIC PETROLOGY** (0-15) 5
 An intensive field study of igneous and metamorphic rocks emphasizing petrologic and structural relationships. Summer only—alternate years.
Prerequisite: Geol 352 or permission of the instructor.
- Geol 461 **FIELD STUDIES IN STRATIGRAPHY AND SEDIMENTARY PETROLOGY** (0-15) 5
 Field interpretation of sedimentary rocks, their depositional environments, and stratigraphic facies relationships. The interpretation and significance of primary sedimentary structures will be stressed. Summer only—alternate years.
Prerequisite: Geol 362 or permission of the instructor.
- Geol 496 **SEMINAR** (2-0) 2
 Students prepare and present research papers. On demand.
Prerequisite: approval of instructor.
- Geol 499 **INDEPENDENT STUDY** 1-3
 Individual research is conducted under the supervision of a faculty member. On demand.
Prerequisite: approval of Department Chairman.

HISTORY

Professors Robert W. Delaney, Archie Jones; Associate Professors Gilbert C. Din, Duane A. Smith, Ray M. Reeder; Assistant Professor Thomas R. Eckenrode; Instructors James Ash, Reece C. Kelly.

The study of history at Fort Lewis College is an important part of liberal education. The Department of History offers a variety of courses to provide the student with an understanding and appreciation of man's past. Through examining the experiences of the human community, the student gains a broader view of present social and political conditions and problems. This broader view contributes to his making responsible judgments as an informed citizen in his own times. Not the least of the benefits derived from the study of history is the attainment of an appreciation of the creative achievements of civilization; such an appreciation contributes to the student's intellectual reservoir from which liberally educated men and women draw aesthetic pleasure and creative inspiration. Finally, the study of history provides the student with a useful body of knowledge and basic skills in research necessary for a number of professions.

The 300-400 series: Upper division classes are offered under these numbers. These courses are organized under general headings such as History 460 "Studies in European History" and History 480 "Studies in American History." Classes in each area of study will vary from one term to another as listed in the class schedule issued at the time of registration. A large offering of courses is available in each area. A student can take several courses under the same number provided the particular subject matter differs each time. The Department of History employs this system in order that a greater variety of courses can be made available as needs and interests develop.

History majors are required to take a minimum of 35 hours but no more than 42 hours of history shall apply toward the major. History majors are expected to concentrate in one of the areas listed below. Students intending to acquire a teaching credential should consult the School of Education section of this bulletin for specific requirements for certification.

BACHELOR OF ARTS DEGREE WITH A MAJOR IN HISTORY

General Studies 41

*History Requirements***AMERICAN HISTORY CONCENTRATION**

A minimum of 21 hours of History courses numbered 300 or above	21-27
A minimum of two courses in European History, and a minimum of two courses in either Latin American, Asian, or African History	12-18
Hist 496 Seminar	
or	
Hist 499 Independent Study	2
	35-42 35-42

EUROPEAN HISTORY CONCENTRATION

A minimum of 21 hours of History courses numbered 300 or above	21-27
A minimum of two courses in American and two in either Latin American, Asian, or African History	12-18
Hist 496 Seminar	
or	
Hist 499 Independent Study	2
	35-42 35-42

Requirements from other departments

Two courses in college mathematics	
or	
Two courses in foreign language	6-9 6-9

Electives 36-46

TOTAL REQUIRED FOR GRADUATION 128

A student wishing to concentrate in an area of history other than American or European may construct his own curriculum in consultation with his adviser and with the approval of the Department Chairman, the School Director, and the College Curriculum Committee.

COURSE OFFERINGS

Hist 120, 121	SOCIAL AND POLITICAL HISTORY OF INDIANS OF THE SOUTHWEST	(3-0) 3
	A two-semester course on the history and culture of modern Indians of the Southwestern portion of the U.S. The first semester will deal with the Navajos, Apaches, Utes, and Pueblos. The second semester will deal with other tribes of the Southwest. Balanced attention will be given to social, political, and economic aspects of each group. Approved for Southwest Studies major. Fall and Winter terms.	

- Hist 160 SURVEY OF WESTERN CIVILIZATION (3-0) 3
I AND II
A history of western civilization from man's earliest experience to the present through a study of great movements or periods in history. Balanced attention given to the social, political, economic and cultural developments of the past that help to explain current civilization and problems. Fall and Winter terms.
- Hist 170 SURVEY OF EASTERN (3-0) 3
CIVILIZATION I & II
A survey history focusing on the great East Asian civilizations of China, Korea, and Japan. Attention will also be given to their relations with the surrounding areas of Southeast Asia, Inner Asia, Central Asia, and South Asia. Either part may be taken first. Fall and Winter terms.
- Hist 270 SURVEY OF LATIN AMERICAN (3-0) 3
HISTORY I AND II
A two-trimester general history survey of Latin America. Either part may be taken first. Fall and Winter terms.
- Hist 280 SURVEY OF AMERICAN (3-0) 3
HISTORY I AND II
A two-trimester general introductory survey of United States history. Either part may be taken first. Fall and Winter terms.
- Hist 340 STUDIES IN NEAR EASTERN AND (3-0) 3
AFRICAN HISTORY
A study of the history of the Near East and Africa. The specific topic will vary. May be taken only with instructor's permission. Students may take this course one or more times for credit, provided the subject is different on each occasion. On demand.
- Hist 350 STUDIES IN ASIAN HISTORY (3-0) 3
A study of the history of Asia. The specific topic will vary. May be taken only with instructor's permission. Students may take this course one or more times for credit, provided the subject is different on each occasion. Fall and Winter terms.
- Hist 370 STUDIES IN LATIN AMERICAN HISTORY (3-0) 3
A study of the history of Latin America. The specific topic will vary. May be taken only with instructor's permission. Students may take this course one or more times for credit, provided the subject is different on each occasion. Fall and Winter terms.

- Hist 460 STUDIES IN EUROPEAN HISTORY (3-0) 3
A study of the history of Europe. The specific topic will vary. May be taken only with the instructor's permission. Students may take this course one or more times for credit, provided the subject is different on each occasion. Fall and Winter terms.
- Hist 480 STUDIES IN AMERICAN HISTORY (3-0) 3
A study of the history of the United States and Canada. The specific topic will vary. May be taken only with instructor's permission. Students may take this course one or more times for credit, provided the subject is different on each occasion. Fall and Winter terms.
- Hist 496 SEMINAR (2-0) 2 or (3-0) 3
Students prepare and present library research papers. On demand.
Prerequisite: senior standing and permission of instructor.
- Hist 499 INDEPENDENT STUDY 1-3
Individual research is conducted under the supervision of a faculty member. On demand.
Prerequisite: approval of Department Chairman.

HUMANITIES MAJOR

Fort Lewis College offers an interdisciplinary major in Humanities. This major consists of an option of 20 or 32 hours and at least 12 hours in either one or two of the other cognate areas included within the offerings of the disciplines listed below to give a total of 44 hours. Such a program in the Humanities affords a sound education for those contemplating careers in law or government service, for those planning to teach, for those preparing to go on to graduate school, and for those who wish a sound cultural grounding for the bachelor's degree. The student is required to cross traditional subject-matter areas to satisfy the requirements of the Humanities major; he will elect an option in History, Music, Art, Literature, Anthropology, Political Science, or Foreign Language and also take at least 12 hours of coherent course work in either one or two other areas, depending upon his individual interests and needs.

BACHELOR OF ARTS DEGREE WITH A MAJOR IN HUMANITIES

Primary concentration	20-32
One or two secondary concentrations of 12 hours each	12-24
Two trimesters of college mathematics or two trimesters of college foreign language	6-9
Seminar or Independent Study in major concentration.	2
	40-67 40-67
<i>Electives</i>	20-47
TOTAL REQUIRED FOR GRADUATION	128

Students expecting to teach are advised to take 32 hours in their primary concentration and acquire the hours in Education necessary for certification.

INDUSTRIAL ARTS

Assistant Professor Donald Spangenberg.

This curriculum is designed to augment a liberal education with the skills of the traditional craftsman. It also provides a minor in Industrial Arts for secondary school teaching as well as basic work toward an Industrial Arts degree which may then be obtained by transferring to an institution offering such a degree.

Requirements for Secondary Teachers in Industrial Arts (minor)

- IA 101 Elementary Woodworking (3)
- IA 102 Advanced and Machine Woodworking (3)
- IA 150 Principles of Drafting (3)

A minimum of 12 hours to be selected from:

- IA 201 Electric Welding (3)
- IA 202 Advanced Metal Working (3)
- IA 220 Crafts I (3)
- IA 221 Crafts II (3)
- Art 101 Drawing (3)
- Art 104 Basic Design (3)
- Art 105 Ceramics (3)
- Art 206 Ceramics (3)

COURSE OFFERINGS

- IA 101 **ELEMENTARY WOODWORKING** (2-3) 3
 Basic techniques in woodwork with emphasis in designing, layout, and construction of projects using hand tools. The care of tools and shop maintenance is also stressed. Fall term.

- IA 102 **ADVANCED AND MACHINE WOODWORKING** (2-3) 3
Introduction to the use of woodworking machines. Students will concentrate on advanced techniques of design, and the use of new finishes is also stressed. Winter term.
Prerequisite: IA 101.
- IA 150 **PRINCIPLES OF DRAFTING** (2-3) 3
A basic course in drafting concentrating on geometric construction, orthographic projection, sectional views, dimensioning, layout, and working drawings. Fall term.
- IA 201 **ELECTRIC WELDING** (2-3) 3
The fundamentals of how to use welding equipment and to operate different kinds of welding machines. Includes flat, vertical, and overhead welding and the use of the cutting torch. Fall and Winter terms.
- IA 202 **ADVANCED METAL WORKING** (2-3) 3
Continuation of IA 201. The welding and identification of different metals. Wrought iron work and design of metal projects. Use of the gas torch. Winter term.
Prerequisite: IA 201.
- IA 220 **CRAFTS I: METAL ART WORK** (2-3) 3
Emphasis on individual design in the ornamentation of aluminum, copper, brass, the etching of aluminum. Winter term.
- IA 221 **CRAFTS II: LAPIDARY AND JEWELRY** (2-3) 3
Stresses individual design of jewelry and the cutting and polishing of gem quality rocks. Fall term.

MATHEMATICS

Visiting Professor Ottis H. Rechar; Associate Professor Donald D. Bushnell; Assistant Professors Richard D. Anderson, Richard A. Gibbs, Gary W. Grefsrud, Larry S. Johnson, Robert L. Motsch, Harry C. Rosenberg, Harold E. Stocker; Instructor Clifford B. Capp.

The Mathematics Department functions primarily in two ways. It provides majors in mathematics with preparation for graduate school, teaching careers, or employment in industry, and it is a service department offering courses for students majoring in other fields.

The mathematics major begins his studies with Math 121 College Mathematics if his high school background contains at least three years of mathematics including two years of algebra and one of geometry. A more advanced student may begin with the calculus if his background is deemed sufficient. Students lacking sufficient background for Math 121 should begin with Math 120 Introduction to College Mathematics. However, credit for Math 120 does not count toward the 34 hours mathematics major. In fact no course numbered lower than 121 will count towards the mathematics major and neither will those courses numbered 160, 201, 215, 216, 260, 315, and 316. Math 92 Trigonometry does not count toward the 128 hour graduation requirement but all others will with the following exceptions:

1. No student will take both Math 100 and Math 120 for credit.
2. Some courses may not be enrolled in after the student has taken another mathematics course. Example: Math 121 may not be taken for credit after Math 221 has been completed.

Students wanting to enroll in a mathematics course whose number is lower than a previously completed mathematics course should consult the Chairman of the Mathematics Department.

The mathematics major must complete 15 hours of credit in mathematics courses numbered higher than 300 (with the exceptions noted above). One of the sequences Math 375 Algebraic Structures and Math 376 Linear Algebra, or Math 422 and 423 Advanced Calculus must be taken. Also, 2 hours of credit must be completed in one of Math 496 Seminar or Math 499 Independent Study. Those majors who intend to enroll in a graduate program should take Math 375, Math 376, Math 422 and at least one year of German or French. They should also consult the department chairman in mathematics at schools of intended enrollment to learn of any special requirements.

The teaching major should take Math 375 Algebraic Structures, Math 376 Linear Algebra, and Math 342 College Geometry.

For the elementary education major, the Mathematics Department offers the sequence of courses Math 215 Sets, Natural Numbers, and Integers; Math 216 Rational Numbers; Math 315 Real Numbers and Geometry; and Math 316 Topics in Number Theory and Geometry. Those students wanting 18 or 24 hour concentrations in mathematics should consult the Chairman of the Mathematics Department for appropriate courses.

Students with weak mathematics backgrounds may choose to begin their studies with Math 120 Introduction to College Mathematics. Some students will prefer Math 92 Trigonometry due to special requirements of their majors. Finally, Math 201 Elementary Statistics is offered for students who want an introduction to statistics without a calculus background.

- *Math 120 INTRODUCTION TO COLLEGE MATHEMATICS (4-0) 4
Designed for students with weak high school mathematics backgrounds, this course will include a discussion of such topics as sets and set operations; the real number system and its properties including signed numbers, fractions, and the simplification of algebraic expressions; exponents, and solution of equations and inequalities and their graphs. Credit will not be given for both Math 120 and Math 100. Fall and Winter terms.
- Math 121 COLLEGE MATHEMATICS (4-0) 4
This course will include a discussion of such topics as elementary functions, their graphs and applications; systems of equalities and inequalities; the trigonometric functions, identities, and applications to triangle trigonometry; complex numbers; analytic geometry and applications. Fall and Winter terms.
Prerequisites: Three years of high school mathematics or Math 120 or equivalent.
- *Math 160 LINEAR MATHEMATICS (3-0) 3
Designed as a first course in linear mathematics for business, behavioral, and social science students, this course includes such topics as set theory, logic, matrix algebra, linear systems, linear programming, game theory, and model building. Fall and Winter terms.
- *Math 201 ELEMENTARY STATISTICS (3-0) 3
The types and treatments of data, sampling theory, and inferences. Fall and Winter terms.
- *Math 215 SETS, NATURAL NUMBERS, AND INTEGERS (3-0) 3
This course includes a presentation of sets, set operations, elementary logic, base and base free systems, construction of a number system, ordered pairs, and integers. This course is intended primarily for elementary teachers. Fall and Winter terms.
- *Math 216 RATIONAL NUMBERS (3-0) 3
This course includes a presentation of further topics of integers, equivalence relations, construction of the rational numbers, properties and operations with rational numbers, decimal systems, sequences, and shortcomings of the rational numbers. Fall and Winter terms.
Prerequisite: Math 215.

- Math 221 **CALCULUS** (4-0) 4
 Differential and integral calculus of the elementary functions with associated geometry. Fall and Winter terms.
Prerequisite: Math 121 or permission of instructor.
- Math 222 **CALCULUS** (4-0) 4
 Techniques of single-variable and multi-variable calculus and an introduction to differential equations. Fall and Winter terms.
Prerequisite: Math 221.
- Math 223 **CALCULUS** (4-0) 4
 Limits and continuity of functions, sequences and series, implicit differentiation, integration by substitution and other special techniques, improper integrals, maxima and minima, and differential equations. Fall and Winter terms.
Prerequisite: Math 222.
- *Math 260 **LINEAR MATHEMATICS AND PROBABILITY** (3-0) 3
 This is the second course in the two trimester sequence for students of business and the behavioral and social sciences. It will include such topics as limits, differential calculus, integral calculus, and series and sequences, Boolean algebra and probability. Fall and Winter terms.
- Math 301 **FOUNDATIONS FOR ADVANCED MATHEMATICS** (3-0) 3
 A study of axiomatic systems including axiomatic development of logic, set theory, and a number system; and a study of applications of logic and sets to mathematical structures. Fall and Winter terms.
Prerequisite: Math 222 or permission of instructor.
- *Math 315 **REAL NUMBERS AND GEOMETRY** (3-0) 3
 This course will consider the following topics: lines and points, space, incommensurables, limits, real numbers, cartesian product, and geometry in the cartesian plane. Fall term.
Prerequisite: Math 216 or permission of instructor.
- *Math 316 **TOPICS IN NUMBER THEORY AND GEOMETRY** (3-0) 3
 Some of the topics to be presented in this course are modular arithmetic, finite fields, basic prime number theorems, regular polygons and polyhedral figures, areas, constructions, and combinatorics. Winter term.
Prerequisite: Math 315 or permission of instructor.

- Math 320 NUMERICAL ANALYSIS (3-0) 3
 Numerical methods in calculus, differential equations, linear algebra, matrix inversion, and estimation of characteristic roots; oriented toward machine computation. Fall term.
Prerequisite: Math 223 or permission of instructor.
- Math 327 DIFFERENTIAL EQUATIONS (4-0) 4
 The types and solutions of differential equations. Winter term.
Prerequisite: Math 223 or permission of instructor.
- Math 342 MODERN COLLEGE GEOMETRY (3-0) 3
 The advanced theories and topics in geometry. Fall term.
Prerequisite: Math 301 or permission of instructor.
- Math 375 ALGEBRAIC STRUCTURES (3-0) 3
 Groups, rings, fields, quotient structures, isomorphism theorems. Fall term.
Prerequisite: Math 301 or permission of instructor.
- Math 376 LINEAR ALGEBRA (3-0) 3
 Vector spaces, linear transformations, linear algebras, matrices, determinants, similarity, canonical forms, quadratic forms. Winter term.
Prerequisite: Math 301 or permission of instructor.
- Math 401 PROBABILITY AND STATISTICS (3-0) 3
 Mean and variance of sum of random variables; binomial, Poisson, and normal distribution; Markov chains; stochastic processes; and application to theory of queues. Winter term.
Prerequisite: Math 223 or permission of instructor.
- Math 422 ADVANCED CALCULUS (3-0) 3
 Structure of the real number system, elementary topology of the real numbers and of the Euclidean spaces, general theory of limits and continuity, differentiation of functions in Euclidean spaces. Fall term.
Prerequisite: Math 301 or permission of instructor.
- Math 423 ADVANCED CALCULUS (3-0) 3
 A continuation of Mathematics 422. Topics include the Stieltjes integral on the line and in Euclidean spaces, infinite series, and an introduction to function spaces. Winter term.
Prerequisite: Math 422 or permission of instructor.

- Math 461 **ELEMENTARY TOPOLOGY** (3-0) 3
 Topology of metric spaces with emphasis on the structure of the real numbers; topological spaces; separation axioms; continuous functions; homeomorphisms and topological invariants; product spaces and quotient spaces. Winter term.
Prerequisite: Math 301 or permission of instructor.
- Math 496 **SEMINAR** (2-0) 2
 Students prepare and present library research papers. On demand.
Prerequisite: senior standing and permission of instructor.
- Math 499 **INDEPENDENT STUDY** 1-3
 Individual research conducted under the supervision of a faculty member. On demand.
Prerequisite: approval of Department Chairman.
- *Cmp Sc 150 **INTRODUCTION TO PROGRAMMING SYSTEMS** (2-2) 3
 A study of programming systems at the translating-language level. After an overview of the structure of modern computer systems, the student is introduced in detail to a major translating-language. Applications in areas of student interest are studied, and contrasting philosophies of language implementation are examined. Individual and team programming capabilities are developed in the laboratory. Fall and Winter terms.

*These courses do not count towards the mathematics major.

MUSIC

Assistant Professors Ralph A. Downey, Sherman Friedland, Patricia E. Weaver; Instructor Michael Bouman.

The Fort Lewis College Music Department offers a major in music for those planning to enter graduate study, for those planning teaching careers in elementary or secondary education, and for those who may wish to study music avocationally. Non-music majors will find many courses in the curriculum which may be of personal interest to them.

BACHELOR OF ARTS DEGREE WITH A MAJOR IN MUSIC — INSTRUMENTAL EMPHASIS

Specific Departmental Requirements

Mu 122 Sight Singing and Ear Training	3	
Mu 221 Theory I	3	
Mu 222 Theory II	3	
Mu 231 Music History I	3	
Mu 232 Music History II	3	
Mu 250 Conducting	2	
Mu 315 Methods and Principles of Teaching Instrumental Music	3	
Mu 321 Advanced Theory	3	
Mu 322 Advanced Theory	3

Mu 200 Applied Music (8 to 16 hours)	8-16	
	11-19	11-19

Electives 37-45

TOTAL REQUIRED FOR GRADUATION 128

**BACHELOR OF ARTS DEGREE WITH A MAJOR IN
MUSIC — VOCAL EMPHASIS**

For those students who wish to major in vocal music, the above courses are required except that Mu 314 must be substituted for Mu 315, and the 8 to 16 hours of applied music must be directed toward vocal. Two semesters of piano and the proficiency test are required. Chorus participation in 6 to 8 trimesters is required.

PIANO PROFICIENCY

All music majors must pass a piano proficiency examination based on the fundamental knowledge of the instrument which a non-piano major should have. This examination, held before the department faculty, consists of: sight-reading, harmonization at sight of a simple melody, ability to play all major and harmonic minor scales one octave, the presentation of a memorized composition of at least two pages in length from the traditional piano repertoire, and knowledge adequate to answer basic questions about the instrument.

MUSIC FOR TEACHERS

Those who wish to teach music in the secondary schools should elect the necessary education courses. Those who wish to major in elementary education music should take the above required courses, except that Mu 314 should be substituted for Mu 315.

MUSIC MINOR FOR SECONDARY TEACHERS

The student who wishes to minor in music is required to take Mu 100, Mu 122, Mu 316, or Mu 314 or Mu 315, choice of one; Mu 231 or Mu 232, Mu 250, and a minimum of seven credit hours in applied music. An additional requirement is a reasonable proficiency test in piano.

COURSE OFFERINGS

- | | | |
|-----------------------------|---|----------|
| Mu 100 | FUNDAMENTALS OF MUSIC
Open to all students. A course in musical literacy intended to help laymen acquire the basic skills necessary to participate fully in musical activities. No prior musical background is assumed. Fall and Winter terms. | (3-0) 3 |
| Mu 102 | INTRODUCTION TO MUSIC
A music appreciation course designed for students seeking to fulfill General Studies requirements. Deals with major musical trends from medieval times to the present. Fall and Winter terms. | (3-0) 3 |
| Mu 103 | INSTRUMENTAL AND VOCAL CLASS INSTRUCTION (A, B, C, D, E, & F)
These classes are all designed to provide the student with the basic elements and techniques of performance in each of the media. Fall and Winter terms. | (0-2) 1 |
| Mu 104
204
304
404 | APPLIED MUSIC (A, B, C, D, E & F)
A one-half hour private lesson per week. Open to all students. Number of the course varies with the level of the student proficiency. Fall and Winter terms. | (0-1½) 1 |
| Mu 105 | CONCERT CHOIR
Thorough study and performance each trimester of some major work for choir. Open to all students. Fall and Winter terms. | (0-2) 1½ |
| Mu 106 | CHAMBER SINGERS
An ensemble specializing in the performance of small scale works such as madrigals. By audition only. Fall and Winter terms. | (0-3) 1½ |

- Mu 107 **SPECIAL CHOIRS** (0-3) ½
 Requests for developing special choirs will be considered, upon written request to the Department of Music, as adjuncts to any on-campus organization. Under competent, organized supervision these choirs may function and receive ½ hour credit during any one term. Fall and Winter terms.
- Mu 110 **BAND** (0-3) ½
 Designed to provide every student who plays a musical instrument the opportunity to pursue his musical interests. A variety of musical literature will be provided as well as the opportunity to perform in concert on campus and on tour. Fall and Winter terms.
- Mu 122 **SIGHT-SINGING AND EAR-TRAINING** (3-0) 3
 A study of, and practice in, rhythmic, melodic, and harmonic ear-training and sight-singing. Fall term.
Prerequisite: Mu 100.
- Mu 221 **THEORY I** (3-0) 3
 The study of harmony in the 18th and 19th centuries using four-part writing as a basis. Diatonic modulations and seventh chords, melodic and rhythmic dictation, keyboard harmony studies, analysis of chorales and selected excerpts from traditional literature. Fall term.
- Mu 222 **THEORY II** (3-0) 3
 Continuation of Mu 221. Winter term.
Prerequisite: Mu 221.
- Mu 231 **MUSIC HISTORY I** (3-0) 3
 Study of the history of music from Classical antiquity to 1750. Fall term.
- Mu 232 **MUSIC HISTORY II** (3-0) 3
 Study of the history of music from 1750 to the present. Winter term.
- Mu 250 **CONDUCTING** (2-0) 2
 A course in the techniques of instrumental and choral conducting. Winter term.
- Mu 301 **WOODWIND ENSEMBLE** (0-2) 1
 A survey through performance of the literature composed for woodwind instruments from the Renaissance through Avant Garde schools of composition and including the use of ancient instruments where applicable. May be repeated once. Fall and Winter terms.
Prerequisite: consent of instructor.

- Mu 302 BRASS ENSEMBLE (0-2) 1
 A survey through performance of the literature written for this medium. Literature from the Baroque period to and including contemporary periods will be studied and performed. May be repeated once. Fall and Winter terms.
Prerequisite: consent of instructor.
- Mu 314 METHODS AND PRINCIPLES OF TEACHING VOCAL MUSIC (3-0) 3
 A course designed to provide music majors with contemporary teaching skills and techniques in teaching vocal music in the public schools in grades K-12. The Kodaly and Orff methods coupled with a pragmatic approach will be used. Winter term.
- Mu 315 METHODS AND PRINCIPLES OF TEACHING INSTRUMENTAL MUSIC (3-0) 3
 A course designed to provide music majors with contemporary teaching skills and techniques in the teaching of instrumental music in the public schools. Winter term.
- Mu 316 MUSIC IN THE ELEMENTARY SCHOOL (3-0) 3
 A class for elementary classroom teachers. A study of basic music and basic music teaching. Fall term.
- Mu 321 ADVANCED THEORY (3-0) 3
 Continuation of Mu 222. Ninth chords, chromatic harmony, elements of dissonance found in late 19th century music. Two and three-part melodic dictation; analysis of selections from 18th and 19th century literature. Fall term.
Prerequisite: Mu 222.
- Mu 322 ADVANCED THEORY (3-0) 3
 Continuation of Mu 321. Winter term.
Prerequisite: Mu 321.
- Mu 423 INSTRUMENTAL AND CHORAL ARRANGING (3-0) 3
 A course designed to equip music majors with the skills and techniques of arranging for instrumental and choral ensembles. Fall term.
Prerequisites: Mu 221, 222, 321, 322.
- Mu 496 SEMINAR (2-0) 2
 Students prepare and present library research papers. On demand.
Prerequisite: senior standing and permission of instructor.

- Mu 499 **INDEPENDENT STUDY** 1-3
Individual research is conducted under the supervision of a faculty member. On demand.
Prerequisite: approval of Department Chairman.

PHILOSOPHY

Professor Paul W. Pixler; Associate Professor William Coe.

The study of philosophy at Fort Lewis College has as its purpose not only the study of traditional and contemporary philosophical issues and positions for their intrinsic interest, but also the demonstration that man's age-old but continuing attempts to understand himself and his relation to the world are important to all of us. It is the mark of the liberally educated person to understand the conclusions of the various specialized sciences in terms of their basic assumptions, to have thought seriously about the nature of such assumptions, and to be aware of the way in which our views of reality are influenced by the very structures of our language. Perhaps the most important function of philosophy as a part of liberal education is the destruction—or at least the recognition—of the provincialism and complacency of much of our thinking. Philosophy is a necessary part of self-knowledge.

COURSE OFFERINGS

- Phil 141 **PROBLEMS OF PHILOSOPHY** (3-0) 3
A broad selection of philosophical problems is presented with representative readings from the history of philosophy in an atmosphere of class discussion. Problems included are: Free will vs. determinism, the validity of induction, the nature and relationship of mind and body, the possibility of proving that God exists, and the nature of knowledge and its relation to sense experience. Fall and Winter terms.
- Phil 171 **CONTEMPORARY MORAL ISSUES** (3-0) 3
An examination of the relation between different ethical points of view and the handling of the personal, social, political, ecological, and global problems which confront each of us today. Alternate years.
- Phil 251 **ETHICS** (3-0) 3
This course reviews broadly the history of man's systematic attempts from Plato to modern psychotherapeutic theory to identify morality and to establish standards for making and assessing moral judgments. On demand.

- Phil 261 **PHILOSOPHY OF RELIGION** (3-0) 3
 A detailed survey of philosophical approaches to problems raised by religion. Readings will be culled from sources representing widely differing points of view. Fall term.
- Phil 271 **LOGIC** (3-0) 3
 A broad treatment of different methods of assessing the validity of deductive and inductive arguments. The course covers syllogistic logic, elementary truth-functional logic, quantification, and a brief history of inductive logic. Winter term.
- Phil 274 **ANCIENT AND MEDIEVAL** (3-0) 3
 PHILOSOPHY
 An examination of the history of philosophy from the origins of scientific thinking in Asia Minor through the synthesis of Christianity and Greek philosophy in the thought of St. Augustine and the medieval Scholastics. A major emphasis of the course will be the systems of Plato and Aristotle, in which are embodied many of the roots from which modern thought has grown. Fall term—alternate years.
- Phil 275 **MODERN AND RECENT** (3-0) 3
 PHILOSOPHY
 An examination of the history of philosophy from the Renaissance through the 20th Century. Schools of thought like Continental Rationalism and British Empiricism are studied not only on their own terms but in terms of their relationship to the Kantian synthesis. The Kantian philosophy in turn, together with much 19th Century thought, is shown to be a necessary background for the understanding of the major philosophical issues of the 20th Century. Winter term—alternate years.
- Phil 351 **CONTEMPORARY PHILOSOPHICAL** (3-0) 3
 ISSUES
 An examination of trends and issues in 20th Century philosophy. Topics may vary, but will be selected from pragmatism, process philosophy, logical positivism, ordinary language analysis, phenomenology, existentialism, and the new idealism. Alternate years.
Prerequisite: Three hours of philosophy other than Phil 271, or consent of instructor.

PHYSICAL SCIENCE MAJOR

The Physical Science major provides good training in the physical sciences within the broader context of a liberal arts curriculum. The program offers a concentration of courses in which the student takes at least 20 credit hours in one of the three physical sciences (Chemistry, Geology, Physics), 3 courses in a second physical science, and 2 courses in the third science.

The program is designed for students who intend to teach more than one science at the secondary level or seek an advanced degree in physical science, earth science, or possibly one of the particular fields of science; others may wish to use the program as a means of preparing to teach on the secondary school level or to work as a science technician or to continue training leading toward a career in medicine, dentistry, etc. Any student planning to teach should consult the School of Education section of this bulletin to obtain the certification requirements.

BACHELOR OF SCIENCE DEGREE WITH A MAJOR IN PHYSICAL SCIENCE

General Studies 41

General requirements

Chemistry (2 courses, preferably Chem 147-148)	10	
Geology 113-114	8	
Mathematics through Math 222	13	
Physics (2 courses, preferably Phys 217-218)	10	
	41	41

Additional requirements depending on concentration selected

(Choose the courses in one of the sciences listed below; with the courses listed above as general requirements these courses will complete the required 20 hours concentration.)

Chemistry 231, 258 and one other course numbered above 231 <i>or</i>	12-14
Geology 207, 351, 361 and one other course numbered above 207 <i>or</i>	12-13
Physics—3 courses numbered above 218	10-14

Choose one additional course in either science not selected as the major concentration above. This will serve as the necessary third course in a second physical science.

3-5
37-46 37-46

Electives 9-0

TOTAL REQUIRED FOR GRADUATION 128

COURSE OFFERINGS

- PhySc 100 LABORATORY (0-3) 1
Work covers experiments in the fields of physics, chemistry, meteorology, geology, and astronomy. Laboratory techniques and instrumentation are stressed. Fall and Winter terms.
- PhySc 105 THE PHYSICAL SCIENCES (3-0) 3
History and philosophy of science. Study will be made of the development of some of the most important concepts of science: modern developments, problems in science, and problems from science. Area studies in electron theory, transistors, particle chemistry. Fall and Winter terms.

PHYSICS

Professor Randall D. Taylor; Assistant Professor Daniel E. Gibbons.

As an important part of the physical science program, Fort Lewis College offers a strong selection of the basic undergraduate courses in Physics. These courses are used extensively by students as part of their General Studies program and to augment their work in Chemistry, Engineering, Mathematics, etc. For information about the ways in which the Physics courses can help him, the individual student should consult his adviser and members of the Physics faculty.

COURSE OFFERINGS

- Phys 201 PHYSICS (4-3) 5
A study of mechanics, wave motion, sound, and heat. Calculus is not used. The course is intended to satisfy the college physics requirements and/or curiosity of all students whose major interests are not in engineering, physical science, or mathematics. This course is not recommended for engineering students or for most physical science majors. Students who take Phys 217 will not receive credit toward graduation for Phys 201. Fall term.
Prerequisite: high school algebra.

- Phys 202 **PHYSICS** (4-3) 5
 A continuation of Phys 201. The course includes topics in electricity and magnetism, light and optics, and in modern physics. Calculus is not used. Students who take Physics 218 will not receive credit toward graduation for Phys 202. Winter term.
Prerequisite: Phys 201.
- Phys 217 **PHYSICS FOR SCIENCE AND ENGINEERING** (4-3) 5
 The course includes topics in mechanics, wave motion, sound, and heat. Differential and integral calculus are used throughout the course. Phys 217 is required of engineering students and strongly recommended to all physical science majors. Fall term.
Prerequisite: Math 221; Math 222 should be taken concurrently.
- Phys 218 **PHYSICS FOR SCIENCE AND ENGINEERING** (4-3) 5
 A continuation of Phys 217. The course includes the principles of electricity and magnetism, light and optics, and topics in modern physics. Phys 218 is required of engineering students and strongly recommended to all physical science majors. Winter term.
Prerequisites: Math 222 and Phys 217.
- Phys 320 **MODERN PHYSICS** (3-0) 3
 A course in modern physics. A study of current theories in atomic and nuclear physics. Fall term—alternate years.
Prerequisites: Phys 201 or 217 and Math 222.
- Phys 340 **OPTICS** (3-3) 4
 Laboratory experiments include experiments in both geometrical and physical optics. Emphasis is on precision measurements by optical techniques. Experiments include measurements with interferometer, laser, spectroscope, and diffraction grating. Fall term—alternate years.
Prerequisites: Phys 202 or 218; Math 222.
- Phys 354 **THEORETICAL MECHANICS** (4-0) 4
 A study of kinematics, statics, and dynamics of particles and rigid bodies. Winter term—alternate years.
Prerequisites: Phys 201 or 217; Math 223.
- Phys 361 **PRINCIPLES OF ELECTRICITY AND MAGNETISM** (4-3) 5
 The mathematical theory of electrical and magnetic phenomena. On demand.
Prerequisites: Phys 202 or 218; Math 327.

- Phys 370 HEAT AND THERMODYNAMICS (3-0) 3
The concepts of temperature, heat, and changes of state. Winter term.
Prerequisites: Phys 201 or 217; Math 327.
- Phys 408 ELECTRIC CIRCUITS (4-3) 5
The principles and theories of circuit analysis, energy conversions, and pertinent equipment. On demand.
Prerequisites: Phys 201 or 217; Math 327.
- Phys 420 QUANTUM MECHANICS (4-3) 5
An introduction to modern concepts in quantum mechanics. The course includes wave-particle relationships, stationary solutions to Schrodinger equation, barrier penetration problems, single harmonic oscillator, one-electron atom, multi-electron atoms, and an introduction to quantum scattering theory. On demand.
Prerequisites: Phys 202 or 218; Math 223.
- Phys 499 INDEPENDENT STUDY 1-3
Individual research is conducted under the supervision of a faculty member. On demand.
Prerequisite: approval of instructor.

POLITICAL SCIENCE

Associate Professor LeRoy W. Goodwin; Assistant Professors David J. Bass, James C. Decker.

The Political Science major provides excellent training for the person who: (1) plans to work in city, county, state, or national government; (2) expects to become an attorney; (3) hopes to go into the Foreign Service, the Peace Corps, or to work abroad for an American company; (4) plans to enter graduate school and later teach in a college or university as well as for the person who desires to teach at the secondary school level; (5) expects to enter politics, either as a candidate or as an administrative aide to a public official; (6) expects to report political news; and (7) expects to be an administrator in higher education.

Political Science course offerings are available, in addition, to the student who is majoring in another area but who wants to learn something about politics and government.

BACHELOR OF ARTS WITH A MAJOR IN POLITICAL SCIENCE

General Studies		41
<i>Specific Departmental Requirements</i>		
PS 110 U.S. National Government: Power and Freedom in the Twentieth Century	3	
PS 388 Contemporary Political Analysis	3	
PS 496 Seminar, or PS 499 Independent Study	2	
	8	
<i>Other Departmental Requirements</i>		
24 additional hours in Political Science	24	32
<i>Auxiliary requirements from other departments</i>		
Hist 280 I and II Survey of American History	6	
Two courses in any of the following areas: Anthropology, Economics, Foreign Language, Mathematics, Philosophy, Psychology, or Sociology.		
	6-10	12-16
<i>Electives</i>		39-43
TOTAL REQUIRED FOR GRADUATION		128

Those who wish to teach in the secondary school must complete the required education courses.

MINOR FOR SECONDARY TEACHERS
21 hours of Political Science course work.

COURSE OFFERINGS

- PS 101 **POLITICS: THE PROBLEM OF FREEDOM AND COERCION** (3-0) 3
An introduction to the relationship of man and government, man's role as a political animal; a study of the nature of the state and the forms of rule evolved from the past. Fall and Winter terms.
- PS 110 **U.S. NATIONAL GOVERNMENT: POWER AND FREEDOM IN THE TWENTIETH CENTURY** (3-0) 3
A study of the policies, procedures, politics, and problems of the U.S. national government. Fall and Winter terms.
- PS 120 **STATE AND LOCAL GOVERNMENT** (3-0) 3
A study of the history, nature, organization, and operation of state and local government in the United States. Winter term.

- PS 220 U.S. PARTY AND INTEREST GROUP (3-0) 3
POLITICS
An inquiry into the dynamics of the American representative system stressing the roles of the two major parties in the nomination and election process and in the control and management of governmental power. Relationships among the government, parties, and interest groups are stressed. Fall term.
- PS 230 PUBLIC ADMINISTRATION (3-0) 3
An examination of the role of administration in government, with special attention given to the relationship of the bureaucracy to the policy-formulation branches of the government. Winter term.
- PS 241 INTRODUCTION TO THE (3-0) 3
LEGAL SYSTEM
An introduction to the American legal system from the citizen's point of view, to include the processes of criminal and civil law. Law as a social institution is examined through study of the trial and appellate processes including the behavior of lawyers, judges, juries, and law enforcement officers. Fall term.
- PS 251 INTRODUCTION TO COMPARATIVE (3-0) 3
POLITICS
An introduction to the study of foreign national political systems. A variety of illustrations from different countries or points in time focus on the essential features of government and politics and point out their universality as well as distinctions due to ethnocentrism. Fall term.
- PS 320 INTERNATIONAL RELATIONS (4-0) 4
An examination of international politics, with special emphasis on the relationships of security, sovereignty, nationalism, economic objectives, power, and international law to peace and war. Winter term.
- PS 331 CONSTITUTIONAL LAW (4-0) 4
A study of the nature and scope of American constitutional principles as developed through studies of Supreme Court decisions. The emphasis is on cases dealing with civil rights, federalism, powers of the national government, and interstate obligations. Fall term.
- PS 337 U.S. FOREIGN POLICY (3-0) 3
A study of United States Foreign Policy from the American Revolution to the present day with emphasis on current policy and how it is made. Winter term.

- PS 352 STUDIES IN COMPARATIVE POLITICS (3-0) 3
Continuation of PS 251. Students are encouraged to do further study in countries or areas of their own choosing utilizing methods and concepts developed in PS 251. Winter term.
Prerequisite: PS 251 or permission of instructor.
- PS 388 CONTEMPORARY POLITICAL ANALYSIS (3-0) 3
A study focusing on historic and newer methods of research in political science, on voter-behavior and other studies, and on the contributions of the other sciences to political science. Fall term.
- PS 486 POLITICAL THOUGHT (5-0) 5
Primarily a study of the ideas of both early-day and present-day political philosophers. Students read the original writings of the philosophers. Fall term.
Prerequisite: consent of instructor.
- PS 496 SEMINAR (3-0) 3
Students prepare and present library research papers. On demand.
Prerequisites: senior standing and consent of instructor.
- PS 499 INDEPENDENT STUDY 1-3
Individual research is conducted under the supervision of a faculty member. On demand.
Prerequisite: approval of Department Chairman.

SPANISH see FOREIGN LANGUAGES

SOCIOLOGY AND GEOGRAPHY

Instructors Mary Kay Cordill, Roger J. Lauen.

Fort Lewis College offers courses in both Sociology and Geography which may be taken as electives by those desiring a broad background in the social sciences and in the study of minority groups.

COURSE OFFERINGS

- Soc 101 INTRODUCTION TO SOCIOLOGY (3-0) 3
An elementary survey of the field of Sociology including subject matter, methods, and theory. Fall and Winter terms.

- Soc 241 MODERN SOCIAL ORGANIZATION (3-0) 3
 Study of complex modern social structures and institutions including bureaucracies, cities, and economic organizations. Fall term.
- Soc 251 THE COMMUNITY (3-0) 3
 A review and appraisal of community theories, studies, and processes of change. Winter term.
- Soc 263 CONTEMPORARY SOCIAL PROBLEMS (3-0) 3
 A study of culture and its relation to specific social problems. Fall and Winter terms.
- Soc 275 THE SOCIOLOGY OF EDUCATION IN CONTEMPORARY SOCIETIES (3-0) 3
 An examination of the structure and operation of educational organizations in contemporary American society. Classrooms, schools, school systems, higher education, and governmental educational agencies are examined in terms of the activities they carry out and the social impact of these activities. Alternate years.
- Soc 279 HISPANO IN THE SOUTHWEST (3-0) 3
 A study of the historical, social, and economic position of the Hispano in the southwestern portion of the United States. On demand.
- Soc 301 SOCIAL STRATIFICATION (3-0) 3
 The comparative study of social stratification systems, emphasizing the dynamics of modern class society but including study of caste, estate, and other stratification systems. Fall term.
Prerequisite: one course in Sociology.
- Soc 321 URBAN SOCIAL SYSTEMS (3-0) 3
 A study of the city in terms of its various social systems, group life, residential and institutional patterns, processes of interaction, demographic processes, and patterns of growth and change. Winter term.
Prerequisite: one course in Sociology.
- Geog 271 WORLD GEOGRAPHY (3-0) 3
 An introduction to world geography: physical and cultural regions; development of natural resources. On demand.

THEATRE

Associate Professors Ralph Dale O'Keefe, David Berg; Instructor Paul B. Abe.

Theatre at Fort Lewis College stresses the creative development of the individual. For this reason, the program is in a constant state of renewal to keep abreast of the latest approaches to human growth and development. Aware of the need, however, of training the person for a future in academic community or professional theatre, the faculty members involved give equal stress to technical aspects of staging and production.

MINOR IN SPEECH AND THEATRE FOR SECONDARY TEACHERS

Thea 120	Acting: Interpersonal Communication	2	
Thea 124	Scenic Elements	3	
Thea 126	Acting: Voice and Body	2	
Thea 151	Oral Interpretation of Literature	3	
Thea 181	Theatre Workshop	2	
Thea 221	Lighting and Sound	3	
Thea 247	History of the Theatre	5	
Engl 371	Dramatic Literature	4	24

COURSE OFFERINGS

Thea 121	SPEECH COMMUNICATION	(3-0)	3	Through closely supervised activities in various speech forms, the student develops skills in the organization and delivery of speeches. Fall and Winter terms.
Thea 123	ACTING: INTERPERSONAL COMMUNICATION	(1-2)	2	Getting the person in touch with his environment. Method and approach include centering, sensory awakening, meditation, fantasy, non-verbal, and dramatic methods. Fall term.
Thea 131	SCENIC ELEMENTS	(2-2)	3	Theories and principles in Theatre scenery and property construction and execution. Fall term.
Thea 141	ACTING: VOICE AND BODY	(1-2)	2	Training the instruments for more effective communication. Exercises include meditation and movement, vocal control and precision of diction, sound and body movement, mime and choral work. Fall term.

- Thea 151 ORAL INTERPRETATION (2-2) 3
OF LITERATURE
Exploration of the layers of meaning in the basic forms of literature for the purpose of interpreting them orally to audiences. Fall and Winter terms.
- Thea 181 THEATRE WORKSHOP (0-2) 1
This course is designed to give college credit for participation in theatre activities. Such credit may be obtained by participation in acting either in experimental theatre or in major college productions. A section in technical theatre offers credit for behind-the-scenes and other back-up work for the stage. The course may be taken four times for credit. Fall and Winter terms.
- Thea 215 FUNDAMENTALS OF PLAYWRITING (3-0) 3
A course in the principles and practice of writing for the stage and dramatic material for television. The student is encouraged to take a two-hour lab in theatre workshop while enrolled in this course. The student should have a prior background in dramatic literature. Alternate years.
- Thea 221 LIGHTING AND SOUND (3-0) 3
Introduction to design and execution theories, principles and techniques of theatre lighting and sound. Fall term.
- Thea 252 READERS' THEATRE (2-2) 3
Readers' Theatre goes beyond the fundamental concepts of individual oral interpretation. Here the class explores ensemble oral interpretation of literary materials for the purpose of public performance. Winter term.
Prerequisite: Thea 151.
- Thea 347 HISTORY OF THE THEATRE (5-0) 5
A study of the theatre from the ancient Greeks to the moderns. Emphasis will be on theatre scholarship, chief periods of dramatic literature, architectural development of the physical theatre, and the chief styles of acting and theatre production. Alternate years.
- Engl 371 Dramatic Literature may also be taken for credit in Theatre.

SCHOOL OF BUSINESS ADMINISTRATION

ACCOUNTING

BUSINESS ADMINISTRATION

BUSINESS EDUCATION

ECONOMICS

Arthur K. Brintnall, Director

SCHOOL OF BUSINESS ADMINISTRATION

The School of Business Administration prepares students for responsible positions in business and industry, for teaching, or for admission to graduate school.

In accordance with the highest standards of education for business, students are expected to acquire a sound background in the liberal arts as a basis for mature understanding of the problems of business leadership and management. Some basic business courses are offered in the student's first two years. However, the program is largely at an upper-division level and students are advised to concentrate their professional courses in the junior and senior years.

Certain courses are required for all students. These "core" courses cover that body of knowledge unique to an understanding of business institutions, the economic system and the principles of leadership. In addition, opportunity is provided for specialization. The student may major in one of the following areas:

- Accounting
- Business Administration
- Business Education
- Economics

The School is characterized by its professional attitude and its close student-faculty relationship. In addition to its concern for good classroom instruction, the faculty believes that much learning takes place through personal and informal contacts with students.

SCHOOL OF BUSINESS ADMINISTRATION FACULTY

Professor Arthur K. Brintnall (Director); Associate Professors Bernard E. Anderson, Edward N. Dubois, Reginald A. Graham, Jerry M. Kaufman; Assistant Professors Leonard D. Atencio, Bill D. Cox, Edward S. Freienmuth, Aubrey A. Holderness, Alice J. Tochi, John H. Zoller.

ACCOUNTING

The objectives of the program in Accounting are: To provide opportunity for students to develop into thinking, well-balanced, social beings; to become familiar with the economic, political, and social climate in which modern business is conducted; to familiarize the student with the primary analytical tools and methods; and to develop capacity for objective analysis, for leadership, for appreciation of cultural values, and an awareness of the individual's social responsibility.

Students successfully completing the major in Accounting are: (1) prepared to embark immediately upon a career as a public, private or governmental accountant, and (2) provided with a foundation in accounting and business administration that will enable them to pursue effectively graduate study in these fields.

The Accounting major at Fort Lewis College has been approved by the State Board of Accountancy of Colorado as preparation for the Certified Public Accountant Examination and for those receiving C.P.A. certificates.

* One term of the Freshman Seminar must be in "The Role of Business in Modern Society."

** Either 261 or 262 should be taken in the sophomore year. The one not taken then should be deferred to the junior year.

COURSE OFFERINGS

- Acc 225 **ELEMENTARY ACCOUNTING I** (3-2) 4
 Double-entry accounting, its meaning and purpose, is introduced. Accounting for business transactions from inception through the accounting cycle is covered. Specialized topics include: special journals; the voucher system; internal control; valuation of accounts and notes receivable; inventories; fixed assets and depreciation; manufacturing and payroll accounting. Offered fall and winter terms.
- Acc 226 **ELEMENTARY ACCOUNTING II** (3-2) 4
 Major emphasis is on accounting for corporations which covers organization and operations; stock transactions; retained earnings; investments; and the flow of funds. Introduction to partnership, cost, and tax accounting are included. Offered fall and winter terms.
- Acc 232 **INCOME TAX PROCEDURE** (3-0) 3
 A nontechnical approach to the fundamental concepts and mechanics of preparation of federal income tax returns. All classes of individual returns and commonly encountered business forms are covered. Offered summer term.
- Acc 319 **MANAGERIAL ACCOUNTING** (3-0) 3
 The application of accounting information for principal purposes of making managerial decisions is stressed. Topics include: the analysis and interpretation of financial statements; budgeting for planning and control; cost behavior (cost-volume-profit relationships); relevant cost analysis for making long- and short-range capital expenditure decisions; and the impact of income taxes on management planning. This course is not available to students who have over 14 semester credit hours of accounting. Offered winter term.
Prerequisite: Acc 226.
- Acc 321 **INTERMEDIATE ACCOUNTING I** (3-0) 3
 The fundamental process of accounting is analyzed. The proper treatment of business transactions in the recording and analyzing phases is reviewed. The art of financial statement presentation is studied with particular emphasis being placed on the presentation of assets and current liabilities. Offered fall term only.
Prerequisite: Acc 226.

- Acc 322 INTERMEDIATE ACCOUNTING II (3-0) 3
The art of financial statement presentation is studied with particular emphasis being placed on the presentation of long-term liabilities and stockholders' equity. Financial statement analysis and funds flow reporting are covered. Offered winter term only.
Prerequisite: Acc 321.
- Acc 325 COST ACCOUNTING I (3-0) 3
This course develops cost accounting procedures applicable to job order and process cost systems. Emphasis throughout the course is on the processing and reporting of a firm's historical and projected cost data to assist management in planning, controlling and analyzing operations and costs. Offered fall term only.
Prerequisite: Acc 226.
- Acc 326 COST ACCOUNTING II (3-0) 3
A continuation of the study of Cost Accounting with emphasis on standard costs and analysis of cost for profit decision making purposes. Offered on demand.
Prerequisite: Acc 325.
- Acc 330 INCOME TAX ACCOUNTING (3-0) 3
A brief history of the income tax, income tax accounting, and study of current federal income tax provisions are presented. Offered fall term only.
Prerequisite: Acc 321 or consent of instructor.
- Acc 334 GOVERNMENTAL AND INSTITUTIONAL ACCOUNTING (3-0) 3
Fund accounting, budgetary accounts, and control are covered. The course also includes presentation of accounting systems for governmental and institutional units. Offered on demand.
Prerequisite: Consent of instructor.
- Acc 335 SURVEY OF ACCOUNTING THEORY AND TRENDS (3-0) 3
Examination of the ideas of leading accounting theoreticians of the past and present with emphasis placed on the reflection of these ideas in accounting practice. Offered winter term only.
Prerequisite: Acc 322.
- Acc 433 ADVANCED ACCOUNTING (4-0) 4
This course develops advanced theory in relationship to financial statement items. Included are income measurement, changes in creditor and proprietary interests, consignments, branch offices, consolidations; insolvency, estates, trusts, and foreign exchange. Offered fall term only.
Prerequisite: Acc 322.

- Acc 436 **AUDITING - THEORY AND PRACTICE** (3-0) 3
Functions of the independent public accountant are stressed. The course includes audit reports and opinions, account analysis, audit programs, working paper content and form, professional ethics, applications of accounting and auditing standards, SEC stock exchange regulations, investigations for purchase and financing, and current literature on auditing. Offered winter term only.
Prerequisite: Acc 322 and consent of instructor.
- Acc 437 **INTERNSHIP IN PUBLIC ACCOUNTING** (—) 3
Accounting students in their senior year may be placed with a selected certified public accounting firm where they will serve as a member of the accounting staff. The experience gained in this program will provide a basis for a term paper to be submitted at the end of the trimester. The student's performance will be periodically evaluated by his supervisors in the firm. Offered on demand.
Prerequisite: Consent of the instructor.
- Acc 438 **C.P.A. REVIEW** (3-0) 3
General advanced accounting problems of the type found on C.P.A. examinations are subjected to analysis. Accounting theory is applied and procedures for solution are rated. Offered winter term only.
Prerequisite: Consent of instructor.
- BA 496 **SEMINAR** (2-0) 2
Students prepare and present library research papers. Offered fall and winter terms.
Prerequisite: Senior standing and permission of instructor.
- BA 499 **INDEPENDENT STUDY** 1-3
Individual research is conducted under the supervision of a faculty member. Offered fall and winter terms.
Prerequisite: Approval of Director, School of Business Administration.

BUSINESS ADMINISTRATION

The Business Administration program prepares the student for leadership positions in today's society, or for entrance into graduate school.

Students may elect courses that emphasize a particular area of management. However, all are expected to develop a basic understanding of the social and economic environment of business, the

principles of leadership and organization theory, the quantitative tools of decision making and the functional areas of the firm.

Emphasis is placed on developing leaders and on a professional, well balanced understanding of management.

* One term of the Freshman Seminar must be in "The Role of Business in Modern Society."
It is recommended that at least one-half of the noted electives be in the business field.

At least six hours of the electives must be selected from the following: B.A. 302, B.A. 342, B.A. 483, B.A. 486, B.A. 489, Acc. 321, Acc. 325, Econ 356, Econ 365.

COURSE OFFERINGS

- BA 251 BUSINESS STATISTICS I (3-0) 3
An introduction to the methods used in economics and business for the collection and analysis of numerical data for decision-making purposes. The course covers data collection, methods of statistical description, statistical inference including estimation, simple hypothesis testing and statistical decision theory and an introduction to index number construction. Offered fall and winter terms.
Prerequisite: One semester of mathematics.
- BA 252 BUSINESS STATISTICS II (3-0) 3
A continuation of Business Statistics I. Topics covered include simple and multiple regression and correlation, analysis of variance, and time series analysis. Offered fall and winter terms.
Prerequisite: BA 251.
- BA 301 PERSONNEL MANAGEMENT (3-0) 3
Personnel selection, placement, training, promotion, wage incentives, absenteeism, and counseling. Job analysis and evaluation, safety and health, employee services and human relations. Offered fall term only.
- BA 302 INDUSTRIAL RELATIONS (3-0) 3
(Labor Economics)
Principles of labor bargaining and a critical examination of wages, unemployment, collective bargaining, wage regulations, and social insurance. Offered winter term only.
Prerequisite: BA 301.
- BA 311 BUSINESS LAW (3-0) 3
Basic principles of law as applied to business transactions. Study of the law of contracts and sales, sales warranties, law of agency, negotiable instruments and personal property is included. Offered fall and winter terms.
- BA 340 PRINCIPLES OF MARKETING (3-0) 3
The first part of the course is devoted to a broad investigation of the channels of distribution with an emphasis on marketing functions, policies and costs. The courses are concluded with an investigation of the marketing institutions, with special emphasis on retailing. Offered fall and winter terms.
Prerequisite: Econ 261 or concurrent registration.

- BA 342 RETAILING (3-0) 3
An introduction to retailing from the management point of view; study of retail policies and organization, the operation of the buying and selling functions, merchandise control, store systems, personnel management, retail accounting, and expense control. Offered winter term only.
Prerequisite: BA 340.
- BA 343 SALES ADMINISTRATION (3-0) 3
Advanced consideration of the firm's marketing objectives and policies and their implementation and control. Involvement of the entire organization in the marketing function is stressed. Offered fall term only.
Prerequisite: BA 340.
- BA 344 ADVERTISING (3-0) 3
Basic principles of a marketing communication system are developed, with emphasis on media selection and feedback requirements. The role of research is emphasized. Offered fall term.
Prerequisite: BA 340.
- BA 405 BUSINESS POLICIES AND PUBLIC RELATIONS (3-0) 3
The first part of the course concerns the firm, its place in society, its responsibilities and duties. A study of the history and present impact of governmental regulations and activities as it affects the businessman. The course concludes with an analysis of the problems encountered by management in its daily operations. The case method is stressed. Offered fall and winter terms.
- BA 445 MARKETING CASES AND PROBLEMS (3-0) 3
Detailed case analysis of corporate marketing problems. Cases include all of the marketing inputs and allied internal and external forces and resources. Offered winter term only.
Prerequisite: BA 343
- BA 446 MARKETING RESEARCH (3-0) 3
Evaluates the role of research in marketing management. Includes the use of research in defining, analyzing and resolving marketing problems. Consideration is given to research procedures, sources of data, and the use of information for decision making. Offered winter term only.
Prerequisites: BA 251 and BA 340.

- BA 480 CORPORATION FINANCE (3-0) 3
The financial structure of various types of business organizations, including sole proprietorships, partnerships, and corporations. Methods of securing and managing funds to meet short and long term capital requirements are presented. Offered fall term only.
Prerequisite: Acc 226 or concurrent registration.
- BA 483 INVESTMENTS (3-0) 3
Analysis of several theories of investment followed by an investigation and study of security markets. Corporate bonds and stocks are stressed; however, federal and state bonds and private investment opportunities are also considered. Taught on demand.
- BA 486 INSURANCE (3-0) 3
Coverage available, buying methods, and general procedures of operation of all types of insurance companies. Special emphasis on the analysis of the standard or more common forms of fire, marine, casualty, and life insurance contracts. Taught on demand.
- BA 489 REAL ESTATE (3-0) 3
The regulation, practices, legal aspects, and professional ethics of the real estate business. Some consideration is given to real estate appraisal techniques and theory. Taught on demand.
Prerequisite: BA 311.
- BA 496 SEMINAR (2-0) 2
Students prepare and present library research papers. Offered fall and winter terms.
Prerequisite: Senior standing and permission of instructor.
- BA 499 INDEPENDENT STUDY 1-3
Individual research is conducted under the supervision of a faculty member. Offered fall and winter terms.
Prerequisite: Approval of Director, School of Business Administration.

BUSINESS EDUCATION

There are two programs offered in Business Education: Business Education and Secretarial Science.

The teacher-education curriculum is designed specifically for the preparation of teachers of business subjects. Students who are not enrolled in the teacher-education curriculum may elect to enter the vocationally oriented program, Secretarial Science, and upon completion, receive an Associate of Arts degree.

Each curriculum is constructed to insure that the students may receive a broad general education and a sound foundation in the basic areas of business knowledge.

The objective of the programs is to develop in each student a professional outlook with the ability to perform successfully the duties demanded in his pursuits.

COURSE OFFERINGS

- BE 107** **INTERMEDIATE TYPING** (2-0) 2
 The development of speed and accuracy in producing business forms. Offered fall and winter terms.
Prerequisite: One year of high school typing or ability to pass the typing qualification examination.
- BE 108** **ADVANCED TYPING** (2-3) 2
 The development of skill in office production. Business letters, business forms, tabulations, and manuscripts are presented. Use of electric machines. Offered fall and winter terms.

- BE 111 **ELEMENTARY GREGG SHORTHAND** (2-3) 3
The basic principles of reading and writing shorthand, and dictation of practiced material. Offered fall term only.
- BE 112 **INTERMEDIATE SHORTHAND** (2-3) 3
The practice of dictation and transcription including shorthand vocabular building. Offered fall and winter terms.
Prerequisite: BE 111 or permission of instructor.
- BE 144 **QUANTITATIVE BUSINESS TECHNIQUES** (1-3) 2
The latest arithmetical techniques used in business and accounting. Stress is placed on applications including a thorough instruction in the use of rotary and listing calculators, electronic calculator, key-driven, and ten-key adding machines. Offered fall and winter terms.
- BE 213 **ADVANCED SHORTHAND AND TRANSCRIPTION** (2-3) 3
The practice of advanced dictation and speed building, and development of skill in shorthand. Offered fall and winter terms.
Prerequisite: BE 112 or permission of instructor.
- BE 221 **BUSINESS COMMUNICATIONS** (3-0) 3
A course built around the basic concept that both the functions and objectives of business are achieved through effective communication. Includes the processes of business communication and the conventions of business writing. Offered fall and winter terms.
- BE 232 **SECRETARIAL PROCEDURE** (2-2) 3
Basic secretarial principles and procedures, including filing procedures, mail and telephone techniques, machine transcription, duplicating machines, receiving callers, business etiquette, and personal transportation. Offered fall and winter terms.
Prerequisite: BE 108 or permission of instructor.
- BE 308 **OFFICE MANAGEMENT** (3-0) 3
The principles of office management. The responsibilities of management for office services, office layout and space utilization, office furniture and equipment machines and appliances, branch office management, office personnel problems, training of office workers, office costs, and office methods and procedures are included. Individual research required. Offered winter term only.

- BA 496 SEMINAR (2-0) 2
 Students prepare and present library research papers.
 Offered fall and winter terms.
Prerequisite: Senior standing and permission of
 instructor.
- BA 499 INDEPENDENT STUDY 1-3
 Individual research is conducted under the supervision
 of a faculty member. Offered fall and winter terms.
Prerequisite: Approval of Director, School of Business
 Administration.

ECONOMICS

The program in Economics offers, within the general framework of liberal arts, courses designed to meet the needs and desires of students who major in economics. The major in economics is designed to (1) provide the student with an understanding of our present-day economic system and an understanding of economics and its relationship to other disciplines, and (2) prepare the student for graduate work, employment in government and business, and teaching in high schools.

BACHELOR OF ARTS DEGREE WITH A MAJOR IN ECONOMICS

General Studies		41
<i>Specific Departmental Requirements</i>		
Econ 261 Principles of Economics I	3	
Econ 262 Principles of Economics II	3

COURSE OFFERINGS

- Econ 261 PRINCIPLES OF ECONOMICS (3-0) 3
 A course in economic life, institutions, and problems, stressing the national income approach. Introduction to demand, supply, and prices is included. Offered fall and winter terms.
- Econ 262 PRINCIPLES OF ECONOMICS (3-0) 3
 Price determination and income distribution in a capitalistic economy. Investigation of current economic issues with particular emphasis on labor-management relations, agriculture, international trade, and government regulation of business is included. Offered fall and winter terms.
- Econ 356 INTERMEDIATE MICRO THEORY AND ANALYSIS (3-0) 3
 This course deals with the price system as it directs resources to more efficient use. It deals with pricing under the various degrees of competition and stresses demand analysis. The principles of production economics are explored. Offered fall term only.
Prerequisite: Econ 262.
- Econ 361 MANAGERIAL ECONOMICS (3-0) 3
 This course bridges the gap between economic theory and business decision. It shows how to measure profits for management decisions and how to use demand analysis for improving sales forecasting, pricing, promotional planning, and new product development. Offered winter term only.
Prerequisite: Econ 262.

- Econ 364 INTERMEDIATE MACRO THEORY (3-0) 3
The goal is to enable the student to discuss analytically current policy problems. An analysis of the forces which generate fluctuations in the level of economic activity of the country. Offered winter term only.
Prerequisite: Econ 261.
- Econ 365 MONETARY ECONOMICS (3-0) 3
Money, monetary systems, control banking, monetary theory, and the functions of various financial institutions including commercial banks. Included is an historical, statistical, and analytical consideration of the business cycle using modern techniques of national income accounting. Offered fall term only.
Prerequisite: Econ 261.
- Econ 367 COMPARATIVE ECONOMIC SYSTEMS (3-0) 3
An analysis and comparison of capitalism, socialism and communism and a survey of the historical background in which these systems developed. Offered on demand.
Prerequisite: Consent of instructor.
- Econ 369 PUBLIC FINANCE (3-0) 3
An analysis of the financing of federal, state, and local units of government. Emphasis given to problems of taxation, expenditures and debt management. Offered on demand.
Prerequisite: Econ 261.
- Econ 371 INTERNATIONAL ECONOMICS (3-0) 3
Classical, neo-classical, and modern trade theory. Comparative analysis of marketing functions, institutions and structures indifferent national environments. Exchange rates, import-export monopolies, quotas, tariffs, and other foreign fiscal policies. Offered on demand.
Prerequisite: Econ 261 and 262.
- Econ 468 HISTORY OF ECONOMIC THOUGHT (3-0) 3
An analysis of economic thought. The writings of Plato, Aristotle, Xenophon through Merchantilist ideas; the classical tradition including Marx, the Marginalists and opponents including Jevons, Menger, Marshall, Pareto, Weber, Veblen; and the contemporary economists including Keynes, Chamberlain, Clark and Schumpeter. Offered on demand.
Prerequisite: Consent of instructor.

- Econ 470 **QUANTITATIVE ECONOMICS** (3-0) 3
An introduction of the methods and procedures for quantifying economic relationships. Included are mathematical economics, statistical procedures in economics, and the formulation and estimation of economic models. Offered on demand.
Prerequisite: Consent of instructor.
- Econ 475 **REGIONAL ECONOMICS** (3-0) 3
A study in the economic structure, stability and growth of regional and urban economics. Included is an analytical approach to the location of economic activity, and methods of measuring and analyzing regional and urban economic performance. Attention to be focused on problems unique to the southwestern region of the national economy. Offered on demand.
Prerequisite: Econ 364 or consent of instructor.
- BA 496 **SEMINAR** (2-0) 2
Students prepare and present library research papers. Offered fall and winter terms.
Prerequisite: Senior standing and permission of instructor.
- BA 499 **INDEPENDENT STUDY** 1-3
Individual research is conducted under the supervision of a faculty member. Offered fall and winter terms.
Prerequisite: Approval of Director, School of Business Administration.

Bill D. Engman, Chairman

Professors Willard O. Bowman, Donald F. Whalen; Associate Professors Bill D. Engman, Donald N. Lange; Assistant Professors Edith W. Brochu, Donald E. Holes, Myron W. Johns, Michael S. Nyikos; Charles H. Reid, Jr., George H. Smith, Raymond N. Wilson.

The teacher education program is designed to prepare students to enter the teaching profession at the secondary and elementary levels. The program presents the skills, understandings, techniques, attitudes, knowledge, and appreciations necessary for students to become successful teachers. Students from other areas of study may take education courses as electives if they desire a broad understanding of American schools.

Procedures have been established for a college student to complete the teacher education program and to be recommended by the College to the State Department of Education for a teaching certificate. A teacher placement service is maintained.

The objectives of the Department of Education are:

1. To recruit persons to the teacher education program who possess potential as competent teachers.
2. To provide professional preparation for teachers entering the profession, as well as enrichment for those persons wishing to enhance their teaching competence.
3. To provide understanding and insight concerning the social, intellectual, and psychological nature of man.
4. To contribute to foundation courses in other academic areas.
5. To serve as consultant to area public schools in the effort to improve and update curricular programs and competence of teaching personnel.

ADMISSION TO THE PROGRAM:

The student makes application for admission to the program while enrolled in Ed. 201 Teacher Education Admissions Seminar. Admission requirements include a cumulative GPA of 2.0 or higher; completion of two semesters of Freshman English or Freshman Seminars with grades of "C" or better and the recommendation of the professional education screening committee. The professional education screening committee in considering an application for admission to the Teacher Education Program, takes into consideration these factors: character, personal adjustment, physical fitness, completion of necessary course work and scholarship.

For those students enrolling at Fort Lewis College after January 1, 1971, admission to student teaching will require an overall grade point average of 2.3 and a G.P.A. of 2.5 in the student's major, and in professional education courses.

There are additional academic and course completion requirements prior to actual student teaching. These are outlined in the Student Teaching Handbook available through the Department of Teacher Education.

Application for student teaching must be made on or before October 1 for student teaching placement in the winter trimester. Application for fall trimester student teaching must be made by June 1.

Students transferring to Fort Lewis College from other collegiate institutions will be accepted for the Teacher Education Program depending upon their prior preparations. Transfer students must meet a *one term* residency requirement prior to student teaching as well as the usual prerequisites to student teaching.

Areas of Concentration

Students majoring in elementary education will select two areas of concentration from the following areas: Art, English, Mathematics, Music, Physical Education, Science, and Social Science. They must also elect to follow one of two plans. *Plan I* requires that a minimum of 18 hours (6 advanced) of approved course work be completed in each of the two concentration areas. *Plan II* requires the student to complete a minimum of 24 hours (9 advanced) in one concentration area, and at least 12 hours in the other area.

	Plan I	Plan II
1st area of concentration	18	24
2nd area of concentration	18	12
3rd academic area	6	6
4th academic area	6	6
	48	48

The Elementary Education major must also complete the following Departmental Requirements.

ENGLISH

Engl 263 or Engl 462

and

one of the following: Engl 130, 140, 241, 243, 332, 333, 334

MATHEMATICS

Math 215 and 216

SOCIAL SCIENCE

6 hours of American or Latin American History

SCIENCE

Biol 100 and 101

Phys Science 100, and 105 or Geol 113

Additional Requirements (in case not included in areas of concentration)

Engl 327 Children's Literature	3	
Art 312 Art in the Elementary School	3	
Mu 316 Music in the Elementary School	3	
PE 370 Physical Education and Health in the Elementary School	3	
	13	13

TOTAL REQUIRED FOR GRADUATION140

NOTE: This large total can in most cases be reduced to 128 or below because many of the concentration requirement courses can be counted for General Studies courses as well.

EARLY CHILDHOOD EDUCATION

A program in Early Childhood Education is available for students wishing to specialize in teaching the kindergarten or nursery school age child. These courses are typically offered in the summer or extension sessions. This specialization is in addition to the regular Elementary Education Program.

Specific Departmental Requirements:

Ed 352 Individual Practicum in Early Childhood Education	3	
Ed 353 Growth and Development of the Young Child	3	
Ed 454 Language Arts for Early Childhood	3	
Ed 455 Modern Trends in Early Childhood Education	3	
	12	12

COURSE OFFERINGS

Ed 201 TEACHER EDUCATION ADMISSIONS (3-0) 3
SEMINAR

A course designed to provide a foundation for advisement on admission to the School of Education and to orient prospective members to the teaching profession. Historical, philosophical, and sociological developments which have resulted in relevant contemporary educational issues are explored. Students normally will apply for admission to the Teacher Education Program during this course. This course is a pre-requisite for all other courses in the required professional education sequence and requires at least 30 hours of college credit. Offered every term.

Ed 211 TEACHER AIDE PRACTICUM 1-3
AND SEMINAR

Designed to provide students with practical experience in working with children and youth in the school setting. Placement in local or nearby schools; experience to consist of a regular assignment in one teaching situation for the duration of the term — not to exceed 12 hours per week. Assignments highly individualized. Experience guided by the public school principal. Credit based on ratio of one hour per 25 contact hours. There will also be weekly seminar meetings. Enrollment by permission of instructor. Fall and Winter terms.

Ed 260 READING IN THE ELEMENTARY (3-0) 3
SCHOOL

Scope and sequence of reading in the elementary school with emphasis upon methods of teaching reading at the various maturity levels of children. Offered every term.

Prerequisite: Ed 201 or prior approval of instructor.

Ed 305 MATHEMATICS IN THE ELEMENTARY (3-0) 3
SCHOOL

Content and procedures in the teaching of modern mathematics in the elementary school. Offered every term.

Prerequisite: Admission to Teacher Education Program and Math 216.

- Ed 315** **SOCIAL STUDIES IN THE** (3-0) 3
ELEMENTARY SCHOOL
Content and procedures in the social studies program of the elementary school. Offered every term.
Prerequisite: Admission to Teacher Education Program and 6 semester hours of social science or approval of instructor.
- Ed 330** **HUMAN RELATIONS IN THE** (3-0) 3
CLASSROOM
Designed to increase teacher effectiveness in the realm of inter-personal relations and group dynamics; analysis of individual and group behavior in a classroom setting; theoretical concepts and skill training in classroom management. Offered Fall and Summer.
Prerequisite: Admission to Teacher Education Program, or permission of instructor.
- Ed 352** **PRACTICUM IN EARLY** (0-3) 3
CHILDHOOD EDUCATION
Designed to provide students with practical experiences in working with young children. Student will receive training in classroom observational techniques and will engage in such practices as case studies and sociological and psychological action research, culminating in the submission of a research paper on an appropriate area in the field. On demand.
- Ed 353** **GROWTH & DEVELOPMENT OF THE**
YOUNG CHILD (3-0) 3
A study of the physical, mental, social, emotional, and psychological growth and development of the child from conception through early childhood. Emphasis is given to the child in the school setting. On demand.
Prerequisite: Admission to the Teacher Education Program.
- Ed 362** **DEVELOPMENTAL READING IN THE** (3-0) 3
SECONDARY SCHOOL
The course includes reading theory, reading as skills development, techniques and materials for the detection of individual differences in reading ability, readiness for reading subject matter, vocabulary development in specific content areas, reading study skills, and increasing comprehension and reading rate. Fall and Summer terms.
Prerequisite: Permission of instructor.

- Ed 365 EDUCATIONAL MEASUREMENT (3-0) 3
A presentation of the applications of measurement and its contributions to and usefulness in the education program. Winter and Summer terms.
Prerequisite: Admission to Teacher Education Program and Psych 218, or approval of instructor.
- Ed 401 SEMINAR FOR LABORATORY EXPERIENCE IN THE SECONDARY SCHOOL (0-2) 1
Discussion of education topics pertinent to and in preparation for student teaching. Must be taken prior to student teaching. Fall and Winter terms.
Prerequisite: Admission to Teacher Education Program and Senior standing.
- Ed 402 SECONDARY EDUCATION (3-0) 3
Organization and management of instruction and the principles of teaching as applied to the secondary school; case studies; and materials of instruction. Fall and Winter terms.
Prerequisite: Ed 401.
- Ed 411 SCIENCE IN THE ELEMENTARY SCHOOL (3-0) 3
Emphasis on helping prospective teachers to (1) analyze the science needs of elementary school children in the modern world; (2) select subject matter which will help pupils meet these needs; and (3) develop methods of teaching which will encourage scientific inquiry on the part of the learner. Offered every term.
Prerequisite: Admission to Teacher Education Program and 8 semester hours of laboratory science or approval of instructor.
- Ed 420 INSTRUCTIONAL MEDIA (3-0) 3
A study of the place of instructional media in the learning process; general principles underlying the selection and use of materials for instructional purposes; exploration of visual and auditory aids available to teachers in the elementary and secondary schools; demonstration and practice in the use of instructional media in teaching. Offered every term.
Prerequisite: Admission to Teacher Education Program or approval of instructor.
- Ed 425 GUIDANCE IN THE PUBLIC SCHOOLS (3-0) 3
An introduction to the principles of guidance with emphasis on the role of the teacher and on guidance as an intrinsic part of teaching. Fall and Summer terms.
Prerequisite: Admission to Teacher Education Program or approval of instructor.

- Ed 433 LANGUAGE ARTS IN THE (3-0) 3
ELEMENTARY SCHOOL
The adaptation of the various language arts content subjects to the needs and maturity levels of elementary school children. Emphasis is given to instruction in grammar, composition, spelling, listening, writing and speaking. Offered every term.
Prerequisite: Ed 201 or approval of instructor.
- Ed 454 LANGUAGE ARTS FOR EARLY (3-0) 3
CHILDHOOD
The various skills of language development of the young child are considered, and language arts curriculum materials for early childhood are surveyed. On demand.
Prerequisite: Admission to Teacher Education Program and Junior standing.
- Ed 455 MODERN TRENDS IN EARLY (3-0) 3
CHILDHOOD EDUCATION
Emphasis is given to recent developments which have influenced early childhood education programs, such as Head Start, Day Care, Follow Through, federal legislation, etc. A consideration of appropriate curriculum materials is also included. On demand.
Prerequisite: Admission to Teacher Education Program and Junior standing.
- Ed 461 DIAGNOSTIC AND REMEDIAL READING (3-0) 3
A study of the diagnosis and teaching of children with reading difficulties with emphasis upon the development of appropriate skills through laboratory experience. Winter and Summer terms.
Prerequisite: Admission to Teacher Education Program and Ed 260, Reading in the Elementary School, or approval of instructor.
- Ed 480 METHODS OF TEACHING (SUBJECT (2-0) 2
MATTER AREAS)
A course designed to show the prospective teacher how to teach specific subjects in high school. Attention is given to the historical development and new trends within the subject matter area and their influence upon curriculum, learning, and teaching. Fall and Winter terms.
Prerequisite: Admission to Student Teaching.

- Ed 490 ADVANCED TOPICS IN EDUCATION (3-0) 3 1-3
Designed to accommodate the needs or requests of school systems, teachers, or regular Fort Lewis College students who seek credit for topics of immediate concern. Course topic will be one not normally or regularly available through another course offering. On demand.
- Ed 494 LABORATORY EXPERIENCE AND (0-8) 8
SEMINAR IN THE ELEMENTARY SCHOOL
Directed observation and teaching in the public schools at the elementary level. Periodic seminars are held in which relevant areas of elementary school organization and management are discussed. Fall and Winter terms.
Prerequisite: Admission to Student Teaching and senior standing.
- Ed 495 LABORATORY EXPERIENCE AND (0-8) 8
SEMINAR IN THE SECONDARY SCHOOL
Includes observation, participation, teaching, and allied activities under the direction of a selected regular teacher in a secondary school in consultation with College Supervisors. Fall and Winter terms.
Prerequisite: Admission to Student Teaching.
- Ed 499 INDEPENDENT STUDY 1-3
Individual research is conducted under the supervision of a faculty member. Offered every term.
Prerequisite: Approval of Department Chairman.

PHYSICAL EDUCATION

Joseph M. Pease, Chairman

Professor Joseph M. Pease; Associate Professors Louis C. Cullen, Adolph M. Kuss; Assistant Professors Marvin L. Giersch, Lawrence D. Overcast; Instructors William E. Hayes, John McNitt, Carol Seale, Janice R. Wilson.

The objectives of the Department of Physical Education are:

To provide for the preparation of skilled teachers of Physical Education as well as qualified persons in the allied areas of recreation and coaching;

To provide a meaningful program in individual and dual sports stressing the carry-over value of these activities for all students;

To provide extra curricular experiences for all students in health, physical education, and recreation;

To provide professional leadership for the recreational and athletic activities of the students.

COURSE OFFERINGS

PE 101,	PHYSICAL ACTIVITY	(0-2) 1
102,	Seasonal physical activities during each trimester for	
103	men or for women. All terms.	

- PE 124 **FIRST AID** (1-0) 1
 Designed to provide the standard course of the American Red Cross First Aid Training. Fall and Winter terms.
- PE 164 **ADVANCED FIRST AID** (1-0) 1
 The advanced course is intended to meet the needs of special-interest groups who have opportunity to give first aid care frequently in the course of their daily routine. Fall and Winter terms.
- PE 170 **INTRODUCTION TO HEALTH, PHYSICAL EDUCATION & RECREATION** (2-0) 2
 Orientation to the field of physical education as a professional career. The nature and scope of physical education, history, aims, objectives, and values; qualifications and professional preparation; opportunities for service; allied fields and professional associations. Fall and Winter terms.
- PE 190 **FOUNDATION OF PHYSICAL EDUCATION I** (0-6) 3
 Designed to acquaint the student with the philosophical background of Physical Education, and to develop skills and understandings in social and square dance, tumbling, gymnastics, golf, tennis, archery, and other activities commonly found in the public school program. Students will be required to meet minimum levels of proficiency in the activities covered before enrolling in advanced professional courses. Fall term.
- PE 191 **FOUNDATION OF PHYSICAL EDUCATION II** (0-6) 3
 Continuation of 190. Winter term.
- PE 200 **FOUNDATION OF PHYSICAL EDUCATION III** (0-4) 2
 Designed to acquaint the student with the philosophical background of Physical Education, and to develop skills and understandings in soccer, field hockey, softball, volleyball, basketball, and other activities commonly found in the public school program. Students will be required to meet minimum levels of proficiency in the activities covered before enrolling in advanced professional courses. Fall term.
- PE 224 **PREVENTION & CARE OF ATHLETIC INJURIES** (2-0) 2
 Intensive course in care and prevention of athletic injuries. Signs and symptoms, treatment, and adapted activities will be given for the minor injuries. Fall and Winter term.

- PE 243 HEALTH & SAFETY EDUCATION (3-0) 3
Modern health problems, aspects of disease, mental health, drugs, nutrition, school health, safety and accident prevention, curriculum development, and legal aspects of school health and safety education. Fall term.
- PE 254 ADAPTIVE PHYSICAL EDUCATION (2-0) 2
Analysis and methods of correction of individual postural, physical, and mechanical deviations; and adaptations of physical education activities for the physically handicapped. Fall term.
Prerequisite: Biol 121, Human Anatomy & Physiology.
- PE 260 ANATOMICAL KINESIOLOGY (2-2) 3
A study of the principles of mechanics and anatomy in relation to human movement. Winter term.
Prerequisite: Biol 121, Human Anatomy & Physiology.
- PE 300 THEORY AND TEACHING OF FOLK AND SOCIAL DANCE (3-0) 3
Course deals with fundamental rhythms, basic structure, and the teaching of folk and social dances. Material presented is for both elementary and secondary school use. Winter term.
- PE 315 RULES AND MECHANICS OF OFFICIATING (2-0) 2
Designed to provide individuals with the skills, knowledge, and techniques necessary to officiate competitive sports. Fall and Winter term.
- PE 350 TESTS AND MEASUREMENTS IN PHYSICAL EDUCATION (3-0) 3
Techniques to determine abilities, needs, placement, and evaluation in the physical education program. Winter term.
- PE 360 PSYCHOLOGICAL KINESIOLOGY (2-2) 3
A study of the physiological components of human movements as they relate to motor performance and the effects of exercise. Fall term.
Prerequisite: Biol 121, Human Anatomy & Physiology.
- PE 370 PHYSICAL EDUCATION IN ELEMENTARY SCHOOL (3-0) 3
The physical and emotional growth and development of elementary school children in relation to physical activities. Organization and administration of the elementary school physical education program plus methods of teaching and evaluation of students. Fall and Winter terms.

- PE 375 **PSYCHOLOGY OF COACHING AND THE CONDUCT OF COMPETITIVE SPORTS** (3-0) 3
Examination of the basic sociological and psychological concepts manifested in coaching as well as the administrative problems confronted by the coach. The techniques, strategy, and principles of selected inter-scholastic sports. Fall and Winter terms.
- PE 480 **ORGANIZATION AND ADMINISTRATION OF HEALTH, PHYSICAL EDUCATION, RECREATION** (3-0) 3
Program building including criteria for the selection of activities and progression, and other factors affecting course of study construction such as facilities, equipment, budget, laws, policies, and professional responsibilities. Fall and Winter terms.
- PE 496 **SEMINAR IN CURRENT ISSUES, TRENDS & PROBLEMS** (2-0) 2
Designed to provide opportunities for analysis, direct discussion, and observation of problems, methods, and techniques in physical education. Fall and Winter terms.
- PE 499 **INDEPENDENT STUDY** 1-3
Individual research is conducted under the supervision of a faculty member. All terms.
Prerequisite: Approval of Department Chairman.

PSYCHOLOGY

John F. Hale, Chairman

Professor Willard O. Bowman; Associate Professors John F. Hale, Frank D. Tikalsky, Edwin W. Wallace; Assistant Professors Nicholas J. Heidy, John P. Murphy, Robert M. Wageman.

Psychology is the study of behavior. The basic problems of the field of psychology are describing, understanding, predicting, and controlling behavior. The curriculum in psychology attempts to expose the student to the approaches taken to these basic problems. He is presented with current research findings and theoretical positions regarding motivation, perception, personality, adjustment, learning, and thinking. He is trained in research procedures, and in the application of psychological principles to the solution of problems of personal and social relevance.

Course offerings are designed to serve three purposes: (1) to give students an insight into human behavior and thus prepare them to live a more productive and enjoyable life; (2) to meet needs of students planning to enter vocations such as teaching, business,

law, or nursing where a psychological understanding is required or desirable; and (3) to prepare students for graduate study in psychology or allied fields such as social work, counseling, or medicine.

COURSE OFFERINGS

- Psych 157 **GENERAL PSYCHOLOGY** (3-0) 3
 An introduction to the scientific study of behavior, the basic learning process, motivation and an introduction to social behavior. Fall, Winter, Summer terms.
- Psych 158 **GENERAL PSYCHOLOGY** (3-2) 4
 An extension of basic principles to the area of complex human behavior. An attempt is made to integrate these principles with other approaches such as that of Freud. Includes basic experimentation in both lectures and laboratory. Fall, Winter, Summer terms.
Prerequisite: Psychology 157.

- Psych 218 PSYCHOLOGICAL FOUNDATIONS OF EDUCATION (3-0) 3
 An introduction to the psychological principles relevant to education. Fall, Winter, Summer terms.
Prerequisite: Psychology 157.
- Psych 219 FOUNDATIONS OF EXPERIMENTAL PSYCHOLOGY (3-2) 4
 Introduction to the basic assumptions, concepts and methodology of experimentation in psychology. Includes a study of general scientific concepts, definition of terms, measurement, techniques of observation and experimental design. Laboratory designed to provide skill in implementing simple experiments in various psychological fields. Fall term.
Prerequisite: Psychology 158.
- Psych 225 PRINCIPLES OF OPERANT BEHAVIOR (3-2) 4
 An introduction to the experimental analysis of human and animal behavior. The student will learn basic operant conditioning methodology and apply operant principles to problems of everyday life. An applied psychology course suitable for education and other non-psychology majors as well as psychology majors. Winter term.
Prerequisite: Psych 157.
- Psych 228 INDUSTRIAL PSYCHOLOGY (3-0) 3
 An introduction to the application of Psychology to the industrial environment, including personnel recruitment and selection, job analysis, supervisory practices, training, systems design, decision making, and organizational theory. Winter, alternate years.
- Psych 241 RESEARCH METHODS IN PSYCHOLOGY (3-0) 3
 Introduces the student to concepts and techniques employed to gather data of a psychological nature from field, survey, testing instrument, and laboratory sources. Establishes familiarity with and application of techniques used to order, analyze, and interpret behavior data. Fall, Summer terms.
Prerequisite: Psych 158, Math 201.
- Psych 242 PSYCHOLOGICAL TESTING (3-0) 3
 Introduces student to the area of psychological tests and measurements, providing training in the concepts and application of intelligence tests, personality inventories, projective techniques, aptitude and interest scales. Winter, Summer terms.
Prerequisite: Psych 241.

- Psych 254 DEVELOPMENTAL PSYCHOLOGY (3-0) 3
 Principles of development in childhood and adolescence. Fall, Summer terms.
Prerequisite: Psychology 158 or Psychology 218 or consent of instructor.
- Psych 327 PHYSIOLOGICAL PSYCHOLOGY (3-2) 4
 Study of basic neuroanatomy, neurophysiology, and other physiological variables in the prediction and understanding of behavior. Attention will be paid to contemporary and classical research. Winter, alternate years.
Prerequisite: Psychology 219 or consent of instructor.
- Psych 365 PSYCHOLOGY OF LEARNING (3-2) 4
 The conditions of learning in animals and men as found in the experimental literature. Fall, Summer terms.
Prerequisite: Psychology 158 or Psychology 218 or consent of instructor.
- Psych 368 CULTURE AND PERSONALITY (3-0) 3
 (Same as Anthropology 368)
 A study of the cultural determinants of perception and behavior. Fall, Summer terms.
Prerequisite: Psychology 158 or consent of instructor.
- Psych 385 HISTORICAL INTRODUCTION TO MODERN PSYCHOLOGY (4-0) 4
 A study of the philosophical and scientific antecedents of modern psychology, together with a review of the classical psychological systems and theories from ancient times to the present. Fall term.
Prerequisite: Psych 158 or consent of instructor.
- Psych 387 ABNORMAL PSYCHOLOGY (3-0) 3
 A review of the various models employed in the understanding, prediction and change of disorganized behavior. Winter, Summer terms.
Prerequisite: Psychology 158 or consent of instructor.
- Psych 472 PSYCHOLOGY OF PERSONALITY (3-0) 3
 The psychological and physiological nature of personality. Individual differences, the development of personality. Winter, Summer terms.
Prerequisite: Psychology 158 or consent of instructor.
- Psych 496 SEMINAR (2-0) 2
 Students prepare and present library research papers. Fall, Winter terms.
Prerequisite: Senior standing and permission of instructor.
- Psych 499 INDEPENDENT STUDY 1-3
 Individual research is conducted under the supervision of a faculty member. Fall, Winter terms.
Prerequisite: Approval of Department Chairman.

CENTER OF SOUTHWEST STUDIES

MAJOR IN SOUTHWEST STUDIES

with concentrations in

ANTHROPOLOGY

HISTORY

SPANISH

Robert W. Delaney, Director

SOUTHWEST STUDIES

Professors Robert W. Delaney (Chairman), John C. Ives; Assistant Professor Manuel Rodriguez.

The major in Southwest Studies is an area major made up of courses in history, anthropology, and Spanish, as the central core of the major, plus certain auxiliary courses. All three of these are included in the major to some extent, but there are three separate patterns listed, and the student is to choose one of these for special emphasis. To a considerable extent programs will be tailored to each individual major. A committee of three faculty members, one each from history, anthropology, and Spanish will supervise and advise each major to suit his program to his needs. This major would provide that a student be able to enter a graduate school in the field of his major emphasis, and it is expected that careers in state and local governments would be open to majors in Southwest Studies.

SECONDARY TEACHERS: Majors who intend to teach in the secondary schools in the area of their emphasis will be expected to apply for candidacy in the teacher education program and acquire the necessary credits for certification.

BACHELOR OF ARTS DEGREE WITH A MAJOR IN SOUTHWEST STUDIES — HISTORY EMPHASIS

General Studies 41

New Mexico; Ed.D., University of Southern California.

ACADEMIC FACULTY

1971 - 72

(Date after title indicates when employment began
at Fort Lewis College)

- ABE, PAUL B.** Instructor of Speech and Theatre (1971)
B.A., University of Northern Colorado,
1965
M.A., Purdue University, 1969
- ADMIRE, ALICE K.** Asst. Professor of English (1956)
B.S., Colorado State University, 1939
M.A., Western State College, 1962
- ANDERSON, BERNARD E.** Assoc. Professor of Business Adm.
(1971)
B.S., Arizona State College, 1960
M.A., University of Arizona, 1961
Ph.D., The Ohio State University, 1964
- ANDERSON, DALE** Director of Cooperative Education
(1971)
B.A., Antioch College, 1965
- ANDERSON, RICHARD DEE** Asst. Professor of Mathematics (1965)
(on leave 1971-72) B.S., Baker University, 1958
MNS, Arizona State University, 1963
Further graduate study, University of
Illinois

- ARVISO, KATHRYN Instructor-Counselor, Ford Foundation Project (1971)
B.S., University of New Mexico
Further graduate work, University of New Mexico
- ASH, JAMES K. Instructor of History (1970)
B.A., University of California (Berkeley) 1967
M.A., Harvard University, 1970
- ATENCIO, LEONARD D. Asst. Professor of Economics and Business Administration, (1968)
B.A., Fort Lewis College, 1964
Ph.D., Kansas State University, 1969
- BAARS, DONALD L. Professor of Geology (1968)
B.S., University of Utah, 1952
Ph.D., University of Colorado, 1965
- BASS, DAVID J. Asst. Professor of Political Science (1970)
B.Sc., Ohio State University, 1943
M.A., University of Chicago, 1947
Further graduate study, University of Chicago
- BELARDE, LINDA Instructor, Intercultural Program (1971)
B.A., University of Washington, 1969
M.Ed., University of Washington, 1971
- BERG, DAVID Assoc. Professor of Speech (1953)
B.A., Colorado College, 1951
M.S., University of Utah, 1952
Further graduate work, University of Oregon and Stanford University
- BERNDT, REXER President (1969)
B.S., University of Denver, 1949
M.B.A., University of Denver, 1950
Ph.D., University of Colorado, 1955
- BIRD, G. LEONARD Assoc. Professor of English (1969)
B.A., San Diego State College, 1961
M.A., University of Utah, 1963
Ph.D., University of Utah, 1969
- BOUMAN, MICHAEL H. Instructor of Music (1970)
B.A., Pennsylvania State University, 1967
M.F.A., Pennsylvania State University, 1969
- BOWMAN, FRANK O., JR. Professor of Geology (1959)
A.B., Williams College, 1941
B.S., University of North Carolina, 1942
Ph.D., University of North Carolina, 1954

- BOWMAN, WILLARD O. Professor of Psychology (1958)
 B.A., Berea College, 1931
 B.Eng., I.T.I., University of Chicago, 1933
 M.A., University of Colorado, 1958
 Ed.D., University of Colorado, 1965
- BRINTNALL, ARTHUR K. Professor of Business Administration;
 Director, School of Business Administration (1970)
 A.B., Denison University, 1935
 Graduate Study, The Johns Hopkins University, 1935-37
 Ph.D., University of California at L.A., 1939
- BROCHU, EDITH W. Asst. Professor of Education (1970)
 B.S., University of Kansas, 1951
 M.A., University of Northern Colorado, 1967
 Ed.D., University of Northern Colorado, 1970
- BUSHNELL, DONALD D. Assoc. Professor of Mathematics (1960)
 B.S., Kearney State College, 1951
 M.A., University of Northern Colorado, 1957
 Ed.D., University of Northern Colorado, 1969
- CANTILLANO, ODILIE Instructor of Spanish (1971)
 B.A., West Virginia University, 1943
 M.A., West Virginia University, 1958
 Further graduate work, University of Arizona
- CAPP, CLIFFORD B. Instructor of Mathematics, Intercultural Program (1970)
 B.S., Colorado State University, 1962
 M.S., Colorado State University, 1969
- CHAVEZ, CONRAD L. Director, PIEDAD (1971)
 B.A., Colorado State University, 1968
- COBURN, MARK D. Asst. Professor of English (1971)
 A.B., University of Chicago, 1963
 M.A., Stanford University, 1966
 Ph.D., Stanford University, 1969
- COE, WILLIAM J. Assoc. Professor of Philosophy (1971)
 A.B., Dartmouth College, 1957
 M.A., Vanderbilt University, 1959
 Ph.D., The Pennsylvania State University, 1967
- COPPIN, CLAYTON A. Instructor of History (1972)
 B.S., University of Utah, 1964
 M.A., University of Utah, 1970
 Further graduate work, University of Utah

- CORDILL, MARY KAY Instructor of Sociology (1970)
B.A., University of Kansas, 1965
M.A., University of Kansas, 1969
Further graduate work, University of
Kansas
- COX, BILLIE DON Asst. Professor of Accounting and Busi-
ness Administration (1968)
B.B.A., Baylor University, 1961
M.B.A., Baylor University, 1968
C.P.A., Colorado, September, 1965
- CULLEN, LOUIS C. Assoc. Professor of Physical Education
(1963)
B.S., University of New Mexico, 1948
M.A., University of New Mexico, 1952
- DECKER JAMES C. Asst. Professor of Political Science (1966)
B.A., University of Illinois, 1953
M.A., University of Colorado, 1963
Ph.D., University of Colorado, 1966
- DELANEY, MARIA Assoc. Professor of Foreign Languages
(1958)
Akademischer Ubersetzer, University of
Heidelberg, 1955
Diplom-Dolmetscher, University of
Heidelberg, 1956
- DELANEY, ROBERT W. Professor of History and Southwest
Studies; Director, Center of Southwest
Studies (1957)
B.S., Northeast Missouri State College,
1948
A.B., Northeast Missouri State College,
1948
M.A., University of New Mexico, 1950
Ph.D., University of New Mexico, 1955
- DESIMPLAIRE, LUCIENNE Asst. Professor of French (1967)
Diploma Brussels Conservatory, 1945
B.M., University of Wyoming, 1964
M.A., University of Wyoming, 1965
M.A., University of Colorado, 1967
- DEVER, JOHN E., JR. Asst. Professor of Botany (1967)
B.S., Rutgers University, 1960
M.S., Oregon State University, 1962
Ph.D., Michigan State University, 1967

- DIN, GILBERT C. Assoc. Professor of History (1965)
A.A., Imperial Valley College, 1951
A.B., University of California, Berkeley,
1957
M.A., University of California, Berkeley,
1958
Doctor en Filosofia y Letras, University
of Madrid, 1960
- DOWNEY, RALPH A. Asst. Professor of Music (1969)
B.S., Lebanon Valley College, 1949
M.M., University of Montana, 1965
Further graduate study, University of
Montana
- DUBOIS, EDWARD N. Assoc. Professor of Business & Economics
(1968)
B.A., University of Wyoming, 1946
M.B.A., University of Pennsylvania, 1948
Further graduate study, University of
Pennsylvania
- ECKENRODE, THOMAS R. Asst. Professor of History (1969)
A.B., St. Vincent College, 1958
M.A., University of Colorado, 1964
Ph.D., St. Louis University, 1970
- ELLINGSON, JACK A. Asst. Professor of Geology (1970)
B.S., University of Washington, 1958
M.S., University of Washington, 1959
Ph.D., Washington State University, 1968
- ENGLEHART, STANTON Assoc. Professor of Art (1961)
B.F.A., University of Colorado, 1960
M.F.A., University of Colorado, 1968
- ENGMAN, BILL D. Assoc. Professor of Education (1970)
B.A., Eastern New Mexico University,
1957
M.N.S., Eastern New Mexico University,
1963
Ed.D., University of New Mexico, 1966
- ERICKSON, JAMES G. Assoc. Professor of Biology (1964)
B.A., Doane College, 1950
M.S., Iowa State University, 1951
Ph.D., University of Wyoming, 1964
- FITZGERALD, JAMES G. Instructor of Spanish (1970)
B.A., University of Notre Dame, 1961
M.A., University of Wyoming, 1966
- FOX, MAYNARD Professor of Literature (1964)
A.B., Fort Hays Kansas State College,
1937
M.S., Fort Hays Kansas State College,
1939
Ph.D., University of Colorado, 1963

- FREIENMUTH, EDWARD S. Asst. Professor of Economics and Business (1969)
J.D., University of Colorado, 1949
C.P.A., Colorado, October, 1964
- FRIEDLAND, SHERMAN Asst. Professor of Music (1969)
B.M., New England Conservatory of Music, 1960
Diploma Cum Laudes, Conservatoire Americain, 1960
Master of Music, University of Massachusetts, 1967
- FULLER, MARTIN Assoc. Professor of Chemistry (1971)
B.S., University of California (LA), 1952
Ph.D., Massachusetts Institute of Technology, 1956
- GIBBONS, DANIEL E. Asst. Professor of Physics (1968)
B.S., University of Houston, 1964
M.S., University of Houston, 1967
Ph.D., University of Houston, 1969
- GIBBS, RICHARD A. Asst. Professor of Mathematics (1971)
B.A., Michigan State University, 1964
M.S., Michigan State University, 1965
Ph.D., Michigan State University, 1970
- GIERSCH, MARVIN L. Asst. Professor of Physical Education (1970)
B.S., Ft. Hays Kansas State College, 1959
M.S., Baylor University, 1960
Ed.D., University of Northern Colorado, 1970
- GOBBLE, RICHARD L. Assoc. Professor; Director of Library (1967)
B.S.B.A., University of Denver, 1948
M.A., University of Denver, 1950
Further graduate work, University of Denver and University of Northern Colorado
- GOODWIN, LEROY W. Assoc. Professor of Government (1957)
B.A., University of Colorado, 1947
M.A., University of Colorado, 1955
Ph.D., Columbia University, 1970
- GRAHAM, REGINALD A. Assoc. Professor of Business Adm. (1971)
B.S., Miami University, 1955
M.B.A., Kent State University, 1958
Ph.D., Case Western Reserve University, 1970

- GREFSRUD, GARY W. Asst. Professor of Mathematics (1971)
B.S., Montana State College, 1960
M.S., Montana State College, 1962
Further graduate study, Montana State
College
- HALE, JOHN F. Assoc. Professor of Psychology (1970)
A.B., Brown University, 1957
M.A., Brown University, 1959
Ph.D., Carnegie-Mellon University, 1963
- HAMILTON, RODNEY D. Asst. Professor Chemistry (1969)
B.S., Marietta College, 1960
Ph.D., Indiana University, 1964
University of Heidelberg, 1964-65
- HARRISON, EDWARD MERLE
Assoc. Professor of Chemistry (1968)
B.S., Brigham Young University, 1955
M.S., Colorado State University, 1957
Ph.D., Colorado State University, 1960
- HAYES, WILLIAM E. Instructor of Physical Education (1971)
B.S., University of New Mexico, 1962
M.A., University of New Mexico, 1968
- HEIDY, NICHOLAS J. Asst. Professor of Psychology (1962)
A.B., Adams State College, 1962
M.A., Adams State College, 1964
Ed.D., University of Northern Colorado,
1971
- HOLDERNESS, AUBREY E. Asst. Professor of Business Education
(1965)
B.A., Adams State College, 1962
M.A., Adams State College, 1965
Further graduate study. University of
Northern Colorado
- HOLES, DONALD E. Asst. Professor of Education (1971)
A.B., University of Northern Colorado,
1962
M.A., University of Northern Colorado,
1966
Ed.D., University of Northern Colorado,
1971
- HULBERT, KATHARINE W. Asst. Professor of Anthropology (1969)
B.A., University of Colorado, 1949
M.A., University of Colorado, 1966
Ph.D., University of Colorado, 1970
- IVES, JOHN C. Professor of Anthropology (1966)
B.A., State University of Iowa, 1954
A.M., State University of Iowa, 1956
Ph.D., Harvard University, 1960

- JOHNS, MYRON W. Asst. Professor of Education (1970)
B.S., Kansas State College, 1960
M.S., Kansas State College, 1966
Ed.D., University of Wyoming, 1970
- JOHNSON, LARRY S. Asst. Professor of Mathematics (1970)
B.A., Western State College of Colorado,
1964
M.S., University of Wyoming, 1966
Ph.D., University of Wyoming, 1969
Director, School of Arts and Sciences;
Professor of History (1970)
B.A., Carroll College, 1947
M.A., The University of Chicago, 1949
Ph.D., The University of Chicago, 1954
- JONES, ARCHIE H. Asst. Professor of English (1967)
B.A., University of Michigan, 1956
M.A., Northern Arizona University, 1963
Diploma for Advanced Graduate Studies,
Michigan State University, 1970
- JONES, ROLAND C. Assoc. Professor of Business (1963)
B.S., Southwestern State College of
Oklahoma, 1959
M.S., Oklahoma State University, 1961
C.P.A., 1962
Further graduate work, Oklahoma State
University
- KAUFMAN, JERRY M. Asst. Professor of Biology (1967)
A.B., University of Calif., Santa Barbara,
1961
Ph.D., University of California, Berkeley,
1968
- KEATOR, RICHARD G. Instructor of History (1971)
B.A., Eastern Washington State College,
1964
M.A., University of Washington, 1967
Further graduate study, University of
Washington
- KORNS, RICHARD F. Asst. Professor of English and Journalism
(1966)
A.B., University of Pennsylvania, 1930
Bach. of Journalism, University of
Missouri, 1931
M.A., University of Minnesota, 1955
- KUSS, ADOLPH M., JR. Assoc. Professor of Physical Education
(1964)
Ski Coach
B.A., Western State College of Colorado,
1952
M.A., Western State College of Colorado,
1964

- LANGE, DONALD N. Assoc. Professor of Education (1971)
B.S., University of Minnesota, 1959
M.A., The University of New Mexico, 1963
Ed.D., The University of New Mexico,
1968
- LAUEN, ROGER J. Instructor of Sociology (1971)
B.A., University of Minnesota, 1965
University of Madrid, 1962—certificate
Further graduate work, University of
Colorado
- LIU, ESTHER T. C. Asst. Professor; Librarian (1963)
B.A., National Fu Tah University, 1944
M.A., University of Minnesota, 1953
M.A., University of Denver, 1954
Further graduate work, UCLA and
University of Northern Colorado
- MALSTEAD, ROGER H. Instructor of English, Intercultural
Program (1970)
B.A., Haigazian College, Beirut, 1968
M.A., University of California (L.A.),
1970
- MARQUISS, ROBERT Asst. Professor of Range Management
(1966)
B.S., University of Wyoming, 1956
M.S., University of Wyoming, 1957
Ph.D., University of Arizona, 1967
- MCNITT, JOHN B. Instructor of Physical Education (1970)
Football Coach
B.S., University of New Mexico, 1962
M.A., University of New Mexico, 1968
- MILLS, LEON Instructor of Agriculture, MDTA
Program (1970)
B.S., Colorado State University, 1954
M.S., Colorado State University, 1956
- MOTSCH, ROBERT L. Asst. Professor of Mathematics; Director,
Computer Center (1969)
B.S., Montana State University, 1959
M.S. in Systems Analysis, West Coast
University, 1967
- MURPHY, JOHN P. Asst. Professor of Psychology; Counselor
(1970)
B.A., University of South Carolina, 1959
M.A., University of Kentucky, 1961
Ed.D., Indiana University, 1967
- NYIKOS, MICHAEL S. Dean of Students; Asst. Professor of
Education (1970)
B.A., New Mexico Highlands University,
1958
M.A., The University of Michigan, 1960
Ph.D., The University of Michigan, 1970

- O'KEEFE, RALPH DALE Assoc. Professor of English (1965)
B.A., Loyola University, 1938
M.F.A., Yale University, 1947
- OLIVER, CHARLES Director of Intercultural Program (1971)
B.A., Grand Canyon College, 1958
M.A., Arizona State University, 1967
- OVERCAST, LAWRENCE D. Instructor of Physical Education;
Basketball Coach (1970)
B.S., West Texas State University, 1956
M.Ed., West Texas State University, 1967
- OWEN, HERBERT E. Professor of Biology (1955)
B.S., University of Tulsa, 1950
M.S., Oregon State College, 1953
Ph.D., Oregon State College, 1957
- PEASE, JOSEPH M. Professor of Physical Education;
Director of Athletics (1970)
B.A., Central Washington State College,
1947
M.A., Teachers College, Columbia Uni-
versity, 1950
Ed.D., Teachers College, Columbia Uni-
versity, 1951
- PERALA, RODNEY Instructor of Engineering (1971)
B.S., University of Minnesota, 1965
M.S.E.E., University of Minnesota, 1966
Ph.D., University of Denver, 1971
- PERIMAN, KENNETH I. Assoc. Professor of English (1962)
B.A., University of Colorado, 1951
M.A., University of Colorado, 1953
Further graduate work University of
Colorado
- PETERSON, CARROLL V Professor of English (1968)
B.S., University of Minnesota, 1958
M.A., University of Iowa, 1959
Ph.D., University of Iowa, 1963
- PHILLIPS, W. WENDELL Assoc. Professor of English (1961)
B.A., Iowa State Teacher's College, 1939
M.A., Western State College of Colorado,
1958
Ed.D., University of New Mexico, 1968
- PIXLER, PAUL W. Dean of Faculty; Professor of Philosophy
(1967)
A.B., Kletzing College, 1944
B.D., Asbury Theological Seminary, 1947
S.T.M., Harvard University, 1949
Ph.D., Boston University, 1958
- REBER, MICK Asst. Professor of Art (1968)
B.F.A., Brigham Young University, 1966
M.F.A., Brigham Young University, 1968

- RECHARD, OTTIS H. Visiting Professor of Mathematics (1967)
 A.B., Gettysburg College, 1916
 M.A., Gettysburg College, 1918
 Ph.D., University of Wisconsin, 1930
- REEDER, RAY M. Assoc. Professor of History (1966)
 B.S., Utah State University, 1939
 M.S., Utah State University, 1957
 Ph.D., Brigham Young University, 1966
- REID, CHARLES H., JR. Asst. Professor of Education; Director of
 Admissions and Records (1950)
 A.B., Montclair State College, 1948
 M.Ed., University of Colorado, 1949
 Further graduate study, University of
 Northern Colorado
- RICHES, SUSAN M. Instructor of Anthropology (1971)
 B.A., Eastern N.M. University, 1964
 M.A., University of Wisconsin, 1970
 Further graduate study, University of
 Wisconsin
- RODRIGUEZ, MANUEL A. Asst. Professor of Spanish (1965)
 B.A., Union College, Schenectady, N.Y.,
 1947
 M.A., University of Texas at El Paso, 1964
 Ph.D., University of Madrid, 1970
- ROHDE, OTTO J. Asst. Professor of Engineering (1964)
 B.S., U.S. Military Academy, 1935
 M.S. in C.E., Mass. Institute of Tech-
 nology, 1937
- ROSENBERG, HARRY C. Asst. Professor of Mathematics (1964)
 B.A., University of Northern Colorado,
 1956
 M.A., University of Northern Colorado,
 1957
 M.A., University of Illinois, 1964
 Further graduate work, N.M. State
 University
- ROSS, ARLAN K. Instructor in Chemistry (1969)
 B.S., Winona (Minn.) State College, 1960
 M.S., Mankato State College, 1969
- SACKETT, JUDY ANNE Instructor; Librarian (1970)
 B.A., University of California (LA), 1967
 M.L.S., University of Denver, 1969
- SEALE, CAROL M. Instructor in Women's Physical
 Education (1969)
 B.A., Carroll College, 1962
 M.A., University of Northern Colorado,
 1968

- SHIPPS, HARROLD S., JR. Assoc. Professor; Librarian (1970)
B.S., (Ed.) Bridgewater State College,
1949
M.Ed., Bridgewater State College, 1960
M.S.P.A., George Washington University,
1964
M.A., University of Denver, 1967
Ph.D., University of Denver, 1969
- SMAGALA, SANDRA Instructor; Librarian (1969)
B.A., Western State College, 1964
M.A., University of Denver, 1967
- SMITH, DUANE A. Assoc. Professor of History (1964)
B.A., University of Colorado, 1959
M.A., University of Colorado, 1961
Ph.D., University of Colorado, 1964
- SMITH, GEORGE H. Asst. Professor of Education (1972)
B.A., Arizona State University, 1952
M.Ed., Brigham Young University, 1956
Ed.D., Arizona State University, 1967
- SOMERS, LEE P. III Instructor in Biology (1969)
B.S., Wake Forest University, 1967
M.A., University of Colorado, 1969
Ph.D., University of Colorado, 1971

Fort Lewis College has placed more skiers on the United State's Nordic Combined Olympic team than any other college.

At the Winter Olympics at Sapporo, Japan, there were four members of the United States' Nordic Combined Ski team who were either students or alumni of Fort Lewis. They are Jim Miller, Mike Devecka, Larry Martin and Mike Elliott. As recognition of the college's international reputation in skiing, Dolph Kuss, the FLC ski coach, was the head coach of the Nordic Combined Ski team at Sapporo. Other FLC skiers are on the United States ski team. The campus is only 35 minutes away from the Purgatory Ski area, site of FLC's ski classes which are part of its physical education program.
